Weike Wang

Joan Is Okay Weike Wang, 2022-01-18 NEW YORK TIMES EDITORS' CHOICE • A witty, moving, piercingly insightful new novel about a marvelously complicated woman who can't be anyone but herself, from the award-winning author of *Chemistry* LONGLISTED FOR THE ANDREW CARNEGIE MEDAL • "A deeply felt portrait . . . With gimlet-eyed observation laced with darkly biting wit, Weike Wang masterfully probes the existential uncertainty of being other in America."—Celeste Ng, author of *Little Fires Everywhere* ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, The New Yorker, NPR, The Washington Post, Vox Joan is a thirtysomething ICU doctor at a busy New York City hospital. The daughter of Chinese parents who came to the United States to secure the American dream for their children, Joan is intensely devoted to her work, happily solitary, successful. She does look up sometimes and wonder where her true roots lie: at the hospital, where her white coat makes her feel needed, or with her family, who try to shape her life by their own cultural and social expectations. Once Joan and her brother, Fang, were established in their careers, her parents moved back to China, hoping to spend the rest of their lives in their homeland. But when Joan's father suddenly dies and her mother returns to America to reconnect with her children, a series of events sends Joan spiraling out of her comfort zone just as her hospital, her city, and the world are forced to reckon with a health crisis more devastating than anyone could have imagined. Deceptively spare yet quietly powerful, laced with sharp humor, *Joan Is Okay* touches on matters that feel deeply resonant: being Chinese-American right now; working in medicine at a high-stakes time; finding one's voice within a dominant culture; being a woman in a male-dominated workplace; and staying independent within a tight-knit family. But above all, it's a portrait of one remarkable woman so surprising that you can't get her out of your head.

The Girl's Own Claudia Nelson, Lynne Vallone, 2010-06-01 The eleven contributors to *The Girl's Own* explore British and American Victorian representations of the adolescent girl by drawing on such contemporary sources as conduct books, housekeeping manuals, periodicals, biographies, photographs, paintings, and educational treatises. The institutions, practices, and literatures discussed reveal the ways in which the Girl expressed her independence, as well as the ways in which she was presented and controlled. As the contributors note, nineteenth-century visions of girlhood were extremely ambiguous. The adolescent girl was a fascinating and troubling figure to Victorian commentators, especially in debates surrounding female sexuality and behavior. *The Girl's Own* combines literary and cultural history in its discussion of both British and American texts and practices. Among the topics addressed are the nineteenth-century attempt to link morality and diet; the making of heroines in biographies for girls; Lewis Carroll's and John Millais's iconographies of girlhood in, respectively, their photographs and paintings; genre fiction for and by girls; and the effort to reincorporate teenage unwed mothers into the domestic life of Victorian America.

The Picaresque Novel in Western Literature J. A. Garrido Ardila, 2015-05-19 Since the sixteenth century, Western literature has produced picaresque novels penned by authors across Europe, from Alemán, Cervantes, Lesage and Defoe to Cela and Mann. Contemporary authors of neopicaresque are renewing this traditional form to express twenty-first-century concerns. Notwithstanding its major contribution to literary history, as one of the founding forms of the modern novel, the picaresque remains a controversial literary category, and its definition is still much contested. *The Picaresque Novel in Western Literature* examines the development of the picaresque, chronologically and geographically, from its origins in sixteenth-century Spain to the neopicaresque in Europe and the United States.

Reading the World's Stories Annette Y. Goldsmith, Theo Heras, Susan Corapi, 2016-08-11 *Reading the World's Stories* is volume 5 in the *Bridges to Understanding* series of annotated international youth literature bibliographies sponsored by the United States Board on Books for Young People. USBBY is the United States chapter of the International Board on Books for Young People (IBBY), a Switzerland-based nonprofit whose mission is bring books and children together. The series promotes sharing international children's books as a way to facilitate intercultural understanding and meet new literary voices. This volume follows *Children's Books from Other Countries* (1998), *The World through Children's Books* (2002), *Crossing Boundaries with Children's Books* (2006), and *Bridges to Understanding: Envisioning the World through Children's Books* (2011) and acts as a companion book to the earlier titles. Centered around the theme of the importance of stories, the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0-18 years. Essays by storyteller Anne Pellowski, author Beverley Naidoo, and academic Marianne Martens offer a variety of perspectives on international youth literature. This latest installment in the series covers books published from 2010-2014

and includes English-language imports as well as translations of children's and young adult literature first published outside of the United States. These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries. The organization of the guide is geographic by region and country. All of the more than 800 entries are recommended, and many of the books have won awards or achieved other recognition in their home countries. Forty children's book experts wrote the annotations. The entries are indexed by author, translator, illustrator, title, and subject. Back matter also includes international book awards, important organizations and research collections, and a selected directory of publishers known for publishing books from other countries.
