**The Color Project** Sierra Abrams, 2017-08-17 Bernice Aurora Wescott has one thing she doesn't want anyone to know: her name. That is, until Bee meets Levi, the local golden boy who runs a charity organization called The Color Project. Levi is not at all shy about attempting to guess Bee's real name; his persistence is one of the many reasons why Bee falls for him. But while Levi is everything she never knew she needed, giving up her name would feel like a stamp on forever. And that terrifies her. When unexpected news of an illness in the family drains Bee's summer of everything bright, she is pushed to the breaking point. Losing herself in The Color Project—a world of weddings, funerals, cancer patients, and hopeful families that the charity funds—is no longer enough. Bee must hold up the weight of her family, but to do that, she needs Levi. She'll have to give up her name and let him in completely, or lose the best thing that's ever happened to her. For fans of Stephanie Perkins and Morgan Matson, **THE COLOR PROJECT** is a story about the three great loves of life—family, friendship, and romance—and the bonds that withstand tragedy.

**Madonna** Mary Gabriel, 2023-10-10 New York Times Editors' Choice, One of NPR's Best Books of the Year In this "infinitely readable" biography, award-winning author Mary Gabriel chronicles the meteoric rise and enduring influence of the greatest female pop icon of the modern era: Madonna (People Magazine) With her arrival on the music scene in the early 1980s, Madonna generated nothing short of an explosion—as great as that of Elvis or the Beatles—taking the nation by storm with her liberated politics and breathtaking talent. Within two years of her 1983 debut album, a flagship Macy's store in Manhattan held a Madonna lookalike contest featuring Andy Warhol as a judge, and opened a department called "Madonna-land." But Madonna was more than just a pop star. Everywhere, fans gravitated to her as an emblem of a new age, one in which feminism could shed the buttoned-down demeanor of the 1970s and feel relevant to a new generation. Amid the scourge of AIDS, she brought queer identities into the mainstream, fiercely defending a person's right to love whomever—and be whoever—they wanted. Despite fierce criticism, she never separated her music from her political activism. And, as an artist, she never stopped experimenting. Madonna existed to push past boundaries by creating provocative, visionary music, videos, films, and live performances that changed culture globally. Deftly tracing Madonna's story from her Michigan roots to her rise to super-stardom, master biographer Mary Gabriel captures the dramatic life and achievements of one of the greatest artists of our time.

*Embody* Toni Bergins, M.Ed.,2024-10-29 A new paradigm for embodied healing in a unique, experiential, therapeutic process in which expressive movement, guided imagery, ritual, music, and creative expression work together. In *Embody*, Toni Bergins, the founder and creator of JourneyDance, an internationally renowned dance movement program, shares with readers a powerful way to address trauma mindfully so people can confront it, heal, and grow to love themselves unconditionally, just as they are. *Embody* is a dynamic, conscious practice that can help people release what no longer serves them and shows them how to stop stuffing/numbing the pain and start feeling, stop over-thinking/limiting, and get moving! Embodiment is the new buzzword in personal transformation, but, most often, it is connected to static practices like breathwork and meditation. For Toni Bergins, embodiment is best achieved through active movement, and has created a practice where people literally get out of their heads and into their bodies! Her program is a trauma-informed one that offers a new promise: leading readers through deep, personal work but making it feel like play. In this book, she turns the heaviness of processing pain and past trauma into an expressive art aligned with the most recent research. Specifically, trauma expert Bessel van der Kolk, writes in his bestselling *The Body Keeps the Score*, “In order to overcome trauma, people need to feel safe enough to open up their hearts and minds to others and become engaged with new possibilities. This can be done if trauma survivors are helped to confront and confess the reality of what has happened and are helped to feel safe again. In many cultures this involves communal rhythmical activities, such as dancing...” And that is Toni Bergins’ mission and method: to help readers move into a new story for their lives. *Embody* features Toni’s prescription for a comprehensive healing journey, comprised of five core elements: · Music, to open the doorways of impulse, imagination, creativity and healing to change mood and awareness; · Movement, to enhance presence and confidence, and release old patterns and traumas; · Mystical Inquiry, where imagery and creative visualization exercises are used to guide readers into an alchemic and shamanic state to investigate past hurts, and learn to trust their instincts; · Prayers and Invocations, to raise energetic vibrations to a positive place with powerful affirmations; and · Journaling, with writing prompts to process inner self-awareness learned on the dance floor or through any of the other *Embody* elements.

*King or Pawn?* Hugh Robertson,2014-05-09 Did the world's most famous playboy prince become a king and then a traitor?King or Pawn? - Volume One of the dramatic saga *The Fools' Crowns* - weaves fact and fiction as dramatic events unfold. King Edward VIII is forced to face a terrible choice - his throne or his love. The King, the Royal family, courtiers, politicians, diplomats, friends, enemies and spies all play a part in a drama that rocks a nation and an empire.From Buckingham Palace in London to the Chancellory in Berlin; from the King's retreat in Windsor Great Park, Fort Belvedere, to

Hitler's mountain lair at Berchtesgarden, the intrigue unfolds. Was the King no more than an immature and naive hedonist whose self-obsessed adolescent nature was swayed by flattery? Or, ominously, did he see his future with Wallis Simpson, his wife and queen, and he the monarch of the kingdom of a united Great Britain and Germany, created and ruled by Adolf Hitler's Third Reich? Was the King manipulated into abdicating because he and his lover were a threat to the very country of which he was monarch? Was he a traitor or a mere pawn in the great game that was leading Europe and the world to war?
