España en su cine. Aprendiendo sociología con películas españolas Rodríguez Díaz, Álvaro, 2015-04-10 Los guiones de una película, aun siendo ficciones, se inscriben en lo cotidiano y nos facilitan un retrato imaginario de lo real, de la vida misma. Y su proyección en la pantalla nos permite interpretar a la sociedad con argumentos dialécticos, gracias a las imágenes y a las relaciones sociales que construyen los actores, con sus diálogos y silencios. Los autores son profesores en el área de las ciencias sociales procedentes de diferentes universidades que abordaron diferentes variables de la desigualdad: economía, género, migración, nacionalismo, salud, educación, etc. La idea original fue explicar lecciones de sociología a estudiantes universitarios recurriendo al visionado de películas que se ambientaban en problemáticas sociales. El cine español es un excelente filón cultural para expresar cómo evolucionan los conflictos sociales en la sociedad. Nuestro propósito es humilde aunque deseamos alimentar el sano debate sobre las sombras de las desigualdades sociales que las

sucesivas cúpulas del poder en España no resolvieron, y cómo esa larga inestabilidad, personal, familiar y colectiva, aparece artísticamente representada en el cine de producción nacional.

Latin American Perspectives on Civil-Military Relations today Jose Manuel Ugarte, Bertha Judit Garcia Gallegos, 2025-07-25 This edited volume discusses civil-military relations in Latin America. Written by regional experts, the chapters take a multifaceted approach, combining a general overview of the situation in the region, a historical analysis of its evolution and its causes, and an in-depth analysis of national cases: Argentina, Brazil, Chile, Colombia, Ecuador, Uruguay and Venezuela. The case studies examine power relations between armed forces and their respective governments—comparing the degree to which governments exercise political leadership, direction, supervision, and control over the armed forces and the degree of interference of armed forces in aspects of the State unrelated to traditional military missions of protection of sovereignty, independence, and territorial integrity against external aggressions. Giving a nuanced view of a complex problem that continues to have a strong impact on political stability, human rights, and the quality of life in the region, the book will be of particular interest to researchers and students of international relations, Latin American politics, defense, and security studies.

Salud familiar y enfermería Patricia Casasa García, Evertina Ramírez Díaz, Rocío del Carmen Guillén Velasco, 2016-08-31 Dentro del proyecto PAPIME se propuso la elaboración de un libro que reuniera los diversos enfoques y temas que debe abordar el profesional de enfermería para el estudio de la salud familiar, de esta manera se comenzó la búsqueda de material idóneo que sirviera para la producción de diversos capítulos. La insuficiente definición actual del papel de la enfermera en atención primaria y salud familiar queda patente ante la inexistencia de protocolos clínicos específicos e indicadores derivados de ellos que le permitan planificar, gestionar y evaluar de forma adecuada a las familias. Por eso, el desarrollo de la formación de enfermeras en atención primaria, salud familiar y comunitaria juega un papel fundamental ahora y en los próximos años. La salud familiar se considera como un enfoque conceptual y metodológico que posibilita la transformación de servicios, desarrollo de equipos de salud y aumento de la atención integral efectiva a los usuarios y sus familias. El reto de los profesionales, como la enfermera, es el compromiso con la innovación y el cambio en la prestación de servicios de salud en cobertura y calidad de atención. La atención familiar y comunitaria es aquella que presta un conjunto de servicios profesionales que, desde una situación de proximidad a la población, enfoca su actuación desde una triple perspectiva: personal, familiar y colectiva, con una orientación estratégica hacia la mejora de la salud a través del abordaje de los problemas y necesidades existentes. La atención familiar y comunitaria se desarrolla de manera principal en la atención primaria a la salud (APS) y constituye su elemento nuclear de intervención.

Critical Approaches to Institutional Translation and Interpreting Esther Monzó-Nebot, María Lomeña-Galiano, 2024-03-12 This collection re-envisioning the academic study of institutional translation and interpreting (ITI),

uncovering the ways in which institutional practices have inhibited knowledge creation and encouraging stakeholders to continue to challenge the assumptions and epistemics which underpin the field. ITI is broadly conceived here as translation and interpreting delivered in or for specific organizations and institutional social systems, spanning national, supranational, and international organizations as well as financial markets, universities, and national courts. This volume is organized around three sections, which collectively interrogate the knower – the field itself – to engage in questions around “how we know what we know” in ITI and how institutions have contributed to or hindered the social practice of knowledge creation in ITI studies. The first section challenges the paths which have led to current epistemologies of ignorance while the second turns the critical lens on specific institutional practices. The final section explores specific proposals to challenge existing epistemologies by broadening the scope of ITI studies. Giving a platform to perspectives which have been historically marginalized within ITI studies and new paths to continue challenging dominant assumptions, this book will appeal to scholars and policymakers in translation and interpreting studies.

NEW STUDIES ON CIVIL-MILITARY RELATIONS AND DEFENSE POLICY IN BRAZIL ED.1 Octavio Amorim Neto, 2023-01-04 After one of the longest military regimes in Latin America's history, Brazil transitioned to democracy in 1985. It was inevitable that, from then on, the political power of the military would decline. However, the extent to which the country's armed forces would eschew politics was never clear, given the vast role it had always played in domestic affairs since the onset of the republic in 1889.

Diálogo Interreligioso en Argentina Nancy Falcón, 2023-09-22 Todos reconocemos la importancia del diálogo como método de resolución de conflictos. En Argentina, el diálogo interreligioso es un valor en sí mismo que puede ser fuente de inspiración para toda la región latinoamericana y convertirse en el factor clave para crear acuerdos presentes y futuros, tanto a nivel social como político. Diálogo Interreligioso en Argentina: historia, testimonios y herramientas para construir la paz, nace gracias a una iniciativa del Centro de Diálogo Intercultural Alba en el marco de las becas Microgrants otorgadas por el Centro Internacional Rey Abdullah bin Abdulaziz para el Diálogo Interreligioso e Intercultural (KAICIID), como parte del International Fellow Program. Cuenta con el apoyo de instituciones como OnePeace y Anu-Ar las cuales, poseen un profundo compromiso con el estudio y las acciones que promueven el diálogo y la paz. Finalmente, esta obra busca reflejar no sólo la historia y el valor del diálogo interreligioso en Argentina, sino también los testimonios de quienes son sus protagonistas: líderes, actores religiosos y funcionarios públicos que trabajan constantemente en el ámbito de la cooperación y el fortalecimiento de la convivencia, ofreciendo también una guía práctica de herramientas de construcción de paz, a fin de aprender y enseñar un diálogo interreligioso eficaz que celebre la diferencia y construya la paz.

Revista mexicana de sociología Lucio Mendieta y Núñez, 2013

Beyond the Megacity Nadine Reis, Michael Lukas, 2022-03-01 Beyond the Megacity connects and reconnects the global

debate on the contemporary urban condition to the Latin American tradition of seeing, considering, and theorizing urbanization from the margins. It develops the approach of peripheral urbanization as a way to integrate the theoretical agendas belonging to global suburbanisms, neo-Marxist accounts of planetary urbanization, and postcolonial urban studies, and to move urban theory closer to the complexity and diversity of urbanization in the Global South. From an interdisciplinary perspective, *Beyond the Megacity* investigates the natures, causes, implications, and politics of current urbanization processes in Latin America. The book draws on case studies from various countries across the region, covering theoretical and disciplinary approaches from the fields of geography, anthropology, sociology, urban studies, agrarian studies, and urban and regional planning, and is written by academics, journalists, practitioners, and scholar-activists. *Beyond the Megacity* unites these unique perspectives by shifting attention to the places, processes, practices, and bodies of knowledge that have often been neglected in the past.
