IRENE. SOLA

Translation Studies and Ecology Maria Dasca, Rosa Cerarols, 2024-03-29 This innovative collection explores the points of contact between translation practice and ecological culture by focusing on the relationship between ecology and translation. The volume's point of departure is the idea that translations, like all human activities, have a relational basis. Since they depend on places and communities to which they are addressed as well as on the cultural environment which made them possible, they should be understood as situated cultural practices, governed by a particular political ecology. Through the analysis of phenomena that relate translation and ecological culture (such as the development of ecofeminism; the translation of texts on nature; translation in postcolonial contexts; the role of dialect and minority languages in literary translation and institutional language policies and the translation of texts on migration) the book offers interpretive models that contribute to the development of eco-translation. The volume showcases a comparative and interdisciplinary approach to an emerging disciplinary field which has gained prominence at the start of the 21st century, and places special emphasis on the perspective of gender and linguistic diversity across a wide range of languages. This book will be of interest to students and scholars in translation studies, linguistics, communication, cultural studies, and environmental humanities.

Canto jo i la muntanya balla Irene Solà, 2019

WHEN I SING, MOUNTAINS DANCE. IRENE. SOLA, 2022

When I Sing, Mountains Dance Irene Solà, 2022-03-15 Solà's vivid and magical tale, winner of the European Union Prize, brings to life a small Pyrenees village. The story begins when a farmer is killed by a lightning strike during a storm, leaving his wife, Si?, a widowed mother to a daughter, Mia, and a two-month-old son, Hilari. When Mia grows up, she falls in love with Jaume, the son of Giants, who are stigmatized for their size as well as lack of education and rough manner. After Jaume accidentally kills Hilari in a hunting accident, he's jailed while he awaits his trial for murder, and Mia is left alone to live her life in the mountains with her dog. Woven throughout are the voices of a roe deer, witches, a bear (tremble in fear, men who killed us), and Mia's dog. The mountains are heard from as well, alongside geological sketches, creating a multilayered and lush array of perspectives (My slumber is so deep that it slips beneath the seas, says a mountain). In language at turns poetic and stark, Solà offers a fresh and mythic work that fully reckons with the beauty and savagery of a landscape.

Io canto e la montagna balla Irene Solà,2020-08-27T00:00:00+02:00 Per primi arrivano la tempesta e il fulmine che uccide Domènec, il poeta contadino. Quindi entra in scena Dolceta, che racconta la storia di quattro donne impiccate come streghe. Poi c'è Sio, costretta ad allevare i figli da sola tra i monti di Matavaques. E ancora le "trombe dei morti", i funghi che con il loro cappello nero e succulento celebrano l'immutabilità del ciclo della vita. * Irene Solà ha scritto un romanzo in cui prendono voce donne e uomini - ma anche fantasmi e diavoli, nuvole e piante, cani e uova - che si trovano a convivere nei Pirenei. Una terra di confine sui cui aleggia il ricordo di secoli di lotte per la sopravvivenza, persecuzioni guidate dal fanatismo, guerre fratricide, e tuttavia incarna una bellezza che non ha bisogno di aggettivi. Terreno fertile per liberare il desiderio di raccontare storie. Un posto per immaginare che la morte, come la vita, non è mai qualcosa di definitivo.
