LOST and PROFOUND Mark McKirdy, 2015-03-03 'LOST and PROFOUND: The Rejected Book Reviews by Famous People' is a unique and hilarious collection of unpublished book reviews seemingly written by household names who have reached the top in film, television, journalism, science, music, sport, art, business, politics and literature. Included among the 'reviewers' are George W. Bush, David Letterman, Madonna, Gore Vidal, Shirley MacLaine, Arnold Palmer, Elton John, Gloria

Steinem, David Suzuki, Walter Cronkite, Salvatore ‘Sammy the Bull’ Gravano, Jimmy Swaggart and Monica Lewinsky. All the books reviewed are real, and the astonishing diversity of interests of the celebrities demonstrates that shallow perception can never be disguised as deep thought, no matter how cleverly expressed. As revealed in the book’s ‘Introduction’, Mark McKirdy acquired this collection when he successfully bid for a small, dusty box at a Sotheby’s auction in 2013. Upon his return to Oxford University, where he was the anthropologist-in-residence, he opened the box and, like Howard Carter marveling at the treasures he’d just unearthed from Tutankhamun’s tomb in 1922, the author was holding a golden collection of book reviews by many of the world’s most significant people. Each review had apparently been commissioned by the prestigious literary journal, ‘The London Review of Books’ and each, for reasons never revealed, received a soul-crushing rebuff by way of a large, red ‘Rejected’ stamp. As with all well written satire, ‘LOST and PROFOUND’ will give readers pause for thought, seconds for chuckling, minutes of laughing out loud and hours of fun, and if the celebrities mentioned in the book didn’t actually write the reviews cited, they probably wish they had.

More Numbers Every Day Micael Dahlen, Helge Thorbjørnsen, 2023-03-14 Your personal number detox: learn how numbers have taken control of your life—and how to get it back. How many hours of sleep did you get last week? How many steps did you walk today? How many friends do you have? It seems everywhere you go, you’re surrounded by numbers. You depend on them, so you think they’re dependable, neutral, exact. But the truth? Numbers lie. They mislead. They’re tricky, little manipulative devils. And they’re in the process of really messing things up for you. You just don’t know it yet. Today we all strive to quantify everything: calories, likes, website traffic, and even friends. We measure ourselves against others and compare our real experiences to imagined averages. But in our rush to measure, we can lose sight of what matters. From

internationally renowned economics professors Micael Dahlen and Helge Thorbjørnsen, *More Numbers Every Day* is a timely and powerful investigation—and warning—about the trouble numbers can bring us. With groundbreaking, empowering, sometimes frightening, and sometimes funny research, they describe how numbers creep into our heads and bodies, affecting how we think and feel. But numbers aren't all bad. Sometimes they make us weaker, but sometimes they also make us stronger. *More Numbers Every Day* is more than just an exploration in to the somewhat mysterious, seemingly infinite pandemic of numbers. It's a numerical vaccination—for a happier and more integrally healthy life.

Beyond the Mayan Prophecy Paul Shavelson, 2012-10-30 ***Featuring contributors such as: John Edward, Char Margolis, Sandy Anastasia, Rick Levine, Glynis McCants, Mark Van Stone, Mary Jo McCabe, Gahl Sasson, Dr. Alicia Tisdale, Maggie Kerr, Kala Ambrose, Mirabai Devi, Linda West, Derek O'Neill, Alan Oken, John Holland and Austyn Wells.*** For the past forty years there have been a growing number of people who believe that nothing less than a cataclysmic change is coming in the evolution of Mankind. From the dawning of the Age of Aquarius to cosmic forces—read Aliens—coming to engineer our DNA, to the doomsday scenarios triggered by the end of the Mayan calendar, there have been those who are sure that the world as we know it is coming to an end. And soon. But that cataclysmic end has not (de)materialized, or has it? In 2012 new data was discovered in Guatemala that gives us concrete evidence of a new paradigm concerning the Mayans and their calendar. We are now faced with the idea that perhaps we aren't staring at Armageddon but stand in the middle of a 33-year transformative process. While the Mayans might have seen a change for humanity it isn't an ending per se. And if there is change, why does that change need to imply destruction? Couldn't it be an opportunity for mankind to assess their place in the universe and engage in a positive rebirth in a new era? *Beyond The Mayan Prophecy* posits that our modern day weakness or confusion can be attributed to a less spiritual way of thinking. Perhaps our left side brain thinking has held us back from discovering and accepting higher planetary secrets for centuries. To move forward with more balanced understanding, Paul Shavelson, a multi-media story teller and former Executive Producer of the hit psychic television show *CROSSING OVER*, has spent the last decade exploring the world of psychics and mystics. Paul has assembled a psychic dream team to decode the past and to predict the future. With famed metaphysical experts such as Char Margolis, Rick

Levine, Maggie Kerr, Alan Oken, and Numerologist Glynis McCants, Paul covers everything from alien communication to instant collective thinking (The Collective Unconscious) being cultivated on the internet. The dialogue and interviews will be discussed through sidebars by psychic medium, author, and TV personality, John Edward, who also provides the forward, and afterword of this provocative subject. With positive energy and a willingness to have us think outside the box (and a personal journey by the author that brings an unexpected and moving aspect to the experience), *Beyond The Mayan Prophecy* is an entertaining, thought provoking work that will let the reader embrace why the second half of this transition could be remarkable and inspiring. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Soul Inspirations Lauri Florentine Howell, 2019-03-18 *Soul Inspirations Stories from Inside the White Picket Fence* By: Lauri Florentine Howell *Soul Inspirations* is a book that strives to show people that there is much more to life than we see. If we open our minds, while quieting them at the same time, you will hear the universe speak. But you have to be ready to listen. Life throws curveballs and it was many of these that inspired Lauri Florentine Howell to write each and every one down as a poem in 1998. The author hopes that readers find the poems inspirational and enlightening and that the stories connect with whomever they need to connect with, so that the reader leaves with a higher understanding of life and purpose.
