

Delitto E Castigo

G Thomas

Delitto e castigo Fëdor Michajlovi Dostoevskij, 2011-05-31 Solitudine, lacerazione e rivolta. Il romanzo sulla violenza della vita pensata, dove corruzione e innocenza sono ancora una cosa sola. Scritto da un uomo malato e insorto, reduce da quattro anni di lavori forzati e da una finta fucilazione, questo libro porta nella letteratura la vicinanza esplosiva alla propria anima e lo scorticamento, il trauma del pensiero e della coscienza che erompono dai corpi come presenze aliene.

Delitto e castigo. Ediz. integrale Fëdor Dostoevskij, 2014

Dei delitti e delle pene nella traduzione di Michail M. Ščerbatov Ettore Gherbezze, 2007 L'esperienza cittadina nell'Italia comunale costituisce per il medioevo un fatto unico: un 'altro mondo' rispetto alle campagne per l'insieme di consuetudini, di credenze, di usi che condizionarono gli atteggiamenti di una società complessa. Per verificare la definizione di Lopez di città come stato d'animo, vengono considerati temi quali la percezione e la memoria del tempo (tanto reale quanto mitico), l'elaborazione di modelli di comportamento (quello cavalleresco), il condizionamento dell'ambiente urbano fino alla creazione di un paesaggio sonoro della città. Nella concretezza delle testimonianze dei contemporanei emerge il significato di essere cittadini nel medioevo italiano.

Transitional Justice in Italy and the Crimes of Fascism and Nazism Paolo Caroli, 2022-06-09 This book presents a comprehensive analysis of the Italian experience of transitional justice examining how the crimes of Fascism and World War II have been dealt with from a comparative perspective. Applying an interdisciplinary and comparative methodology, the book offers a detailed reconstruction of the prosecution of the crimes of Fascism and the Italian Social Republic as well as crimes committed by Nazi soldiers against Italian civilians and those of the Italian army against foreign populations. It also explores the legal qualification and prosecution of the actions of the Resistance. Particular focus is given to the Togliatti amnesty, the major turning point, through comparisons to the wider European post-WWII transitional scenario and other

relevant transitional amnesties, allowing consideration of the intense debate on the legitimacy of amnesties under international law. The book evaluates the Italian experience and provides an ideal framework to assess the complexity of the interdependencies between time, historical memory and the use of criminal law. In a historical moment marked by the resurgence of racism, neo-Fascism, falsifications of the past, as well as the desire to amend the faults of the past, the Italian unfinished experience of dealing with the Fascist era can help move the discussion forward. The book will be an essential reading for students, researchers and academics in International Criminal Law, Transitional Justice, History, Memory Studies and Political Science.

A Handbook of Alternative Theories of Public Economics Francesco Forte, Ram Mudambi, Pietro Maria Navarra, 2014-03-28 This comprehensive and thought-provoking Handbook reviews public sector economics from pluralist perspectives that either complement or reach beyond mainstream views. Markheim Robert Louis Stevenson, 2023-12-04 Due uomini, un delitto, l'improvvisa esitazione dell'assassino che, dopo la morte della vittima, in maniera analoga a quanto avviene nel Cuore rivelatore di Edgar Allan Poe, vede la propria coscienza ripartirsi in due, dando forma a qualcosa che «non appartiene né alla terra né a Dio».

Dalle avventure ai miracoli Vita Giordano, 2009 This book presents a new insight into the narrative works of the Italian author Massimo Bontempelli and in particular his stories written between 1919 and 1929. These works constitute a crucial moment in Bontempelli's literary career; one which is generally considered to be a period of experimentation halfway between his so-called 'classical' period and his 'mature' period. This book fills an important gap in Bontempelli scholarship by providing an unprecedented critical study of his works from this period of innovation. As the chapters of this book unfold, the reader becomes familiar not only with Bontempelli's short stories and with his experimentations but also with the main devices of one of the most popular genres in which today's authors are writing: metafiction. The application of the contemporary critical notion of metafiction to this body of narrative works enables one to reflect and discuss captivating and complex problems of fictional theory and fiction writing, and at the same time give new nuances to Bontempelli's fiction. As the book will make clear, the texts become enriched with new qualities and meaning, and reveal fascinating and intriguing artistic skill. The book explores metafictional features such as intertextuality, the attention drawn to the writer as he is actively and visibly engaged in the creation of his stories, comments on literary criticism included within the text, the relation between art and reality, and magic realism. These metafictional features are presented in a clear and lucid fashion that is accessible to both a scholarly and broader readership.
