Clark Asahel Nichols

Beyond Elite Law Samuel Estreicher, Joy Radice, 2016-04-26 Are Americans making under \$50,000 a year compelled to navigate the legal system on their own, or do they simply give up because they cannot afford lawyers? We know anecdotally that Americans of median or lower income generally do without legal representation or resort to a sector of the legal profession that - because of the sheer volume of claims, inadequate training, and other causes - provides deficient representation and advice. This book poses the question: can we - at the current level of resources, both public and private - better address the legal needs of all Americans? Leading judges, researchers, and activists discuss the role of technology, pro bono services, bar association resources, affordable solo and small firm fees, public service internships, and law student and nonlawyer representation.

How to Probate an Estate in California Julia Nissley, Lisa Fialco, 2021-03-30 This book provides all of the forms, instructions, guidance, and tips you'll need to probate a simple estate in California. And even if you hire a lawyer to help, this book will give you a solid understanding of the process and allow you to do much of the work yourself.

Write Your Legal Will in 3 Easy Steps Robert Craig Waters, 2005 Eighty percent of adults have not yet written a will. Of the 20 percent who have, almost all need to update it. *Write Your Legal Will in 3 Easy Steps* provides the means for anyone to create an estate plan and a will -- quickly and legally. Produced by Self-Counsel Press, a publisher with over 30 years of experience producing legal books and forms, this complete kit includes everything a person needs to plan their estate, make decisions about how to divide it, and write their own legal will. There is no need to hire a lawyer, which can save a person thousands of dollars. This kit is written by a lawyer and it is 100% legal. Creating an estate plan and writing a will is easy. Step-by-step instructions are included in the book. You can fill in the paper forms or just pop the CD-ROM into your computer and type directly into the forms on your PC.

Law and Business Lawrence S. Clark,Robert J. Aalberts,Peter D. Kinder,1994 This comprehensive business law text which features briefed cases combines traditional business law coverage with solid treatment of regulatory topics. It meets both AACSB legal environment and CPA exam preparation requirements. Rather than stress the mechanics of law, Clark/Aalberts/Kinder conveys the complexity of the blend of factors that occurs when law is made and applied in resolving disputes. An easy-to-read style spares the students the impenetrable prose of other business law texts. Liberal use of flowcharts, diagrams, charts, briefed cases, and samples of legal instruments helps students learn. Cases are followed by insightful commentaries of sometimes controversial topics and present and analyze the actual political, economic, social, and ethical forces that caused the conflict. A new co-author, Robert J. Aalberts, has been added for the fourth edition. The revision has more chapter problems and 67 new cases. The chapter on bailments, which had been removed in the previous edition, has been returned to Part V on property. A unique new A Note to CPA Candidates at the end of every chapter provides invaluable insights and perspective on what the exam's emphasis and trends have been.
