Oda Wischmeyer,David C. Sim,Ian J. Elmer

Paul and Mark Oda Wischmeyer,David C. Sim,Ian J. Elmer,2014-08-20 The hypothesis that the Gospel of Mark was heavily influenced by Pauline theology and/or epistles was widespread in the nineteenth century, but fell out of favour for much of the twentieth century. In the last twenty years or so, however, this view has begun to attract renewed support, especially in English language scholarship. This major and important collection of essays by an international team of scholars seeks to move the discussion forward in a number of significant ways - tracing the history of the hypothesis from the nineteenth century to the modern day, searching for historical connections between these two early Christians, analysing and comparing the theology and christology of the Pauline epistles and the Gospel of Mark, and assessing their reception in later Christian texts. This major volume will be welcomed by those who are interested in the possible influence of the apostle to the Gentiles on the earliest Gospel.

The Expression Son of Man and the Development of Christology Mogens Mueller,2014-10-20 'Son of Man' is practically the only self-designation employed by Jesus himself in the gospels, but is used in such a way that no hint is left of any particular theological significance. Still, during the first many centuries of the church, the expression as it was reused was given content, first literally as signifying Christ's human nature. Later 'Son of Man' was thought to be a christological title in its own right. Today, many scholars are inclined to think that, in an original Aramaic of an historical Jesus, it was little more than a rhetorical circumlocution, referring to the one speaking. Mogens Müller's 'The Expression 'Son of Man' and the Development of Christology: A History of Interpretation' is the first study of the 'Son of Man' trope, which traces the history of interpretation from the Apostolic Fathers to the present, concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries.

Notes—the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues. General Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.
