Michael Rajnik

He Paid a Debt He Did Not Owe, I Owe a Debt I Could Not Pay Dr. Vincent M. M. Galici Sr., 2023-11-21 The contemporary figure has somewhat similar characteristics to his father, grandfather, and great grandfather; a soul-searching thinker, all the same, departing from the ruinous while conserving the beneficial side of the culture, customs, and manners in which he was raised and the larger generational dimensions embedded in it. A virtual page-turner, the highly intense and graphically detailed saga reaches its most intense crescendo in this final installment. Characters readily identifiable in your own life, cheek by jowl with the hero and foe, percolate the gamut of your emotions. Rooting for the one while despising the other, you are propelled into the bowels of the narrative. Some personalities appear to be born evil and feed on the environs; others tend to virtue and progress upon it. Protagonists and antagonists are mixed and varied; some are eternal optimists and find happiness even in dark periods; some are risk takers in the will for clarity, putting their reputation on the line; some are perpetually abstruse and find it their sad comfort zone; and then there is the many up and down others. The first and second generation Stanoli patriarchs were fond of saying, "There is nothing greater than loving God and loving your neighbor," and "I am a learner, willing to be corrected and criticized in order to become what I ought to become no matter where it comes from," and "I make it my moral ambition to be happy around others.

Unfit to Fight Amber Smith, 2024-04-30 Our Woke Military Could Lose the Next War Wokeness used to be an annoying distraction in the U.S. military. Now it is a major threat to national security. Faster than most of us thought possible, our military has become a woke, dysfunctional bureaucracy focused not on winning wars but on identity politics, gender ideology, climate change, and other favored causes of the leftist elite. Don't think that China isn't watching. Don't think that Russia, Iran, and North Korea haven't noticed. But so has Amber Smith, a former U.S. Army combat helicopter pilot and Deputy Assistant to the Secretary of Defense. In her riveting new book, *Unfit to Fight*, she sounds the alarm that our military and our nation are at grave risk. In *Unfit to Fight*, you'll learn: Why the military should not "reflect American society," but be a select group of lethal professionals How the Pentagon rewards lowered standards for the sake of "diversity" Why failure often leads to promotion—if you have the right friends Why a return to combat merit, battlefield mission, and trust in leadership are essential—or we will lose our next war Elections, as they say, have consequences, and catastrophic damage to national security is among the most important. Amber Smith's *Unfit to Fight* needs to be in the hands of everyone who cares about

our military and our survival as a nation.

humble in Truth Allister Day, 2025-10-28 This book has afforded me the opportunity to defend some truths, expose some lies, and repair some perspectives. It has allowed me the opportunity to reveal something beautiful, share something unique, and offer something indispensable. This literary epiphany is a humble offering from me to you. It is my modest attempt to offer an olive branch, not only from me to you, but to you from them. We would love for you to join us in this Great Commission. Together, we can raise some expectations, bring forward some solutions, and deliver something wonderful and long-lasting. Every morning offers a fresh start and a new opportunity to induce love and incite laughter. Every second provides us with a unique opportunity to make this life more livable, lively, and lovely. We just have to stay focused. We just have to stay vigilant in our efforts to live respectfully, love unconditionally, and cause others to laugh uncontrollably. And occasionally, we need to save our brothers and sisters from their own stupidity. I often excel in stupidity. Please help! To be successful in any revolution, crusade, championship, mission, commission, or endeavor, there needs to be a cohesive team effort focusing on an agreed upon goal. To succeed in any worthwhile quest, there needs to be an understanding of what is right and what is wrong. To prevail in the challenges that I've carefully outlined in this book, we need to have the wherewithal to differentiate between friend and foe. Proverbs 4:18-19 The path of the righteous is like the morning sun, shining ever brighter till the full light of day. But the way of the wicked is like deep darkness; they do not know what makes them stumble.

America's Systemic Psychosis Jack L. Richardson, IV, JD, 2024-07-23 The country is in chaos. Everywhere you look, it

seems America has lost its collective mind. This mass formation psychosis has disconnected the public from the truth and each other. Anxiety is a pandemic, and few have little faith in any of our institutions, not knowing what to believe. Our constitutional protections as citizens are under attack. The situation we find ourselves in is not a result of a miscalculation but a planned deconstruction of the country by our enemies. This attack has been largely carried out with weapons of misinformation and disinformation from the media, our government, social media, and nongovernmental organizations. The citizenry of this country must regain a natural skepticism and question everything, resisting the temptation to trust the government to do everything for us. We must restore our mental autonomy and ability to think for ourselves instead of being told what to think. America's Systemic Psychosis provides the diagnosis of our problem, explains how the current psychosis and disconnect from the truth has come to pass, and the steps we all need to take to get our minds back, finding sanity and stability once again.

Terra Invictus Daniel Wayne Smitley II, 2024-03-09 It is December 2024. As the world elite moves closer to complete domination, war is being waged on both sides of Earth. Two paths from separate worlds move inevitably closer as ancient secrets are revealed that will change the paradigm of human history. One man fights for the survival of his family. One woman fights to prevent an insidious evil from entering the inner realm of mankind. The Modern Digital Age meets the Mythology of old as the known world becomes bigger and far darker than anyone could possibly imagine.

GOD SAW YOU Robert E. Carpenter D.D.S, 2025-08-11 In *God Saw You*, Dr. Carpenter takes the reader through a fascinating journey that focuses on the modern sciences of genetics and biochemistry, uniting them with the mysteries of the kingdom of God. Over 1,400 footnotes are presented on the page, referring to them so the reader has immediate access to the truths presented. Modern science and the Holy Scriptures conflict with each other. On these pages, the battle lines are reduced unapologetically from assumptions, possibilities, hypotheses, and theories to raw truths, many of which you might find to be inconvenient. The author finds an amazing number of scriptures that deal with genetics, ranging from simple concepts (such as seeds and conception) to complex references to DNA and the human genome. The book's real pay dirt is when he reveals the beautiful spiritual truths that are metaphorically parallel to these physical sciences. This is the true sense of the word apocalypse, meaning an unveiling. The entire Bible is an apocalypse...an unveiling of who God is, His kingdom, His expectations, and all of history-past, present, and future. This book does just that, lifting the veil off of familiar scriptures and revealing the rich and thrilling images previously hidden in the mysteries of God's Word. Get ready to see into the mind of God as He planned and programmed your genome. As King David said in Psalm 139, Your eyes saw my substance, being yet unformed, and in Your book, they all were written...when as yet there were none of them. How precious also are Your thoughts to me, O God! How great is the sum of them! Yes, God actually Saw You. And when you see that, you will never be the same again.

Fascismo in famiglia Barbara Serra,2025-04-08T00:00:00+02:00 È datata 16 maggio 1938 e indirizzata al nonno Vitale Piga la lettera che Barbara Serra trova per caso nella villa di famiglia a Decimomannu, in Sardegna. Sulla carta ingiallita dal tempo è impresso il timbro di una svastica e accanto, sopra la firma illeggibile, campeggia la scritta «Heil Hitler!». Come una porta spalancata sull'abisso, questa lettera rimasta sepolta per anni precipita Barbara in un passato inquietante che chiede di essere riportato alla luce. Attraverso documenti d'archivio, fotografie e testimonianze, **Fascismo in famiglia** ricostruisce una storia che affonda le proprie radici nell'aspra terra del Sulcis e nel destino di un uomo costretto a una scelta lacerante: eroe di guerra, prima antifascista convinto, poi zelante collaboratore del regime, Vitale Piga è come molti italiani un simbolo del compromesso tra l'adesione a un ideale e il pragmatismo di chi vuol trarre il meglio anche dalle avversità. Così, mentre le leggi razziali spaccano il paese e sull'Europa si addensano nubi di guerra, Piga fa proprio il sogno fascista di Carbonia e delle sue miniere, accettando la nomina a podestà. In un racconto intimo e insieme emblematico di un paese e di un'epoca, Barbara Serra fa i conti con la propria identità e con la memoria di chi, nel bene e nel male, ha vissuto gli anni più turbolenti della nostra storia.
