Nathaniel knows that Abby belongs to him completely, but even he can't ignore the pleasure on her face as they get to know their new BDSM group. They've invited Nathaniel to guide their group to a new level, and he's promised to show them the way, even as he recommits to fulfilling his beautiful submissive wife's every desire. *A Critical Theory for the Anthropocene* Nathanaël Wallenhorst,2023-09-15 This volume, which is rooted in biogeophysical studies, addresses conceptions of political action in the Anthropocene and the tension between a desire to accomplish the Promethean project of modernity and a post-Promethean approach. This work explores the idea of an anthropological mutation of political consolidation from a "post-Promethean togetherness", to creating the capacity to act together. The political thinking of the human condition developed by Hannah Arendt is important here as a resource for thinking about humanity in terms of human adventure. This has three dimensions: hubris, the world and coexistence referring respectively to the logic of profit of the homo oeconomicus, the logic of responsibility of the homo collectivus and the logic of the hospitality of the homo religatus. The intellectual and political attitude outlined in this book is an extension of critical theory: the work also puts forward a critique of what poses a problem in our relationship to the world and suggests how to overcome it, the ultimate goal being social transformation. The author propose an uprising and an anthropological consolidation of politics based on the revitalization that is brought about by the sharing of a conviviality both between humans and with what is non-human. The identification of conviviality as an educational paradigm to survive the Anthropocene gives us the much needed reason for hope despite this heritage of the Anthropocene. In addition to Arendtian thinking, this critical theory for the Anthropocene draws on the political thinking of several contemporary authors including Maurice Bellet, Hartmut Rosa, Andreas Weber, Dominique Bourg, and Christian Arnsperger. This volume is of interest to researchers in the Anthropocene.

*The Chalet* Tara Sue Me,2014-10-21 New York Times bestselling author Tara Sue Me's Submissive series is an international sensation. Now, Abby and Nathaniel's story continues with their romantic wedding and a honeymoon too hot to believe... Submitting her body was only the beginning. Abby King didn't know true passion until she gave herself to Nathaniel West, one of New York City's most eligible bachelors and desired Dominants. Now, on the eve of her marriage, she realizes all her dreams are coming true. And with a romantic honeymoon getaway planned at a secluded Swiss chalet, she's sure Nathaniel will find even more fantasies to fulfill... Nathaniel never thought he'd settle down until Abby broke down his barriers and changed his plans. With their wedding only weeks away, he can barely wait to possess her completely—heart, body, and soul—and show her the true meaning of being both a wife and a submissive. Only Abby has one more challenge in store before she becomes his: no sex and no collar for one month before the wedding. Nathaniel is willing to give it a shot but

he has one scandalous stipulation—once that month is up, anything goes... Includes a preview of the next novel in the Submissive series, *The Enticement*... Praise for the Submissive series “[Me] is so talented and captivating.”—Southern Fiction “For those Fifty Shades fans pining for a little more spice.”—Los Angeles Times “Intense and very, VERY H-O-T.”—Harlequin Junkie Tara Sue Me is the New York Times bestselling author of the Submissive series, including *The Submissive*, *The Dominant*, and *The Training*, as well as the *Partners in Play* series, including *Seduced by Fire*. She lives in the southeastern United States with her family, two dogs, and a cat.

**Anthropology in the Anthropocene** Christoph Antweiler, 2024-11-25 In this book, anthropologist and geologist Christoph Antweiler shows that geology is a special, namely historical, natural science and is therefore relevant for a historically informed anthropology. He argues that we do not only need a geologically informed cultural anthropology, but conversely also an anthropologically oriented geology. A comprehensive geology must include material human culture as a fundamental geological phenomenon. In relation to cultural anthropology, the author discusses the challenge the Anthropocene poses for cultural anthropology as a traditionally micro-oriented social science. The book discusses where the blind spots lie in the highly interdisciplinary discussion. Common narratives are critically scrutinized. The author argues for the need for a new discipline: geanthropology.

**Political Education in the Anthropocene** Nathanaël Wallenhorst, Renaud Hétier, Jean-Philippe Pierron, Christoph Wulf, 2023-10-19 This book articulates an educational theory as well as a political theory of the Anthropocene. Divided into three sections it addresses educational anthropology, cultures and institutions, and educational recommendations in the Anthropocene. Topics covered in the volume measure the impact of the idea of the Anthropocene on the type of anthropology that underlies education and on a phenomenology of relationship. It links the notion of the Anthropocene with cultures and institutions so as not to 'smooth out' or erase the latter. Finally, it presents proposals and recommendations for educational practices. The work advocates rethinking education as an essential component in ensuring the sustainability of human life in society - by proposing to go beyond the approach of education for sustainable development or environmental education. The work also brings together empirical contributions in which proposals are elaborated for programs, pedagogical devices and experiments relating to the preparation of the future in the field of education. This volume is of interest to researchers of the Anthropocene.
