

Father Of Noah And The Sword Of Enoch

Roman Wölfel

As It Was in the Days of Noah Jeff Kinley, 2022-11-01 “As it was in the days of Noah, so it will be at the coming of the Son of Man.” —Matthew 24:37 Noah’s story is remembered as a Sunday school lesson taught with felt-board animals—yet the Bible paints a darker picture, one in which earth’s people grew so wicked God had to destroy them in a global flood. Millenia later, Jesus prophesied the same widespread spiritual rebellion would mark the days leading into the end times. From bestselling prophecy author Jeff Kinley, *As It Was in the Days of Noah* reveals the parallels between the time before flood and our current culture, highlighting the rise in evil, the surge in immorality, and the pandemic of godlessness. This book examines the signs that the end times are rapidly drawing nearer affirms the urgency of reaching the lost with God’s compassionate truth equips believers to live wisely, making their days count for eternity *As It Was in the Days of Noah* illuminates the biblical evidence that God’s judgment is imminent—and reveals how Noah’s story provides a deep reservoir of hope for all who follow Christ.

Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature John McClintock, 1879

Lost Memories of Eden William B. Chalfant, 2008-05-06 Noah must do much more than simply build a huge ship in this novel of fantasy and adventure. When Noah is born, his father Lamech believes that his young wife, the beautiful teenager Bathenosh, had an affair with a tall, dark stranger, whom she met on their farm about the time of Noah’s conception. The tall, dark stranger is a fallen angel named Samhazi, who has cloned for himself a human body. He is torn between his demonic rebellion and his human love for the captivating dark-haired Bathenosh. When Noah is grown, Samhazi returns and abducts Noah’s young mother, who is entranced by him. He is part of a group of 200 fallen angels from the constellation Orion, who have assumed human bodies, and who desire to rule over ancient mankind. It looks like they will succeed. Only the daring boldness of the young Noah stands in their way. He and the patriarchs are inspired by the “memories of the Garden of Eden”, which they are determined shall not be lost or destroyed. The fallen angels desire to control the earth and to have women as companions. Noah resists their demonic activities by forcefully taking his lovely mother away from Samhazi. Noah’s pretty Cainite wife Naamah stands by Noah’s side, but even she temporarily falls under the spell of the enigmatic Samhazi, although she resists him. Finally, the fallen angels attempt to burn down the ark. The future of antediluvian mankind hangs in the balance as Noah defends the great ark from destruction.

Tried Money Changers Apocrypha Jonathan Kristian Wain,2019-08-10 An extensive collection of apocrypha, divided into Old and New Testaments. Some titles are rare and elusive, such as Jannes and Jambres, Gad the Seer and Psalms of Thomas. Some texts are fragmented like the newly discovered Gospel of the Saviour, due to the damage sustained by the manuscript. The idea of Tried Money Changers is to provide the reader with an extensive library of apocrypha in one book. Presented in an easy to read format with large text divided into three columns in an A4 size book.

The Origins of Beowulf Richard North,2007-02-08 This book suggests that the Old English epic Beowulf was composed in the winter of 826-7 as a requiem for King Beornwulf of Mercia on behalf of Wiglaf, the ealdorman who succeeded him. The place of composition is given as the minster of Breedon on the Hill in Leicestershire (now Derbyshire) and the poet is named as the abbot, Eanmund. As well as pinpointing the poem's place and date of composition, Richard North raises some old questions relating to the poet's influences from Vergil and from living Danes. Norse analogues are discussed in order to identify how the poet changed his heroic sources while four episodes from Beowulf are shown to be reworked from passages in Vergil's Aeneid. One chapter assesses how the poem's Latin sources might correspond with what is known of Breedon's now-lost library while another seeks to explain Danish mythology in Beowulf by arguing that Breedon hosted a meeting with Danish Vikings in 809. This fascinating and challenging new study combines careful detective work with meticulous literary analysis to form a case that no future investigation will be able to ignore.
