**Imperialism: The Highest Stage of Capitalism** V.I. Lenin, 2021-11 During the First World War, Lenin found himself isolated, but he was not afraid to fight against the stream. He dedicated all his strength to educating and training the Bolsheviks on the basis of the genuine ideas of Marxism. His masterpiece, *Imperialism: The Highest Stage of Capitalism*, is an immortal monument to his work in the vital field of theory. No book has ever explained the phenomena of modern capitalism better. Indeed, all of Lenin's predictions concerning the concentration of capital, the dominance of the banks and finance capital, the growing antagonism between nation states and the inevitability of war arising out of the contradictions of imperialism have been shown to be true by the entire history of the last 100 years. Using the empirical evidence and statistics at his disposal, Lenin explains that, in the stage of imperialist monopoly capitalism, the entire economy is under the domination of the banks and finance capital. Today, over 100 years after it was first published, this domination is 100 times greater. Lenin's text therefore stands as required reading for revolutionaries.

*Imperialism: The Highest Stage of Capitalism* Vladimir Lenin, 2010-08-26 Vladimir Lenin created this hugely significant Marxist text to explain fully the inevitable flaws and destructive power of Capitalism: that it would lead unavoidably to imperialism, monopolies and colonialism. He prophesied that those third world countries used merely as capitalist labour would have no choice but to join the Communist revolution in Russia. GREAT IDEAS. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

*Imperialism the Highest Stage of Capitalism* Vladimir Lenin Ilich,2021-06-12 Imperialism, the Highest Stage of Capitalism by Vladimir Lenin, describes the function of financial capital in generating profits from imperialist colonialism as the final stage of capitalist development to ensure greater profits. The essay is a synthesis of Lenin's modifications and developments of economic theories that Karl Marx formulated in *Das Kapital* (1867). Lenin's influential analysis remains highly relevant in comprehending the historical context of the foreign and domestic policy in the United States and other major nations.

**Imperialism, the Highest Stage of Capitalism** Vladimir I. Lenin,2017-07-25 Lenin created this hugely significant Marxist text to explain fully the inevitable flaws and destructive power of Capitalism: that it would lead unavoidably to imperialism, monopolies and colonialism. He prophesied that those third world countries used merely as capitalist labour would have no choice but to join the Communist revolution in Russia. Throughout history, some books have changed the world, they have transformed the way we see ourselves. They have inspired millions of people with their political views. This is one of those.

Imperialism the Highest Stage of Capitalism By Vladimir Ilich Lenin,2023-02-13 Imperialism: The Highest Stage of Capitalism, written by Vladimir Lenin in 1916, is a summary of Lenin's expansion of the economic theories that Karl Marx established in *Das Kapital*. It makes an effort to explain how the global market became more significant in the 20th century. According to Lenin, the First World War and colonialism were both results of the globalisation of the capitalist system. The German, British, French, and Russian empires would eventually clash over the economic exploitation of significant portions of the world while colonising underdeveloped nations. He contends that in the capitalist homeland, the business class can buy local politicians, labour leaders, and the labour aristocracy with the money made from exploiting colonies in order to quell worker uprisings.

Imperialism, the Highest Stage of Capitalism Vladimir Ilyich Lenin, 2016-07-23 This pamphlet was written with an eye to the tsarist censorship. Hence, I was not only forced to confine myself strictly to an exclusively theoretical, specifically economic analysis of facts, but to formulate the few necessary observations on politics with extreme caution, by hints, in an allegorical language-in that accursed Aesopian language-to which tsarism compelled all revolutionaries to have recourse whenever they took up the pen to write a legal work. It is painful, in these days of liberty, to re-read the passages of the pamphlet which have been distorted, cramped, compressed in an iron vice on account of the censor. That the period of imperialism is the eve of the socialist revolution; that social-chauvinism (socialism in words, chauvinism in deeds) is the utter betrayal of socialism, complete desertion to the side of the bourgeoisie; that this split in the working-class movement is bound up with the objective conditions of imperialism, etc.-on these matters I had to speak in a slavish tongue, and I must refer the reader who is interested in the subject to the articles I wrote abroad in 1914-17, a new edition of which is soon to appear. In order to show the reader, in a guise acceptable to the censors, how shamelessly untruthful the capitalists and the social-chauvinists who have deserted to their side (and whom Kautsky opposes so inconsistently) are on the question of annexations; in order to show how shamelessly they screen the annexations of their capitalists, I was forced to quote as an example-Japan! The careful reader will easily substitute Russia for Japan, and Finland, Poland, Courland, the Ukraine, Khiva, Bokhara, Estonia or other regions peopled by non-Great Russians, for Korea. I trust that this pamphlet will help the reader to understand the fundamental economic question, that of the economic essence of imperialism, for unless this is studied, it will be impossible to understand and appraise modern war and modern politics. V.I. Lenin
