My Little Book of Quotes and Poems and the Scriptures that Inspired Them D. Edward Osborn, 2022-12-30 This book is made up of many quotes that I thought up mostly while I was doing time in prison after I found Jesus Christ as my Lord and Savior. The same goes for the poems and the short writings. You will notice that the chapter headings are the nine fruits of the spirits that are listed in Galatians 5:16-26. The holy scriptures tell us that we must build our faith in God Almighty and Jesus Christ. I hope through reading these quotes and short messages that the person reading this will increase their faith or come to find that Jesus Christ and God Almighty are real.

Enhancing Compassion in End-of-Life Care Through Drama Ewan Jeffrey, David Jeffrey, 2022-03-01 'Healthcare professionals spend much of their time listening to stories of sickness related by patients and their families. It thus seems appropriate that drama, which is primarily concerned with exploring narratives, change and crises and relies, like the clinical situation, on communication, is an ideal medium for healthcare professionals to gain new insights into care.' From the Introduction Good communication forms the heart of patient-centred care and is the cornerstone of a trusting relationship. Enhancing Compassion in End-of-Life Care Through Drama explores a broad range of plays from Greek tragedy to the present day and investigates how particular theatrical dynamics help to understand complexities in the setting of end-of-life care. It examines fresh ways to interpret the action and subtext represented on the stage and finds symmetries in a clinical context. It is ideal for use in a range of educational contexts, with practical ideas for workshops and summaries of key concepts in each chapter. This book will motivate all members of the multidisciplinary palliative care team including palliative care professionals, doctors, nurses, psychologists, spiritual advisers and social workers. Although based in the setting of palliative care, the learning points are relevant to all areas of clinical practice.
