The Early Reader in Children's Literature and Culture Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers – books written and designed for children who are just beginning to read independently. It argues that Early Readers deserve more scholarly attention and careful thought because they are, for many younger readers, their first opportunity to engage with a work of literature on their own, to feel a sense of mastery over a text, and to experience pleasure from the act of reading independently. Using interdisciplinary approaches that draw upon and synthesize research being done in education, child psychology, sociology, cultural studies, and children's literature, the volume visits Early Readers from a variety of angles: as teaching tools; as cultural artifacts that shape cultural and individual subjectivity; as mass produced products sold to a niche market of parents, educators, and young children; and as aesthetic objects, works of literature and art with specific conventions. Examining the reasons such books are so popular with young readers, as well as the reasons that some adults challenge and censor them, the volume considers the ways Early Readers contribute to the construction of younger children as readers, thinkers, consumers, and as gendered, raced, classed subjects. It also addresses children's texts that have been translated and sold around the globe, examining them as part of an increasingly transnational children's media culture that may add to or supplant regional, ethnic, and national children's literatures and cultures. While this collection focuses mostly on books written in English and often aimed at children living in

the US, it is important to acknowledge that these Early Readers are a major US cultural export, influencing the reading habits and development of children across the globe.

The series is aimed at readers in grades 2-6. Originally published in 1924 by Rand McNally (as *The Box-Car Children*) and reissued in a shorter revised form in 1942 by Albert Whitman & Company, *The Boxcar Children* tells the story of four orphaned children, Henry, Jessie, Violet, and Benny. They create a home for themselves in an abandoned boxcar in the forest. They eventually meet their grandfather, who is a wealthy and kind man (although the children had believed him to be cruel). The children decide to live with the grandfather, who moves the beloved boxcar to his backyard so the children can use it as a playhouse. The book was turned adapted as the film *The Boxcar Children* in 2014 and the sequel novel *Surprise Island* was released as a film in 2017. Based on a 2007 online poll, the National Education Association named the original book one of its Teachers' Top 100 Books for Children. In 2012 the original novel was ranked among the all-time Top 100 Chapter Books, or children's novels, in a survey published by *School Library Journal*. In the subsequent books, the children encounter many adventures and mysteries in their neighborhood or at the locations they visit with their grandfather. The majority of the books are set in locations the children are visiting over school holidays such as summer vacation or Christmas break. Only the first 19 stories were written by creator Warner. Other books in the series have been written by other writers, but always feature the byline Created by Gertrude Chandler Warner. The recent books in the series are set in the present day, whereas most of the original books were set in the 1920s and 1930s.

They create a home for themselves in an abandoned boxcar in the forest. They eventually meet their grandfather, who is a wealthy and kind man (although the children had believed him to be cruel). The children decide to live with the grandfather, who moves the beloved boxcar to his backyard so the children can use it as a playhouse. When a baker and his wife learn that the children are orphans, they make

plans the children don't like. They plan to send the children, who live in a house next door to the bakery, to live with their grandfather, but the children have been brought up to fear their grandfather, whom they have never met, because he did not like their parents' marriage. The baker and his wife plan to take the three elder children, who are old enough to be helpful in the bakery, but to send the youngest, Benny to an orphanage. Finding an abandoned boxcar, the children start a new life of work. Henry ends up working in a nearby town called Silver City for a young doctor called Dr. Moore in order to earn money for food and other things they need. He also does gardening for the doctor's mother. The children's lives are nice and full of hard work until Violet becomes ill and they go to the doctor for help. The book was adapted as the film in 2014.
