Susan Forward, Donna Frazier Glynn

Mothers Who Can't Love Susan Forward, Donna Frazier Glynn, 2013-10-01 With *Mothers Who Can't Love: A Healing Guide for Daughters*, Susan Forward, Ph.D., author of the smash #1 bestseller *Toxic Parents*, offers a powerful look at the devastating impact unloving mothers have on their daughters—and provides clear, effective techniques for overcoming that painful legacy. In more than 35 years as a therapist, Forward has worked with large numbers of women struggling to escape the emotional damage inflicted by the women who raised them. Subjected to years of criticism, competition, role-reversal, smothering control, emotional neglect and abuse, these women are plagued by anxiety and depression, relationship problems, lack of confidence, and difficulties with trust. They doubt their worth, and even their ability to love. Forward examines the Narcissistic Mother, the Competitive Mother, the Overly Enmeshed mother, the Control Freak, Mothers who need Mothering, and mothers who abuse or fail to protect their daughters from abuse. Filled with compelling case histories, *Mothers Who Can't Love* outlines the self-help techniques Forward has developed to transform the lives of her clients, showing women how to overcome the pain of childhood and how to act in their own best interests. Warm and compassionate, *Mothers Who Can't Love* offers daughters the emotional support and tools they need to heal themselves and rebuild their confidence and self-respect.

Media, 2022-03-26T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The mother myth is so strong that if your mother was unloving, you'll inevitably run into a wall of resistance from external forces that defend her. You may be met with skepticism, sharp criticism, and counterproductive advice. #2 The pain of having an unloving mother is intensely lonely and isolating. It is common for even a well-meaning friend or relative to discount an unloved daughter's pain or blame her when she looks for sympathy. #3 The great common denominator among women with unloving mothers is the desire for validation. They all want to find someone who will say, Yes, what you experienced really happened. Yes, your feelings are justified. I understand. #4 The grin and bear it approach to your mother's behavior keeps the peace, but it's a form of paralysis brought on by shame and fear. You fear the consequences of admitting your mother is unloving, and you can't change that relationship, so you just have to live with it.

When You and Your Mother Can't Be Friends Victoria Secunda, 2009-11-04 "A book of great value for every daughter and every mother; useful for sons, too."—Benjamin Spock, M.D. From the Introduction: The goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers, or at least recognize and accept that their mothers did the best they could—even if it wasn't "good enough"—and to stop blaming them. Among the issues to be covered: • To understand how a daughter's attachment to her mother—more so than her relationship with her father—colors all her other relationships, and to analyze why it is more difficult for daughters than sons to separate from their mothers, as well as why daughters are more subject than sons to a mother's manipulation • To recognize the difference between a healthy and a destructive mother-daughter connection, and to define clearly the "bad mommy," in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them • To conjugate what I call the "Bad Mommy Taboo"—why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters • To describe the evolution of the unpleasable mother—in all likelihood, she was bereft of maternal love as a child—and to recognize the huge, and often poignant, stake she has in keeping her grown daughter dependent and off-balance • To illustrate the consequent controlling behavior—in some cases, cloaked in fragility or good intentions—of such mothers, which falls into general patterns, including: the Doormat, the Critic, the Smotherer, the Avenger, the Deserter • To understand that the daughter has a similar stake in either being a slave to or hating her mother—the two sides of her dependency and immaturity • To illustrate the responsive behavior—and survival mechanisms —of daughters, which is determined in part by such variables as birth rank, family history, and temperament, and which also falls into patterns, including: the Angel, the Superachiever, the Cipher, the Troublemaker, the Defector • To show how to redefine the mother-daughter relationship, so that each can learn to see and accept the other as she is today, appreciating each other's good qualities and

not being snared by the bad • Finally, to demonstrate that a redefined relationship with one's mother—adult to adult—frees you from the past, whether that re definition ultimately results in real friendship, affectionate truce, or divorce.
