Filipino English and Taglish Roger M. Thompson,2003-01-01 English competes with Tagalog and Taglish, a mixture of English and Tagalog, for the affections of Filipinos. To understand the competing ideologies that underlie this switching between languages, this book looks at the language situation from multiple perspectives. Part A reviews the social and political forces that have propelled English through its life cycle in the Philippines from the 1898 arrival of Admiral Dewey to the 1998 election of Joseph Estrada. Part B looks at the social support for English in Metro Manila and the provinces with a focus on English teachers and their personal and public use of English. Part C examines the language of television sport broadcasts, commercials, interviews, sitcoms, and movies, and the language of newspapers from various linguistic, sociolinguistic, and sociocultural perspectives. The results put into perspective the short-lived language revolution that took place at the turn of the twenty-first century.

Intermediate Tagalog Joi Barrios,2015-04-14 At last, a way to improve your Tagalog! Written by Joi Barrios as the continuation of her best-selling Tagalog for Beginners book, *Intermediate Tagalog* is the first intermediate-level book designed specifically for people who already speak or understand some basic Tagalog and now wish to achieve greater fluency in speaking, reading and writing standard Filipino--the national language of the Philippines. The carefully-constructed lessons in this book point out common grammatical errors that English speakers make when speaking Tagalog, and present real-life conversations demonstrating how the language is spoken in Manila today. Extensive cultural notes are provided, along with exercises and activities that introduce the use of the Tagalog language in a wide range of everyday situations. The 20 lessons give you all the basic skills needed to speak Tagalog fluently: paglalarawan (the ability to describe people, places and feelings); pagsasalaysay (the ability to tell a story--whether a news story, a folktale, or an anecdote); paglalahad (how to explain something--for example, a custom or tradition, or how to cook a dish); and pangangatuwiran (reasoning and abstract thinking). Each lesson is carefully structured in six key parts: A real-life dialogue providing valuable conversational skills. A vocabulary list to expand your familiarity with common, everyday Tagalog words and expressions. A grammar review section (for example, on the correct uses of affixes in various sentence constructions). Insightful cultural notes presenting aspects of the Philippines that may seem odd to outsiders, to explain how Filipino culture shapes the way

people speak. A reading passage from a story or newspaper article, with comprehension questions. A writing exercise designed to teach a specific writing skill. Using Intermediate Tagalog, you'll be able to talk about yourself, your family and your daily experiences using grammatically correct sentences and a native-speaker level vocabulary.

White Love and Other Events in Filipino History Vicente L. Rafael,2014-06-18 In this wide-ranging cultural and political history of Filipinos and the Philippines, Vicente L. Rafael examines the period from the onset of U.S. colonialism in

1898 to the emergence of a Filipino diaspora in the 1990s. Self-consciously adopting the essay form as a method with which to disrupt epic conceptions of Filipino history, Rafael treats in a condensed and concise manner clusters of historical detail and reflections that do not easily fit into a larger whole. *White Love and Other Events in Filipino History* is thus a view of nationalism as an unstable production, as Rafael reveals how, under what circumstances, and with what effects the concept of the nation has been produced and deployed in the Philippines. With a focus on the contradictions and ironies that suffuse Filipino history, Rafael delineates the multiple ways that colonialism has both inhabited and enabled the nationalist discourse of the present. His topics range from the colonial census of 1903-1905, in which a racialized imperial order imposed by the United States came into contact with an emergent revolutionary nationalism, to the pleasures and anxieties of nationalist identification as evinced in the rise of the Marcos regime. Other essays examine aspects of colonial domesticity through the writings of white women during the first decade of U.S. rule; the uses of photography in ethnology, war, and portraiture; the circulation of rumor during the Japanese occupation of Manila; the reproduction of a hierarchy of languages in popular culture; and the spectral presence of diasporic Filipino communities within the nation-state. A critique of both U.S. imperialism and Filipino nationalism, *White Love and Other Events in Filipino History* creates a sense of epistemological vertigo in the face of former attempts to comprehend and master Filipino identity. This volume should become a valuable work for those interested in Southeast Asian studies, Asian-American studies, postcolonial studies, and cultural studies.

Translating the Sugilanon Corazon D. Villareal, 1994 *Translating the Sugilanon: Re-framing the Sign* deals with the politics of literary translation in the Philippines, focusing on the sugilanon, short prose of the Hiligaynons in Panay Islands of Central Philippines. The book consists of two parts. Part 1 shows how political, religious and economic factors influence the selection of works to be translated, the choice of target language, and the strategies employed by the translator; it suggests, as well, ways by which the translator could re-frame this sign system imposed upon him/her. Part 2 is an anthology of sugilanon and their translations into Filipino, the country's national language, and into Fil/English.
