

Journey To The End Of The Night Celine

Bright Summaries

Journey to the End of the Night Louis-Ferdinand Céline, 2014-02-14 Céline's masterpiece—colloquial, polemic, hyper-realistic, boiling over with black humor Céline's masterpiece—colloquial, polemic, hyper realistic—boils over with bitter humor and revulsion at society's idiocy and hypocrisy: Journey to the End of the Night is a literary symphony of cruelty and violence that hurtles through the improbable travels of the petit bourgeois (and largely autobiographical) antihero, Bardamu: from the trenches of WWI, to the African jungle, to New York, to the Ford Factory in Detroit, and finally to life in Paris as a failed doctor. Ralph Manheim's pitch-perfect translation captures Céline's savage energy, and a dynamic afterword by William T. Vollmann presents a fresh, furiously alive take on this astonishing novel.

Céline: Journey to the End of the Night John Sturrock, 1990-05-10 A detailed study of Céline's novel, Journey to the End of the Night

Understanding Céline Philip H. Solomon, 1992 Solomon examines the principal themes and structures of the novels of French writer Louis-Ferdinand Celine, taking into account his theatre, anti-Semitic pamphlets, and critical works. A biographical introduction and a chronology note the historical and private events that shaped the author's life and influenced his development as a writer. An overview of Celine's writings explores the author's vision of the human condition and his perception of the redemptive value of the work of art by which the disorder of life is resolved by the order of writing. Emphasis is placed on the self-reflective nature of Celine's fiction, particularly on the function of the mythologized head wound to express the transition between autobiography and fiction. Each of the volume's principal chapters is devoted to an individual novel or closely related group of novels, considered in chronological order. A brief plot summary and indication of the work's particular relevance for the reader precedes the analysis of the text. Each work, from Journey to the End of the Night to Rigadoon, is considered not only with respect to its intrinsic interest but also in terms of its describing a phase in the apprenticeship of life that Celine's picaresque protagonist undergoes as he is progressively stripped of his illusions and comes to resemble the narrator more closely.

Encyclopedia of Literary Translation Into English: A-L O. Classe, 2000

The French Genealogy of the Beat Generation Véronique Lane, 2017-10-19 The Francophilia of the Beat circle in the New York of the mid-1940s is well known, as is the importance of the Beat Hotel in the Paris of the late 1950s and early 1960s, but

how exactly did French literature and culture participate in the emergence of the Beat Generation? French modernism did much more than inspire its first major writers, it materially shaped their works, as this comparative study reveals through close textual analysis of William Burroughs, Allen Ginsberg and Jack Kerouac's appropriations of French literature and culture. Sometimes acknowledged, sometimes not, their appropriations take multiple forms, ranging from allusions, invocations and citations to adaptations and translations, and they involve a vast array of works, including the poetic realist films of Carné and Cocteau, the existentialist philosophy of Sartre, and the poems and novels of Baudelaire, Rimbaud, Proust, Gide, Apollinaire, St.-John Perse, Artaud, Céline, Genet and Michaux. While clarifying the extent of Burroughs, Ginsberg and Kerouac's engagements with French literature and culture, in-depth analysis of their textual appropriations emphasises differences in their views of literature, philosophy and politics, which help us understand the early Beat circle was divided from the start. The book's close-readings also transform our perception of Burroughs' cut-up practice, Kerouac's spontaneous prose, and Ginsberg's poetics of open secrecy.

Céline, Man of Hate Bettina Liebowitz Knapp, 1974 Literary, philosophical and psychological study of hate as a motivating force.--Misha Schutt.

Available in print and digital format, our publications are designed to accompany you in your reading journey. The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature in a whole new light with BrightSummaries.com!

The Retail Bookseller, 1934

The Generation of 1914 Robert WOHL, Robert Wohl, 2009-06-30 The generation of 1914 holds a special place in memory, affection, and myth. In this irresistible and moving book, Robert Wohl rescues it from the shadows of legend and brings it

fully into the realm of understanding. He tells the story of the young men--the middle class elite of five European countries, France, Germany, England, Spain, and Italy, to recreate the generational consciousness that united them as well as the unique national experience that made them different. These were men born at the end of the nineteenth century when the world of reason was disintegrating into a world of irrationality. They were destined to rule but their lives were interrupted by the greatest of wars, leaving them searching for identity and historical continuity. Wohl recaptures this search through novels, poems, autobiographies, memoirs, sociological treatises, philosophical essays, university lectures, political speeches, conversations when recorded, letters, personal notebooks, and newspaper articles. His book is a brilliant study of European mentalities, both collective and individual. Probing behind ideas to find the experience that inspired them, Wohl illuminates in unexpected ways the origins of World War I and its impact on its participants. His exploration of the consciousness of generational unity and the power of the generational bond enables him to place in a novel context the spread of pessimism and despair, the waning of liberal and humanitarian values, the rise of Communist and Fascist movements, and the sudden eruption of violence in Europe's progressive countries between the two world wars.
