

Pirates Of Silicon Valley Cast

Alvin H. Marill

Hackers and Hacking Thomas J. Holt, Bernadette H. Schell, 2013-07-19 This book provides an in-depth exploration of the phenomenon of hacking from a multidisciplinary perspective that addresses the social and technological aspects of this unique activity as well as its impact. What defines the social world of hackers? How do individuals utilize hacking techniques against corporations, governments, and the general public? And what motivates them to do so? This book traces the origins of hacking from the 1950s to today and provides an in-depth exploration of the ways in which hackers define themselves, the application of malicious and ethical hacking techniques, and how hackers' activities are directly tied to the evolution of the technologies we use every day. Rather than presenting an overly technical discussion of the phenomenon of hacking, this work examines the culture of hackers and the technologies they exploit in an easy-to-understand format. Additionally, the book documents how hacking can be applied to engage in various forms of cybercrime, ranging from the creation of malicious software to the theft of sensitive information and fraud—acts that can have devastating effects upon our modern information society.

Science Fiction Television Series, 1990-2004 Frank Garcia, Mark Phillips, 2013-09-27 This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular The X-Files to the many worlds of Star Trek (The Next Generation onward), as well as Andromeda, Babylon 5, Firefly, Quantum Leap, Stargate Atlantis and SG-1, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

The Internet and Society Bernadette H. Schell, 2006-12-21 An examination of the social impact of the Internet, this volume explores political, social, technical, legal, and economic controversies in a manner accessible to the general reader. Today more than one billion people worldwide use the Internet for communication, shopping, business, and research. But in the last five years they have lost over \$10 billion to malicious computer attacks alone. Is there a way to keep the benefits and avoid the problems? The Internet and Society: A Reference Handbook explores both the positive aspects of the Internet and its darker side. Topically organized, it chronicles the background and history of the Internet, with a focus on the 1960s and

beyond. Through analysis of the latest research in sociology, political science, economics, law, and computer science, it examines problems, varieties of cybercrime, controversies, and solutions related to the Internet's phenomenal growth. It also illuminates the likely directions of the Internet's future and the ongoing challenges it presents to societies around the globe.

Video Movie Guide 2002 Mick Martin, Marsha Porter, 2001 Always entertaining, witty, and packed with information, the Video Movie Guide has been a perennial bestseller for 17 years. Includes a special section on titles available on DVD.

The Video Movie Guide 2001 Mick Martin, Marsha Porter, 2000 Presents brief reviews of more than nineteen thousand films and other videos that are available at rental stores and through mail order, arranged alphabetically by title; also includes actor and director indexes.

Don't You Forget About Me Jaime Clarke, 2007-03-06 No one captured the teen portion of the eighties as poignantly as writer-director John Hughes. Sixteen Candles, The Breakfast Club, Weird Science, Pretty in Pink, Ferris Bueller's Day Off, and Some Kind of Wonderful are timeless tales of love, angst, longing, and self-discovery that illuminated and assuaged the anxieties of an entire generation. Fondly nostalgic, filled with wit and surprising insights, don't you forget about me contains original essays from a skillfully chosen crop of novelists and essayists on the films' far-reaching effects on their own lives -- an irresistible read for anyone who came of age in the eighties (or just wishes they did). Featuring new writing from: Steve Almond * Julianna Baggott * Lisa Borders * Ryan Boudinot * T Cooper * Quinn Dalton * Emily Franklin * Lisa Gabriele * Tod Goldberg * Nina de Gramont * Tara Ison * Allison Lynn * John McNally * Dan Pope * Lewis Robinson * Ben Schrank * Elizabeth Searle * Mary Sullivan * Rebecca Wolff * Moon Unit Zappa

Movies Made for Television, 1964-2004: 2000-2004 Alvin H. Marill, 2005

International Television & Video Almanac, 2000

The Ridley Scott Encyclopedia Laurence Raw, 2009-09-28 From his first feature film, The Duellists, to his international successes Alien, Blade Runner, Thelma and Louise, Black Hawk Down, Gladiator, and American Gangster, Ridley Scott has directed some of the most compelling films of the last 30 years. Apart from his work as a film director, Scott has engaged in a vast range of activities, including that as a designer, producer, film mogul, and advertising executive. The Ridley Scott Encyclopedia is the first book that focuses on all aspects of his work in a wide-ranging career that spans nearly 50 years. The entries in this encyclopedia focus on all aspects of his work and are divided into four categories. The first focuses on Ridley Scott's work as a director, encompassing his feature films from The Duellists to Body of Lies, as well as his work in television, including commercials. The second category focuses on the people who have been involved in Scott's projects, including actors, directors, producers, designers, writers and other creative personnel. The third focuses on general thematic issues raised in Scott's work, such as gender construction, political issues, and geographical locations. Finally the encyclopedia incorporates entries on films by other directors who have influenced Scott's approach to his work as a director or producer.

Each entry is followed by a bibliography of published sources, both in print and online, making this the most comprehensive reference on Scott's body of work.

TV Guide ,1999

Movies Made for Television, 1964-2004: 1990-1999 Alvin H. Marill,2005

Psychotherapists on Film, 1899-1999 John Flowers,Paul Frizler,2004 How long have psychotherapists been depicted in films? Nearly as long as there have been films -- or psychotherapists, for that matter. This isn't surprising if one considers that the Freudian revolution in psychology and the invention of motion pictures occurred at about the same time. What may be surprising is the sheer number of times that psychotherapists, in their many guises, have shown up in the movies and how their depiction has reflected changing social attitudes about psychotherapy over the last century. This comprehensive worldwide filmography examines over 5000 movies. Films in which mental health professionals appear, or in which others act in that capacity, are listed alphabetically. A preface explains the criteria for a film's inclusion, and a lengthy introduction and guide to the filmography explores the changing social attitudes mirrored by the movies. Appendices list the titles by decade; alternate titles for many films; recent releases; and qualifying adult films. This text refers to Volume 2 of a two-volume set. Volume 2 includes entries from M through Z, the appendices, and index. The complete set can be obtained under ISBN 0-7864-1297-6.

Video Hounds Golden Movie Retrievee Gale Group,Jim Craddock,2000-08 Containing the most extensive listing of movies available on video and a multitude of cross-referencing within its 10 primary indexes, this new edition includes 1,000 new movies (23,000 in all), expanded indexing, a fresh new introduction and more of the beloved categories.

Eugene O'Neill Production Personnel Madeline C. Smith,Richard Eaton,2005 From Broadway to regional and college stages and back again, the plays of Eugene O'Neill have been widely presented to audiences around the world. This work brings together biographical information on more than 3300 individuals who have appeared in or been a part of O'Neill productions. Some came famous to their roles; some used a play as a springboard to success; many had their O'Neill moment and were heard from no more. All--including actors, directors, producers, and other personnel--are listed here. Each entry includes either the role played (for cast members) or the position filled (for crew) and the opening dates and place of the production. Where possible, fuller biographical data, including birth and death dates and information on other performances, is provided. Indexes offer access to titles, characters, and theater names.
