**Love Pain And Faith** Dr Siphiwe Hlubi, 2018-06-25 Most people are trying so hard to sustain unhealthy relationships not because they aren't good at it but just because of too many expectations and the lack of understanding the true meaning of a healthy relationship. In this book I will highlight some common contributing factors to an unsustainable love relationship. The title Love Pain And Faith is inspired by the fact that the word love cannot exist independently outside the word pain and faith. In order for a relationship to be sustainable one has to endure pain and must have constant faith. Not that you feel pain only when you are heart broken but also by not being able to do or give the best you can to ensure the sustainability of your relationship.

**Something More** Siobhan Curham, 2019-02-28 Have you ever wondered if there might be something more to life? When Siobhan Curham decided to write a book about happiness there was only one small problem, which became a massive problem as soon as she sat down to write - she wasn't truly happy. Not wanting to be a fraud, Siobhan set out to discover the secret to true and lasting happiness. Her quest took her on an unexpected path deep into the heart of the world's spiritual traditions. *Something More* is a funny and moving account of Siobhan's journey, as she found religion - and promptly lost it again - then went on to develop her own spiritual 'pick and mix' of practises from Buddhist chanting, Irish yoga, Jewish philosophy and Reiki healing, to connecting with her inner goddess and finding her shamanic spirit animal (who, it turns out, was a large, black, talking horse). Full of brutally honest anecdotes and age-old wisdom, *Something More* is for anyone who has ever thought about exploring their spiritual side, and those who might feel disillusioned by organised religion but still crave that elusive 'something more'. After all, who wouldn't want to find inner peace and everlasting happiness?

From afterglow to zipper, Ikea to Twister, *The Dictionary of Love* is chockablock with everything you ever wanted to know about love but couldn't find in your Funk & Wagnalls. The book draws from all areas of life: love songs, poems, history, law books, sex manuals, medical and psychology texts, folklore, modern science, cookbooks, classical literature, Internet dating sites, TV shows, and today's slang. What famous people best define love? According to *The Dictionary of Love*, they include Johnny Depp, Angelina Jolie, Bill Clinton, Casanova, Lana Turner, Nefertiti, Zsa Zsa Gabor, Don Quixote, Ben & Jerry—even Flipper and Lassie! Included, too, are charts, graphs, and illustrations, plus a G-spot directional map for women to give their boyfriend or lover. An indispensable tool for anyone who is composing a love sonnet, breaking up over e-mail, writing a romance novel, planning a romantic getaway, or just looking for something juicy to whisper in their lover's ear, *The Dictionary of Love* is a first-of-its-kind compendium of all things amorous.
