**Sex Is a Funny Word** Cory Silverberg, 2015-07-28 2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the facts of life or "the birds and the bees, *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines sex talk for the twenty-first century.

**A Queer History of Adolescence** Gabrielle Owen, 2020-12-15 *A Queer History of Adolescence* reveals categories of age—and adolescence, specifically—as an undeniable and essential mechanism in the production of difference itself. Drawing from a dynamic and varied archive, including British and American newspapers, medical papers and pamphlets, and adolescent and children's literature circulating on both sides of the Atlantic, Gabrielle Owen argues that adolescence has a logic, a way of thinking, that emerges over the course of the nineteenth century and that survives in various forms to this day. This logic makes the idea of adolescence possible and naturalizes our historically specific ways of conceptualizing time, development, social hierarchy, and the self. Rich in intersectional analysis, this book offers a multifaceted and historicized theory for categories of age that challenges existing methodologies for studying the people called children and adolescents. Rather than offering critique as an end in and of itself, *A Queer History of Adolescence* imagines the world-making possibilities that critique enables and, in so doing, shines a necessary light on the question of relationality in the lived world. Owen exposes the profound presence of history in our current moment in order to transform the habits of mind shaping age relations, social hierarchy, and the politics of identity today.

*Sexuality in Literature for Children and Young Adults* Paul Venzo, Kristine Moruzi, 2021-06-08 Expanding outward from previous scholarship on gender, queerness, and heteronormativity in children's literature, this book offers fresh insights into representations of sex and sexuality in texts for young people. In this collection, new and established scholars examine how

fiction and non-fiction writing, picture books, film and television and graphic novels position young people in relation to ideologies around sexuality, sexual identity, and embodiment. This book questions how such texts communicate a sense of what is possible, impossible, taboo, or encouraged in terms of being sexual and sexual being. Each chapter is motivated by a set of important questions: How are representations of sex and sexuality depicted in texts for young people? How do these representations affect and shape the kinds of sexualities offered as models to young readers? And to what extent is sexual diversity acknowledged and represented across different narrative and aesthetic modes? This work brings together a diverse range of conceptual and theoretical approaches that are framed by the idea of sexual becoming: the manner in which texts for young people invite their readers to assess and potentially adopt ways of thinking and being in terms of sex and sexuality.

Teaching Gender and Sexuality at School Tara Goldstein, 2018-12-17 In a set of compelling letters to teachers, Tara Goldstein addresses a full range of issues facing lesbian, gay, bisexual, transgender, and queer (LGBTQ) students and families at elementary and secondary school. Goldstein talks to teachers about how they can support LGBTQ students and families by normalizing LGBTQ lives in the curriculum, challenging homophobic and transphobic ideas, and building an inclusive school culture that both expects and welcomes LGBTQ students and their families. Moving and energizing, *Teaching Gender and Sexuality at School* provides readers with the knowledge and resources they need to create safer and more positive classrooms and discusses what it takes to build authentic, trusting relationships with LGBTQ students and families. Includes *The Unicorn Glossary* by Benjamin Lee Hicks, the performed ethnography *Snakes and Ladders* by Tara Goldstein, and the verbatim play *Out at School* by Tara Goldstein, Jenny Salisbury, and Pam Baer.

Voice Lessons for Parents Wendy Mogel, 2019-04-09 New York Times bestselling author and host of the podcast *Nurture vs Nurture* Dr. Wendy Mogel “teaches parents the dialect needed to converse with their daughters and sons at every stage of life” (Chicago Tribune). Dr. Wendy Mogel, “one of the most astute psychologists on the planet (Angela Duckworth, New York Times bestselling author of *Grit*) observed a pattern in her practice: when parents speak to their children their pitch tends to rise, and they come across as pleading, indignant, wounded, outraged. Their tone and body language signal, I can’t handle it when you act like a child. In response, Dr. Mogel developed a remarkably effective series of “voice lessons,” for parents who were struggling to communicate. The results were immediate: a shift in vocal style led to calmer kids, who listened more attentively and responded with warmth, respect, and sincerity. In *Voice Lessons for Parents*, Mogel elaborates on her novel clinical approach, revealing how each age and stage of a child’s life brings new opportunities to connect. Drawing from a range of sources including neuroscience, fairy tales, and anthropology, Mogel offers specific guidance for talking to children across the expanse of childhood and adolescence. She also explains the best ways to talk about your child to partners, exes, and grandparents, as well as to teachers, coaches, and caretakers. And she addresses the distraction of digital devices—how they impact our interactions with our families, and what we can do about it.
