Booktalking Nonfiction Jennifer Bromann-Bender,2013-12-20 Booktalking Nonfiction: 200 Sure-Fire Winners for Middle and High School Readers will provide an introduction to selecting and writing booktalks for nonfiction books with a focus on unique informational texts and biographies and autobiographies. A booktalk is a summary of a book presented in a way that would interest someone in reading the book described. Why non-fiction? Because the Common Core Standards Initiative, which most states have adopted, requires that 70% of the materials students read be from the category of informational texts it is especially important to focus on nonfiction when sharing books with students. Here's everything you need to do just that. Chapters cover selecting, writing, preparing, and presenting booktalks, special tips for high-interest, low-level books, and using non-fiction in the library and the classroom. Two hundred ready-to-present booktalks arranged by genre are also included. Genres include animals, famous people, sports, crime and serial killers, movies and television, religion, war, history, and the supernatural.

**Forensic Science in Contemporary American Popular Culture** Lindsay Steenberg,2013-01-04 This book identifies, traces, and interrogates contemporary American culture's fascination with forensic science. It looks to the many different sites, genres, and media where the forensic has become a cultural commonplace. It turns firstly to the most visible spaces where forensic science has captured the collective imagination: crime films and television programs. In contemporary screen culture, crime is increasingly framed as an area of scientific inquiry and, even more frequently, as an area of concern for female experts. One of the central concerns of this book is the gendered nature of expert scientific knowledge, as embodied by the ubiquitous character of the female investigator. Steenberg argues that our fascination with the forensic depends on our equal fascination with (and suspicion of) women's bodies—with the bodies of the women investigating and with the bodies of the mostly female victims under investigation.

**Wicked Fun** Dave Pasquantino,2025-05-13 Jane Hawkins bakes cookies for the church fundraiser, compliments your new curtains, and knows exactly how long it takes to dissolve a body in lye. She's your friendly neighborhood widow — charming, chatty, and terrifyingly efficient when it comes to murder. Twenty years ago, Jane was the East Coast's most prolific serial killer. These days, she's still living on Cape Cod, trading corpses for cozy mysteries and bloodstains for book tours. Retirement has been... fine. A little dull. Very beige. But when a cocky true crime podcaster starts connecting the dots on her

past, and a mysterious copycat starts reenacting her signature kills, Jane realizes she has a problem. Several, actually. Now she's stuck playing mentor to a man she should probably murder, tracking a killer who's clearly a fan but lacks finesse, and trying very hard not to fall back into old habits. Spoiler: She's not trying that hard. The bodies are piling up. The questions are getting uncomfortable. And Jane's golden years are looking increasingly... red. *Wicked Fun* by Dave Pasquantonio is a razor-sharp thriller for fans of dry martinis, dark secrets, and delightful sociopaths. If Jessica Fletcher had a body count and zero patience, her name would be Jane Hawkins.
