Breaking into TV Writing Anton Schettini, 2024-09-03 The old screenwriting motto is, "Work on your script, and the jobs will come." This is false. A great script is only as good as the effort you put into your career, but there is little information for the aspiring screenwriter about how to break in. Even those who study TV or film in college are taught to simply "get a production assistant job." But then what? And how do you get that job to begin with? *Breaking into TV Writing* contains all the crucial information left out of most screenwriting books, like: How to get your first job in TV What TV writing samples you need How to break into the elusive TV writers' room How a writers' room creates an episode of TV Which assistant jobs are worth your time (and which you should avoid at all costs) Anton Schettini provides a rare insider's glimpse of the modern-day network and streaming TV writers' room. Here, you will find practical advice, career-path strategies, and first-hand accounts for how to establish your network, grow within it, and acquire the necessary tools to become a TV writer. The industry would love to tell you to put your head down, work hard, write a lot, and pay your dues; Schettini will show you why that hackneyed mantra is misleading, and how you can put yourself in the best position to break through the barriers and see your work on the TV screen.

The Playwright's Manifesto Paul Sirett, 2022-09-08 Shortlisted for the STR Theatre Book Prize 2023 A manifesto for the future of playwriting, this book challenges you to be a part of that future in the belief that it is fundamentally important to write plays. Plays help us understand ourselves, others, and the world around us. Reading this book, you will be challenged to learn your craft, explode what you know, prioritise what is important to you, and write in the way that only you can write. Most books on playwriting explain how to create a believable character in a story driven by plot. This book, however, goes even further in its exploration of the playwright's most valuable tool: theatricality. By learning from the past, and the present, the playwrights of tomorrow can create new, vivid, theatrical drama for the future. This manifesto also examines the process of writing, the art of collaboration, and the impact of writing on a playwright's mental health. It identifies the highs and lows, as well as the trials and tribulations, of life as a playwright in today's world. Theatre is a living artform. It is time for playwrights to acknowledge that fact and to celebrate the unique, primal thrill that a live theatre experience offers us. The future of playwriting is in your hands. Do you accept the challenge?

UNSCRIPTED - The Great Rat Race Escape MJ DeMarco, 2021-06-29 Has Your Life Been Conscripted by an Economic

Religion? Learn How to Free Yourself and Your Life Through the Power of Fastlane Entrepreneurship By all appearances, Jeff and Samantha Trotman are living the American Dream. But behind the white picket fence, they endure an American Nightmare. With little time for each other, a pile of debt, and Ferrari taste on a Ford budget, the ruse of affluence is killing them. Two respectable jobs and a lovely suburban house paint a pretty picture, but behind the ink is a broken marriage rife with meaningless work and dead dreams. And now, with an unplanned pregnancy, they're facing a mid-life crisis twenty years early. With little time and looming bankruptcy, the Trotmans are forced to face the red-pill truth they long denied: They were alive, but they weren't living. Determined to resurrect their life and their marriage, the Trotmans plot a rat-race escape-only to find themselves more thickly in it. As tensions rise and hope fades, follow along step-by-step as the Trotmans pivot to a new strategy and a new career: starting a business as entrepreneurs. While they navigate their journey, you'll learn 120 wealth-building strategies and principles that your mainstream financial guru won't dare reveal-actionable concepts that will help you profit your way into the Unscripted 1%, an emerging economic class of entrepreneurs who enjoy a lifetime of freedom emancipated from miserly living and Wall Street's save, pray, and wait paradigm. Discover how one family escapes the rat-race grind and wins a lifetime of financial freedom, leaving behind the tyranny of meaningless jobs and mediocre living- and how you can too. Here is just a little of what you will learn: The Bad Math Principle: Why most people will never escape the rat-race, much less earn financial freedom. The 1/5/10 Strategy: How this one simple exercise will unearth your ultimate dream life while establishing a decision framework for its reality. The Honeypot Principle: Why the financial media's invest a \$100/mo for 40 years in indexed-funds narrative is part of the same rat-race scheme, just a different side of the same rigged coin. The Dual Change Strategy: The two divergent sides of change and how it can make you a fortune. The Value Skew Strategy: How to find literally 1000s of business ideas and why you never need to disrupt or invent anything new or novel. The Millionaire Payday Strategy: How to spot opportunities to hire yourself and earn an instant millionaire-making income. The Cinderella Principle: Why starting a business based on a cultural trend or a fad is a horrible idea. The Perseverance Strategy: Never struggle with motivation again; the four necessary ingredients to tap into unlimited motivation and determination, regardless of the obstacles in your way. The Triangulated Value Strategy: Learn how to never quit three-feet from gold: The 3-pronged strategy in maximizing marketing yields while also illuminating the quit or continue decision. and over 110+ more! Don't let the rat-race and its co-conspirators proclaim your life as non-essential. Don't let the rat-race entice you to save your life away for the promise of an elderly retirement. Don't let the rat-race lull you into a tedious existence medicated by television, video games, and trivial sporting events. Go Unscripted, escape the rat-race, and win your happily-ever-after.

Maps and Mapping in Children's Literature Nina Goga, Bettina Kümmerling-Meibauer, 2017-08-15 Maps and Mapping in Children's Literature is the first comprehensive study that investigates the representation of maps in children's books as

well as the impact of mapping on the depiction of landscapes, seascapes, and cityscapes in children's literature. The chapters in this volume pursue a comparative approach as they represent a wide spectrum of diverse genres and national children's literatures by examining a wealth of children's books from Canada, Denmark, Germany, Italy, Norway, Russia, the United Kingdom, and the USA. The theoretical and methodological approaches range from literary studies, developmental psychology, maps and geography literacy, ecocriticism, historical contextualization with both new historicist and political-historical leanings, and intermediality to materialist cartographies, cultural studies, island studies, and genre studies. By this, this volume aims at embedding children's literature in a broader field of literary and cultural studies, thus situating children's literature research within a general context of literary theory.

The Secular Religion of Fandom Jennifer Otter Bickerdike, 2015-10-19 Media pilgrimage has become a booming business in the 21st century. Fans of television shows, rock groups and books flock to places associated with their favorite series, artist or writer, trying to embody and perhaps understand what inspired the beloved piece of work, and, more importantly, to cobble together their own personal identity, seeking meaning in an ever-more divergent and fast-paced world. At the same time, participation in organized group activities are dropping. One of the largest down turns in the US and the UK can be seen in the steep decline of attendance at traditional religious venues. This trend dovetails with the radical uptick in on-line sites dedicated to pop culture and celebrities, as well as an array of niche-focused real-time tours allowing fans to experience the spaces, places and scenery featured in their favorite entertainment medium. *The Secular Religion of Fandom: Pop Culture Pilgrim* examines the function of fandom, specifically the visiting of spaces which have been recently deemed worthy of sanctification and a newly elevated status of importance. It examines how such pilgrimages are used as a means for forming and maintaining a common language of culture, creating a replacement apparatus based on more traditional frameworks of religious worship and salvation, while becoming an ever more dominant mechanism for constructing individuality and finding belonging in a commodified culture. Looking at television shows such as *The Walking Dead* and *Game of Thrones*, bands like *The Stone Roses* and *Joy Division*, and authors like J.K. Rowling and the Brontë sisters, *The Secular Religion of Fandom: Pop Culture Pilgrim* delves into these issues by examining spaces, fan communities and rituals,

providing a unique and provocative investigation into how technology, media and humanistic need for guidance are forming novel ways of expressing value, forging self and finding significance in an uncertain world.
