**The Pelican Brief** John Grisham, 2010-03-16 #1 NEW YORK TIMES BESTSELLER • The classic legal thriller that inspired the blockbuster film starring Julia Roberts and Denzel Washington “There is a propulsiveness to [Grisham’s] narrative that keeps the pages turning briskly.”—People In suburban Georgetown, a killer’s Reeboks whisper on the floor of a posh home. In a seedy D.C. porno house a patron is swiftly garroted to death. The next day America learns that two of its Supreme Court justices have been assassinated. And in New Orleans a young law student prepares a legal brief. . . . To Darby Shaw it was no more than a legal shot in the dark, a brilliant guess. To the Washington establishment it was political dynamite. Suddenly Darby is witness to a murder—a murder intended for her. Going underground, she finds there is only one person she can trust—an ambitious reporter after a newsbreak hotter than Watergate—to help her piece together the deadly puzzle. Somewhere between the bayous of Louisiana and the White House’s inner sanctums, a violent cover-up is being engineered. For someone has read Darby’s brief. Someone who will stop at nothing to destroy the evidence of an unthinkable crime.

The Pelican Brief John Grisham, 1993 A law student in New Orleans writes a legal brief that ends up making her enemies in high places. Movie tie-in. Reprint.

**Is the Life of a Writer, the Write Life for Me?** Paul Anthony Mills, 2019-08-26 Ever read an adventure like *Harry Potter* or that Stephen King horror *The Shining* or an epic romance novel such as *Gone with the Wind* and thought about writing one of your very own? If your answer is yes, then you're no different than just about anyone who has ever picked up a novel and been swept away by pages infused with a gripping and captivating narrative. This made possible by the unique and creative ability of its author. Sure, we've all written something at some point in our life. It might have been that one-page book report for grade school or that essay for university or maybe you kept a diary or wrote a blog. These are all fine examples of writing, but what they're not is a novel. You may love reading them, you may have even promised yourself to one day start writing one, but can you honestly say you're ready to take on such an endeavor? Do you truly know what it takes to sit down and create your very own? But here's the thing, you can't really know whether you're ready if you don't first know what you're up against. Which brings us to the title of the first book in my three-book series, *Is the Life of a Writer, the Write Life for Me?* Through interesting examples, I will cover such areas as perseverance, curiosity, acuity, ability to tell a story, ability to remain focused, procrastination, etc.—traits necessary to undergo the rigors of starting, staying with, and completing your first novel. By the end of this first book, you will know whether you have what it takes to create your very first novel.

Naked Truth George East, 2017-02-14 WOULD YOU THINK YOURSELF ABLE TO PILOT A JUMBO JET BECAUSE YOU HAVE TRAVELLED BY AIR A LOT? Or perform brain surgery because you like to watch medical soaps on TV? Of course not. So why do people think they can write a book just because they've read some? It is a mystery which has puzzled best-selling author GEORGE EAST for many years, and one which he addresses in this amusing, entertaining and, most importantly, very informative guide.

Spy, 1992-10 Smart. Funny. Fearless. It's pretty safe to say that *Spy* was the most influential magazine of the 1980s. It might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented -- Dave Eggers. It's a piece of garbage -- Donald Trump.

The Adaptation Industry Simone Murray, 2012-03-12 Adaptation constitutes the driving force of contemporary culture, with stories adapted across an array of media formats. However, adaptation studies has been concerned almost exclusively with textual analysis, in particular with compare-and-contrast studies of individual novel and film pairings. This has left almost completely unexamined crucial questions of how adaptations come to be made, what are the industries with the greatest stake in making them, and who the decision-makers are in the adaptation process. The Adaptation Industry re-imagines adaptation not as an abstract process, but as a material industry. It presents the adaptation industry as a cultural economy of six interlocking institutions, stakeholders and decision-makers all engaged in the actual business of adapting texts: authors; agents; publishers; book prize committees; scriptwriters; and screen producers and distributors. Through trading in intellectual property rights to cultural works, these six nodal points in the adaptation network are tightly interlinked, with success for one party potentially auguring for success in other spheres. But marked rivalries between these

institutional forces also exist, with competition characterizing every aspect of the adaptation process. This book constructs an overdue sociology of contemporary literary adaptation, never losing sight of the material and institutional dimensions of this powerful process.

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries (three stars=good; four stars=excellent; five stars=masterpiece), and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e. animated, drama, sports, mystery, adventure etc.) as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

**St. James Encyclopedia of Popular Culture** Tom Pendergast, Sara Pendergast, 2000 The millenium-inspired fascination with 20th-century studies cannot be fully satisfied without a comprehensive and scholarly look at popular culture. With its emphasis on ideas, people, events and products that symbolize America, the St. James Encyclopedia of Popular Culture is a cross-curriculum resource that will find use among a wide variety of users. Major topics include: television, movies, theater, art, books, magazines, radio, music, sports, fashion, health, politics, trends, community life and advertising.

*World Authors 1990-1995* Clifford Thompson, 1999 Representing a broad range of ethnic diversity, these in-depth profiles present fascinating accounts of lives and careers, the circumstances under which works were produced, and their literary significance. Each profile also includes critical evaluation, a list of the author's principal works with date first published, a list of major critical works, and a portrait or photograph where available.

**Julia Roberts** Mark Bego, 2003-06 This National Enquirer tell-all includes little known details of Julia Roberts' rise to stardom, her endless string of failed romances with high profile men, and her marriage in 2002.

**John Grisham** Mary Beth Pringle, 1997-05-28 Following a biographical chapter that focuses on Grisham's childhood in

Arkansas, his education, political career, and development as a writer, Pringle examines the legal thriller, its antecedents, and Grisham's contribution to the genre. An individual chapter is devoted to analysis of each of his novels. Each chapter synthesizes the novel, discusses its reception by critics, and features sections on plot and character development, social/historical context and issues, and an alternative critical perspective from which to approach the novel, such as psychoanalytic theory or feminist criticism. The work includes a complete bibliography of Grisham's work, critical sources, and a list of reviews of all of his novels. For students, book discussion groups, and fans, this is the perfect companion to Grisham's novels.

*Alan J. Pakula* Jared Brown, 2005 For me, Alan Pakula was one of the great American filmmakers, but if you look at his films, they look so simple. The camera is not doing back—flips and he's not afraid to hold a shot. You can argue that if you do your work really well, no one should notice. —Todd Field, director of *In the Bedroom* To Kill a Mockingbird. Kluge. All the President's Men. Sophie's Choice. Presumed Innocent. Alan J. Pakula was the creative force behind these great films and dozens more. Here at last is the definitive biography of this film genius, based on interviews with more than 40 friends, including Jane Fonda, Robert Redford, and Meryl Streep, and unrestricted access to Pakula's own family and archives. Born in the Bronx, destined to take over the family printing business, Pakula instead began writing and acting in plays as a teenager and moved to Hollywood in the 1950s. Artistically driven, boundlessly inventive, hugely influential, Pakula has left an enduring film legacy. • Three-time Academy Award-winning writer/director/producer • Interviews with Harrison Ford, Laurence Bacall, Meryl Streep, Robert Redford, Jane Fonda, Kevin Kline, Candice Bergen, Donald Sutherland, and over 30 other film celebrities • More than 25 never-before-published photos of Pakula from his family
