*The Shock Doctrine* Naomi Klein, 2007-09-18 Reveals how the American government is using public disorientation after massive shocks such as wars, terrorist attacks, and natural disasters, to push through unpopular and controversial decisions and policies, creating an atmosphere of disaster capitalism that has shaped the global market in recent years.

*No Is Not Enough* Naomi Klein, 2017-06-13 \*\*The New York Times and Sunday Times Bestseller\*\* 'An ordinary person's guide to hope. Read this book' Arundhati Roy 'As accessible as it is brilliant' Owen Jones 'A genuine page turner' Michelle Alexander Naomi Klein - award-winning journalist, bestselling author of *No Logo*, *The Shock Doctrine* and *This Changes Everything*, scourge of brand bullies and corporate liars - gives us the toolkit we need to survive our surreal, shocking age. 'This is a look at how we arrived at this surreal political moment, how to keep it from getting a lot worse, and how, if we keep our heads, we can flip the script.' Remember when love was supposed to Trump hate? Remember when the oil companies and bankers seemed to be running scared? What the hell happened? And what can we do about it? Naomi Klein shows us how we got here, and how we can make things better. *No Is Not Enough* reveals, among other things, that the disorientation we're feeling is deliberate. That around the world, shock political tactics are being used to generate crisis after crisis, designed to force through policies that will destroy people, the environment, the economy and our security. That extremism isn't a freak event - it's a toxic cocktail of our times. From how to trash the Trump megabrand to the art of reclaiming the populist argument, Naomi Klein shows all of us how we can break the spell and win the world we need. Don't let them get away with it. 'Who better than Naomi to make sense of this madness, and help us find a way out? A top-of-the-stack must read' Michael Stipe 'Naomi Klein's new book incites us brilliantly to interweave our No with a programmatic Yes. **The Right Wing: the Good, the Bad, and the Crazy** Charles Phillip Rider, 2013-05-31 The book *The Right Wing: the Good, the Bad, and the Crazy* discusses the political right in the United States from Prohibition through recent speculation concerning the presidential campaign of 2016. A chapter is devoted to each U.S. President from Franklin Delano Roosevelt to George W. Bush. Many references are contained in the book concerning right wing personalities such as Robert Welch, Joe McCarthy, Barry Goldwater, Rush Limbaugh, Darrel Issa and others. Right wing organizations such as the John Birch Society, Fox News, and the Tea Party are analyzed. The Afterword section contains the authors solution to issues such as gun control, the U.S. Debt, the need for additional federal revenues, and the lack of medium and large U.S. corporations tax support of the U.S. government. Controversial issues such as sex education, immigration, and the present large gap between wealthy and middle class income are discussed in the book. The influence of the religious right in politics is analyzed. The author, Charles Rider, analyzes some of the above issues from an attorneys perspective. The book contains facts not generally known by readers such as Senator McCarthy, the communist witch hunter, subpoenaed many witnesses and forced them to testify in front of the Senate Permanent Sub Committee on Investigations. None of the witnesses ever went to jail or prison for communist activity. McCarthys committee records of witnesses testimony and background disappeared from the FBI files and the National Archives. During the Afghan War, Secretary of Defense, Donald Rumsfeld created a monetary reward program for information as to names of terrorists. Leaflets were distributed that the U.S. Government would pay up to \$15,000 for names of terrorists. People turned in their enemies and sometimes goat herders and store clerks ended up in Guantanamo.

*Beyond the Spirit of Empire* Joerg Rieger, 2013-01-25 How does empire mould human subjectivity, for instance, and how does it affect the understanding of humans within the whole of creation? This title analyzes the global empire in its political and economic dimensions, in its symbolic constructions of power, and in its general assumptions often taken for granted.

**No Is Not Enough** Naomi Klein, 2017-06-13 The New York Times–bestselling roadmap to resistance in the Trump era from the internationally acclaimed activist and author of *On Fire* and *The Battle for Paradise*. The election of Donald Trump is a dangerous escalation in a world of cascading crises. Trump’s vision—a radical deregulation of the US economy in the

interest of corporations, an all-out war on “radical Islamic terrorism,” and a sweeping aside of climate science to unleash a domestic fossil fuel frenzy—will generate wave after wave of crises and shocks, to the economy, to national security, to the environment. In *No Is Not Enough*, Naomi Klein explains that Trump, extreme as he is, is not an aberration but a logical extension of the worst and most dangerous trends of the past half-century. In exposing the malignant forces behind Trump’s rise, she puts forward a bold vision for a mass movement to counter rising militarism, nationalism, and corporatism in the United States and around the world. Longlisted for the National Book Award “I hope that Klein’s book is read by more than just her (mostly) leftwing fan base. For whatever you think about her economic arguments, she makes a powerful and an important point: that you cannot understand Trump without looking at how he reflects bigger cultural and social dynamics. And what is perhaps refreshing about *No Is Not Enough* is that Klein tries to move beyond mere outrage and hand-wringing to offer a practical manifesto for opposition.” —Financial Times “Brimming with ideas rarely heard in the mainstream media. And her fiery, punchy writing style, which is occasionally laced with humor, makes it hard to put down.” —The Georgia Straight

**The Shadow World** Andrew Feinstein, 2011-11-08 The Shadow World presents the behind-the-scenes tale of the global arms trade, exposing in forensic detail the deadly collusion that too often exists among senior politicians, weapons manufacturers, felonious arms dealers, and the military--a situation that compromises our security and undermines our democracy. Now a major PBS documentary An authoritative guide to the business of war. Chilling, heartbreaking, and enraging.--Arundhati Roy Andrew Feinstein reveals the cover-ups behind a range of weapons deals, from the largest in history--between the British and Saudi governments---to the guns-for-diamonds deals in Africa and the current \$60 billion U.S. weapons contract with Saudi Arabia. Based on pathbreaking reporting and unprecedented access to top-secret information, The Shadow World takes us into a clandestine realm that is as vitally important as it is shocking.

**Naomi Klein - Rise Of Disaster Capitalism** , 2015 The Rise of Disaster Capitalism features Naomi Klein explaining the

ideas and research behind her bestselling book, *The Shock Doctrine: The Rise of Disaster Capitalism*. In this riveting lecture and interview, Klein challenges and exposes the popular myth of the free market economy's peaceful global victory. Around the world there are people with power who are cashing in on chaos, exploiting bloodshed and catastrophe to brutally implement their policies. They are the shock doctors. From Chile in 1973 to Iraq today, this is the chilling tale of how a few are making a killing while more are getting killed.

**No Is Not Enough** Naomi Klein, 2017-06-05 Trump is extreme but he's not a Martian. He is the logical conclusion of many of the most dangerous trends of the past half-century. He is the personification of the merger of humans and corporations--a one-man megabrand, with wife and children as spin-off brands. This book is to help understand how we arrived at this surreal political moment, how to keep it from getting a lot worse, and how, if we keep our heads, we can flip the script and seize the opportunity to make things a whole lot better in a time of urgent need. A tool-kit for shock-resistance. --from the Introduction The election of Donald Trump produced a frightening escalation in a world of cascading crises. The Trump Administration's vision--the deconstruction of the welfare and regulatory state, the unleashing of a fossil fuel frenzy (which requires the sweeping aside of climate science) and an all-out attack on vulnerable communities under the guise of a war on crime and terrorism--will generate wave after wave of crises and shocks around the world, to the economy, to national security, to the environment. In *No Is Not Enough*, Naomi Klein embraces a lively conversation with the reader to expose the forces behind Trump's success and explain why he is not an aberration but the product of our time--Reality TV branding, celebrity obsession and CEO-worship, Vegas and Guantanamo, fake news and vulture bankers all rolled into one. And she shares a bold vision, a clear-eyed perspective on how to break the spell of his shock tactics, counter the rising chaos and divisiveness at home and abroad, and win the world we need.

**Shock and Awe** Art Carden, 2009 This essay examines some of the key claims made in Naomi Klein's *The Shock Doctrine*.

**This Changes Everything** Naomi Klein, 2015-08-04 Explains why the environmental crisis should lead to an abandonment of free market ideologies and current political systems, arguing that a massive reduction of greenhouse emissions may offer a best chance for correcting problems.

The Battle for Paradise Naomi Klein, 2018-06-05 Fearless necessary reporting . . . Klein exposes the 'battle of utopias' that is currently unfolding in storm-ravaged Puerto Rico" (Junot Díaz, author of *The Brief Wondrous Life of Oscar Wao*) "We are in a fight for our lives. Hurricanes Irma and María unmasked the colonialism we face in Puerto Rico, and the inequality it fosters, creating a fierce humanitarian crisis. Now we must find a path forward to equality and sustainability, a path driven by communities, not investors. And this book explains, with careful and unbiased reporting, only the efforts of our community

activists can answer the paramount question: What type of society do we want to become and who is Puerto Rico for?" —Carmen Yulín Cruz, Mayor of San Juan, Puerto Rico In the rubble of Hurricane Maria, Puerto Ricans and ultrarich "Puertopians" are locked in a pitched struggle over how to remake the island. In this vital and startling investigation, bestselling author and activist Naomi Klein uncovers how the forces of shock politics and disaster capitalism seek to undermine the nation's radical, resilient vision for a "just recovery." All royalties from the sale of this book in English and Spanish go directly to JunteGente, a gathering of Puerto Rican organizations resisting disaster capitalism and advancing a fair and healthy recovery for their island. "Klein chronicles the extraordinary grassroots resistance by the Puerto Rican people against neoliberal privatization and Wall Street greed in the aftermath of the island's financial meltdown, of hurricane devastation, and of Washington's imposition of an outside control board over the most important U.S. colony." —Juan González, cohost of Democracy Now! and author of *Harvest of Empire: A History of Latinos in America*

**Fences and Windows** Naomi Klein,2002-09-04 *Fences and Windows: Dispatches from the Front Lines of the Globalization Debate* brings together two years of Naomi Klein's writings and tracks the globalization conflict from Seattle to September 11th and beyond. Since the publication of *No Logo*, Naomi Klein has continued tirelessly as a brilliant and informed contributor to contemporary debate. *Fences and Windows: Dispatches from the Front Lines of the Globalization Debate*, intended as a companion to *No Logo*, includes her most notable essays, speeches and articles on issues from NAFTA to Genetically Modified Organisms to the violence in Genoa. It offers introduction and explanation, looking at where the movement has come from and where it is going. More than any other single voice, Naomi Klein articulates the concerns and complaints of a generation: about economic fundamentalism, the criminalization of dissent and the effects of Free Trade. But this book also reflects on the nature of resistance: the street protests that shocked and energized millions, carnival-style subversion and the apparent disorganization that is anti-globalization's great strength. *Fences and Windows: Dispatches from the Front Lines of the Globalization Debate* is provocative, intelligent and passionate, a document, in its own right, of a unique time in our history.
