Cassell's Dictionary of Slang Jonathon Green, 2005 With its unparalleled coverage of English slang of all types (from 18th-century cant to contemporary gay slang), and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. 'Brilliant.' said Mark Lawson on BBC2's *The Late Review*; 'This is a terrific piece of work - learned, entertaining, funny, stimulating' said Jonathan Meades in *The Evening Standard*. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project: to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books - plus song lyrics, TV and movie scripts, and many newspapers and magazines - for relevant material. The research has thrown up some fascinating results

Asian Americans in Bilingualism and Bilingual Education Khánh Lê, Zhongfeng Tian, Alisha Nguyen, Trish Morita-Mullaney, 2025-10-27 This book centers and amplifies the voices and complex lived experiences of Asian Americans in bilingual education. Drawing from the fields of bilingual education and ethnic studies, the chapters discuss language ideologies, anti-racist pedagogies, language loss and teacher and student experiences to explore how multilingualism is experienced distinctly by Asian Americans. Recognizing the heterogeneity within Asian American communities, the book highlights underrepresented Asian languages such as Hmong and Khmer and discusses both formal and informal education settings. It showcases a wide range of narratives and qualitative methodologies, employing critical theoretical frameworks such as AsianCrit, decoloniality, intersectionality, critical refugee studies, raciolinguistics, counterhegemonic pedagogies, humanization and transnationalism. As the first book fully dedicated to Asian American experiences in bilingual education, it broadens understandings of multilingualism and appeals to researchers, teacher educators and postgraduate students in applied linguistics, Asian American studies, higher education and bilingual education.

On the Offensive Karen Stollznow, 2020 You people ... She was asking for it ... That's so gay ... Don't be a Jew ... My ex-girlfriend is crazy ... You'd be pretty if you lost weight ... You look good ... for your age ... These statements can be offensive to some people, but it is complicated to understand exactly why. It is often difficult to recognize the veiled racism, sexism, ableism, lookism, ageism, and other -isms that hide in our everyday language. From an early age, we learn and normalize many words and phrases that exclude groups of people and reinforce bias and social inequality. Our language expresses

attitudes and beliefs that can reveal internalized discrimination, prejudice, and intolerance. Some words and phrases are considered to be offensive, even if we're not trying to be--

Ching Chong China Girl Helene Chung, Helene Chung Martin, 2008 Ching Chong China Girl portrays four generations of Tasmanian Chinese and canvasses changes in society from White to Multicultural Australia. Its theme is the search for identity with the sub-themes of East versus West, the integration of Australian and Chinese values, and my accidental career in journalism. Unlike conventional agonising over a Catholic childhood, this memoir, with its racial, religious, sexual and sexist humour, agonises over both the colour of the flesh and the sins of the parent's flesh. It is also an amusing expose of off-air antics inside the once-chauvinist ABC. A former Beijing correspondent, the first non-white reporter on Australian TV and the first female posted abroad by the Australian Broadcasting Corporation, I am a fourth-generation Tasmanian Chinese. A daughter of Australia's first Chinese divorcees, I grew up in 1950s Hobart. My sister and I were the only ones at our Catholic school with divorced parents. We were the only two with black hair. In that world of fair-haired girls from nice homes with Holden cars, we kept a shocking secret. Our mother, Miss Henry, was a nude model. She lived in sin with a foreign devil and drove a red MG. Fortunately, the family feud kept our father's three other marriages under wraps.--Provided by publisher.

Communicating Ethnic and Cultural Identity Mary Fong, Rueyling Chuang, 2003-11-24 This intercultural communication text reader brings together the many dimensions of ethnic and cultural identity and shows how they are communicated in everyday life. Introducing and applying key concepts, theories, and approaches from empirical to ethnographic the chapters look at the experiences of African Americans, Asians, Asian Americans, Latino/as, and Native Americans, as well as many cultural groups. The authors also explore issues such as gender, race, class, spirituality, alternative lifestyles, and inter- and intraethnic identity. The focus of analysis ranges from movies and photo albums to beauty salons and Deadhead gatherings.

The Chinese Face in Australia Lucille Lok-Sun Ngan, Chan Kwok-bun, 2012-06-07 The book explains how multi-generational Australian-born Chinese (ABC) negotiate the balance of two cultures. It explores both the philosophical and theoretical levels, focusing on deconstructing and re-evaluating the concept of 'Chineseness.' At a social and experiential level, it concentrates on how successive generations of early migrants experience, negotiate and express their Chinese identity. The diasporic literature has taken up the idea of hybrid identity construction largely in relation to first- and second-generation migrants and to the sojourner's sense of roots in a diasporic setting somewhat lost in the debate over Chinese diasporas and identities are the experiences of long-term migrant communities. Their experiences are usually discussed in terms of the melting-pot concepts of assimilation and integration that assume ethnic identification decreases and eventually disappears over successive generations. Based on ethnography, fieldwork and participant observation on multi-generational Australian-born Chinese whose families have resided in Australia from three to six generations, this study reveals a

contrasting picture of ethnic identification.

Asian American X Arar Han,John Hsu,2010-02-22 This diverse collection, like Asian America itself, adds up to something far more vibrant than the sum of its voices. -Eric Liu, author of *The Accidental Asian* There's fury, dignity, and self-awareness in these essays. I found the voices to be energetic and the ideas exciting. -Diana Son, playwright (*Stop Kiss*) and co-producer (*Law & Order: Criminal Intent*) This refreshing and timely collection of coming-of-age essays, edited and written by young Asian Americans, powerfully captures the joys and struggles of their evolving identities as one of the fastest-growing groups in the nation and poignantly depicts the many oft-conflicting ties they feel to both American and Asian cultures. The essays also highlight the vast cultural diversity within the category of Asian American, yet ultimately reveal how these young people are truly American in their ideals and dreams. *Asian American X* is more than a book on identity; it is required reading both for young Asian Americans who seek to understand themselves and their social group, and for all who are interested in keeping abreast of the changing American social terrain.

American Chinese Restaurants Jenny Banh,Haiming Liu,2019-09-05 With case studies from the USA, Canada, Chile, and other countries in Latin America, *American Chinese Restaurants* examines the lived experiences of what it is like to work in a Chinese restaurant. The book provides ethnographic insights on small family businesses, struggling immigrant parents, and kids working, living, and growing up in an American Chinese restaurant. This is the first book based on personal histories to document and analyze the American Chinese restaurant world. New narratives by various international and American contributors have presented Chinese restaurants as dynamic agencies that raise questions on identity, ethnicity, transnationalism, industrialization, (post)modernity, assimilation, public and civic spheres, and socioeconomic differences. *American Chinese Restaurants* will be of interest to general readers, scholars, and college students from undergraduate to graduate level, who wish to know Chinese restaurant life and understand the relationship between food and society.
