It was bad enough that they had to say goodbye to their mother, but now they're forced to part ways with their fellow siblings as well. Thirteen-year-old Frances won't stand for it. The Orphan Train Adventures Series Ashten Taylor Redell,University of Southern Mississippi. Department of English,University of Southern Mississippi. Honors College,2014 The Orphan Train Adventures, a series of historical novels by Joan Lowery Nixon (1927-2003), is concerned with the responsibility exercised by its child characters during the antebellum and Civil War periods. This thesis examines how Nixon, by illustrating the positive effects of responsibility through her child characters, suggests the value of cultivating responsibility in children of the contemporary period. Nixon's use of the mid-nineteenth- century setting and the rearing practices associated with this time allows her to demonstrate positive acts of responsibility in her main characters--six siblings sent west from New York City on the orphan trains. This study finds that children are capable of exercising responsibility and that a sense of responsibility is necessary for children to develop into successful adults. Through her characterizations Nixon suggests that familial relationships actually have a strong effect on one's development of responsibility and that family members are essentially accountable for the development of responsibility among each other. Nixon thereby suggests that even as the American family has undergone many changes in the contemporary period, children and parents should combat these changes to successfully develop responsibility. In fact, this study works to understand the characterization of responsible siblings in children's and young adult literature and offers new ways to understand responsibility and the contemporary child. --Page iv.

Helping Those Experiencing Loss Robert J. Grover Professor Emeritus,Susan G. Fowler,2011-07-13 This book provides a

guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources. Grief caused by loss is both a very common human experience and a highly individualized one. For example, children experience a number of losses that are unique to their young age—such as sibling and parent death, adoption, or divorce—and should be given special consideration by professionals and parents helping them in these situations. For gay, lesbian, or cohabiting heterosexual couples that suffer the loss of a partner, societal standards often deny the survivors in these relationships the right to grieve. *Helping Those Experiencing Loss: A Guide to Grieving Resources* is a book like no other, supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime, as well as a comprehensive guide to the literature of bereavement and grieving. It explains the grieving process, interpreting the results of research on the topic in plain language and addressing specific groups: children, young adults, parents who have lost a child, adults who have lost spouses, and the aging population.

Orphan Trains Elizabeth Raum, 2010-12 Describes the people and events involved in the orphan trains. The reader's choices reveal the historical details from the perspectives of a New York City newsboy, a child trying to keep his siblings together, and a child sent west on the baby trains--Provided by publisher.

The Sun Won't Come Out Tomorrow Kristen Martin, 2025-01-21 The real history of being an orphan in America is nothing like the myth, and nothing like the American dream. The orphan story has been mythologized: Step one: While a child is still too young to form distinct memories of them, their parents die in an untimely fashion. Step two: Orphan acquires caretakers who amplify the world's cruelty. Step three: Orphan escapes and goes on an adventure, encountering the world's vast possibilities. *The Sun Won't Come Out Tomorrow* upends this. Pairing powerful critiques of popular orphan narratives, from *Annie* to the *Boxcar Children* to *Party of Five*, journalist Kristen Martin explores the real history of orphanhood in the United States, from the 1800s to the present. Martin reveals the mission of religious indoctrination that was at the core of the first orphanages, the orphan trains that took parentless children out West (often without a choice), and the inherent classism and racism that still underlies the United States' approach to child welfare. Through a combination of in-depth archival research, memoir (Martin herself lost both her parents when she was quite young), and cultural analysis, *The Sun Won't Come out Tomorrow* is a compellingly argued, compassionate book that forces us to reconsider autonomy, family, and community. Kristen Martin delivers a searing indictment of America's consistent inability to care for those who need it most.

Family Matters Ruth Lyn Meese, 2009-11-19 This volume is designed to give librarians and teachers guidance on the subject of adoption and foster care—both as themes in children's literature and as issues affecting many students. To help librarians and teachers gain a deeper understanding of this sensitive subject, *Family Matters: Adoption and Foster Care in Children's Literature* takes a close look at 115 works of children's literature that have themes related to adoption and foster care, including many that have received the Newberry Award, Caldecott Award, or other prestigious honors from the

American Library Association. Family Matters is not just a digest of titles. It is an expert resource for addressing adoption and foster care in the classroom, both as a literary subject and as a personal issue with students. The book opens with an historical overview of adoption and foster care, then reviews level-appropriate titles by age group—K-grade 2, grades 3-5, and grades 6-8. Coverage includes discussions of the impact of adoption and foster care on normal development, as well as suggestions for safe language to use in the classroom, and fun, effective activities for each title.

Grace: Forever Family Peggy McGee, 2015-01-07 Grace: Forever Family Grace Finley put her teaching career on hold, in anticipation of relocating with her beloved Adam whom she hoped would soon return from the war. Instead, she received a heartbreaking letter indicating that he had found another while stationed overseas. Too late in the year to obtain a teaching contract, she takes an interim position with the Children's Aid Society for an orphan train excursion. There, she puts her heart and soul in finding new homes for the many orphaned children. In her travels out west, she meets a pastor whom she fancies, but he is adored by one of her co-workers. Then, a new doctor enters her life, with whom she experiences unpredictable calamities on the Nebraska frontier, resulting in a loss of her teaching position. In the meantime, Adam unexpectedly reappears in her life once again, compromising her ability to move on. Follow the adventures of Grace in this 1918 historical romance as she seeks to make a difference in the young lives around her while realizing her true love.

David's Search Joan Lowery Nixon, 2000-06-13 After eleven-year-old orphan-train rider David Howard settles with a strict Texas farm family, his best friend, an ex-slave, is threatened by the growing presence of the Ku-Klux Klan.

Orphan Train Angel Seeker Peggy McGee, 2016-05-15 Orphan Train Angel Seeker is the newest book of the inspiring and popular Orphan Train Adventures. Angela, a beautiful child with auburn hair, was fortunate to be adopted locally in NYC after her parents died, while her brothers were placed during an Orphan Train excursion in a Midwestern farm community in 1914. During her high school years, her adopted parents decided to board her at a Catholic Convent School. Not desiring to become a nun but to ultimately reunite Orphan Train families, the principal finds a position for her at a Children's Home in nearby Chicago where she also secures contract work with the Pinkerton Agency. She falls for the young director, not realizing that he has associations with the Mob, putting her in danger. As a mentor to a younger orphan, both of their lives take flight while attempting to find love and stability in all of the wrong places. Despite her many admirers, Angela cannot get one out of her mind. But, can he protect her from the Mob and ultimately seek her out to ask for her forgiveness and love? A heartwarming novel about families wanting to come together, and an 'angel' named Angela who seeks to make this all possible.
