

Best Book On The Russian Revolution

Orlando Figes

The Russian Revolution Sean McMeekin, 2017-05-30 A “powerful revisionist history” (Times UK) illuminating the tensions and transformations of the Russian Revolution In *The Russian Revolution*, acclaimed historian Sean McMeekin traces the events which ended Romanov rule, ushered the Bolsheviks into power, and introduced Communism to the world. Between 1917 and 1922, Russia underwent a complete and irreversible transformation. Taking advantage of the collapse of the Tsarist regime in the middle of World War I, the Bolsheviks staged a hostile takeover of the Russian Imperial Army, promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the imperialist war into civil war. By the time the Bolsheviks had snuffed out the last resistance five years later, over 20 million people had died, and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned. Still, Bolshevik rule was secure, owing to the new regime's monopoly on force, enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit politically and economically from the revolutionary chaos in Russia. Drawing on scores of previously untapped files from Russian archives and a range of other repositories in Europe, Turkey, and the United States, McMeekin delivers exciting, groundbreaking research about this turbulent era. The first comprehensive history of these momentous events in two decades, *The Russian Revolution* combines cutting-edge scholarship and a fast-paced narrative to shed new light on one of the most significant turning points of the twentieth century.

History of the Russian Revolution Leon Trotsky, 2008 During the first two months of 1917 Russia was still a Romanov monarchy. Eight months later the Bolsheviks stood at the helm. They were little known to anybody when the year began, and their leaders were still under indictment for state treason when they came to power. You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people. It is clear that the events of 1917, whatever you think of them, deserve study. --Leon Trotsky, from *History of the Russian Revolution* Regarded by many as among the most powerful works of history ever written, this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history. This book reveals, from the perspective of one of its central actors, the Russian Revolution's profoundly democratic, emancipatory character. Originally published in three parts, Trotsky's masterpiece is collected here in a single volume. It serves as the most vital and inspiring record of the Russian Revolution to date. [T]he greatest history of an event that I know. --C. L. R. James Justly celebrated as a towering, vivid, historically vital work. --China

Miéville, October In Trotsky all passions were aroused, but his thought remained calm and his vision clear.... His involvement in the struggle, far from blurring his sight, sharpens it.... The History is his crowning work, both in scale and power and as the fullest expression of his ideas on revolution. As an account of a revolution, given by one of its chief actors, it stands unique in world literature. --Isaac Deutscher

The Russian Revolution Sheila Fitzpatrick, 2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century. In the years following the collapse of the Soviet regime and the opening of its archives, it has become possible to step back and see the full picture. Starting with an overview of the roots of the revolution, Fitzpatrick takes the story from 1917, through Stalin's 'revolution from above', to the great purges of the 1930s. She tells a gripping story of a Marxist revolution that was intended to transform the world, visited enormous suffering on the Russian people, and, like the French Revolution before it, ended up by devouring its own children. This updated edition contains a fully revised bibliography and updated introduction to address the centenary, what does it all mean in retrospect.

The Russian Revolution 1899-1919 Richard Pipes, 1997 This is the first of two volumes covering the origins and progress of the Bolshevik Revolution. They provide a complete account of the Russian Revolution, which made a large impact on the 20th century, subjecting a large part of the Earth's population to the Communist experiment.

The Russian Revolution Richard Pipes, 2011-07-13 A groundbreaking, inclusive history of the Russian Revolution for those who want to discover what really happened to Russia (The New York Times Book Review) A monumental study (Wall Street Journal), enthralling in its narrative of a movement whose purpose, in the words of Leon Trotsky, was to overthrow the world, The Russian Revolution draws conclusions that have aroused great controversy. Richard Pipes argues convincingly that the Russian Revolution was an intellectual, rather than a class, uprising; that it was steeped in terror from its very outset; and that it was not a revolution at all but a coup d'etat—the capture of governmental power by a small minority.

October China Miéville, 2017-05-09 In February of 1917 Russia was a backward, autocratic monarchy, mired in an unpopular war; by October, after not one but two revolutions, it had become the world's first workers' state, straining to be at the vanguard of global revolution. How did this unimaginable transformation take place? In a panoramic sweep, stretching from St Petersburg and Moscow to the remotest villages of a sprawling empire, Miéville uncovers the catastrophes, intrigues and inspirations of 1917, in all their passion, drama and strangeness. Intervening in long-standing historical debates, but told with the reader new to the topic especially in mind, here is a breathtaking story of humanity at its greatest and most desperate; of a turning point for civilisation that still resonates loudly today. China Miéville tells the extraordinary story of this pivotal moment in history.

The Russian Revolution, 1917 Rex A. Wade, 2005-04-21 Rex Wade presents an account of one of the pivotal events of modern history, combining his own long study of the revolution with the best of contemporary scholarship. Within an overall

narrative that provides a clear description of the 1917 revolution, he introduces several new approaches on its political history and the complexity of the October Revolution. Wade clears away many of the myths and misconceptions that have clouded studies of the period. He also gives due space to the social history of the revolution and incorporates people and places too often left out of the story, including women, national minority peoples, and peasantry front soldiers, enabling a more complete history to emerge. The 2005 second edition of this highly readable book has been thoroughly revised and expanded. It will prove invaluable reading to anyone interested in Russian history.

The History of the Russian Revolution. Translated from the Russian by Max Eastman Leon Trotsky, 1932

Ten Days that Shook the World John Reed, 2012-08-28 DIVReed's passionately involved narrative captures the opening days of the Russian Revolution, the fall of the provisional government, the assault on the Winter Palace, Lenin's seizure of power, and other tumultuous events. /div

The History of the Russian Revolution Leon Trotsky, 1964

The Bolsheviks Come to Power Alexander Rabinowitch, 2004 'The best volume on the Russian Revolution in years ... What is so valuable about the book is that it undoes both rigid stereotypes: that the Leninism is inherently and always 'correct', pointing straight toward revolutionary triumph, and that of Leninism as always rigidly authoritarian, pointing straight toward dictatorship. A first-rate piece of work.' Irving Howe 'Alexander Rabinowitch ... has written what is perhaps the fullest and most reliable account of the Bolshevik seizure of power currently available in English ... Based on a solid command of the sources, it is scholarly and well documented yet accessible to the general reader, with its clear and vigorous style and interesting illustrations ... Should be read by every person interested in the Russian Revolution.' Paul Avrich, Russian Review 'The Bolsheviks Come To Power is one of the most important books on the Russian Revolution of 1917 to appear in many years. It is revisionist scholarship in the best and truest sense. Both political and social history, it greatly expands on our detailed knowledge of the turbulent events of that year, while deepening and revising our understanding of the Bolshevik Party and the social factors that brought it to power.' Stephen F. Cohen

A People's Tragedy Orlando Figes, 1998 Covers Russian history from the end of the nineteenth century to the death of Lenin, and explores how Russian pre-revolution social forces were violently erased and replaced

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. The Russian Revolution and Civil War, 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February

Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such it identifies these crucial years as something more than simply the creation of a communist state.

The Best Books William Swan Sonnenschein,1923

History of the Russian Revolution: Volume 1 Leon Trotsky,2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history. For the first time, millions of workers and peasants took political power into their own hands, sweeping aside the despotic rule of the capitalists and landlords, and setting out to create a socialist world order based upon the rule of the Soviet of Workers', Soldiers' and Peasants' Deputies. Capitalism had broken at its weakest link. The Russian Revolution heralded the beginning of the world revolution, inspiring the hopes and dreams of millions. Notwithstanding the terrible backwardness of Russia, the new Socialist Soviet Republic represented a decisive threat to the world capitalist order. It struck terror in the ruling classes everywhere, which rightly regarded it as a threat to their power and privileges. Leon Trotsky History of these events is a masterpiece. It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it. Together with Lenin, he led the Bolshevik Revolution, and lived throughout its stormy events. However, this book is not simply a dramatic narrative, but a profound analysis of the inner forces of the Revolution. It remains by far the best account of the Russian Revolution today. This volume spans from the February Revolution to the prelude of the 'July Days', as well as the economic and political background of Russia before the Revolution. Also featured in this edition is Alan Woods introduction to the series.

The History of the Russian Revolution Lev Trockij,Leon Trotsky,Leo Trotskij,1967

A Companion to the Russian Revolution Daniel Orlovsky,2020-08-21 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one-sixth of the world. It altered the geo-political landscape of not only Eurasia, but of the entire globe. The impact of this immense event is still felt in the present day. The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity— the causes and meanings of revolution are many, as is reflected in contemporary scholarship on the subject. A Companion to the Russian Revolution offers more than thirty original essays, written by a team of respected scholars and historians of 20th century Russian history. Presenting a wide range of contemporary perspectives, the Companion discusses topics including the dynamics of violence in war and revolution, Russian political parties, the transformation of the Orthodox church, Bolshevism, Liberalism, and more. Although primarily focused on 1917 itself, and the singular Revolutionary experience in that year, this book also explores time-periods such as the First Russian Revolution, early Soviet government, the Civil War period, and even into the 1920's. Presents a wide range of original essays that discuss Brings together in-depth coverage of political history, party history, cultural history, and new social approaches Explores the long-range causes, influence on early Soviet culture, and global after-life of the Russian Revolution Offers broadly-conceived,

contemporary views of the revolution largely based on the author's original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject, and a valuable resource for those interested in Russian, Late Imperial, or Soviet history as well as anyone interested in Revolution as a global phenomenon.
