Recovering Biblical Manhood and Womanhood (Revised Edition) John Piper, Wayne Grudem, 2021-01-11 A Guide to Navigate Evangelical Feminism In a society where gender roles are a hot-button topic, the church is not immune to the controversy. In fact, the church has wrestled with varying degrees of evangelical feminism for decades. As evangelical feminism has crept into the church, time-trusted resources like *Recovering Biblical Manhood and Womanhood* help remind Christians of what the Bible has to say. In this edition of the award-winning best seller, more than 20 influential men and women such as John Piper, Wayne Grudem, D. A. Carson, and Elisabeth Elliot offer thought-provoking essays responding to the challenge egalitarianism poses to life in the church and in the home. Covering topics like role distinctions in the church, how biblical manhood and womanhood should work out in practice, and women in the history of the church, this helpful resource will help readers learn to orient their beliefs with God's unchanging word in an ever-changing culture.

The Stratified Leadership Model of the First-Century Christian Church Barton S. Garratt Edsall, 2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted, as displayed in the four canonical Gospels, the Acts of the Apostles, or the New Testament epistles. This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first-century church may have been overlooked and lost by the wayside of history in favor of established traditions. Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit. Following that example, improving the spiritual quality of their people's lives should be the primary goal of all Christian ministers. The majority of this work will conduct a careful exegesis of selected passages from the New Testament, which focus on the leadership model utilized by the first-century church. This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design.

Man and Woman, One in Christ Philip Barton Payne, 2015-05-05 Does Paul teach a hierarchy of authority of man over woman, or does he teach the full equality of man and woman in the church and home? In *Man and Woman, One in Christ*, Philip Barton Payne answers this question and more, injecting crucial insights into the discussion of Paul's view of women. Condensing over three decades of research on this topic, Payne's rigorous exegetical analysis demonstrates the consistency

of Paul's message on this topic and its coherence with the rest of his theology. Payne's exegetical examination of the Pauline corpus is thorough, exploring the influences on Paul, his practice as a church leader, and his teachings to various Christian communities. Paul's theology, instruction, and practice consistently affirm the equal standing of men and women, with profound implications for the church today. *Man and Woman, One in Christ* is required reading for all who desire to understand the meaning of Paul's statements regarding women and their relevance for Christian relationships and ministry today. This work has the potential of uniting the church on this contentious issue.

The Pastoral Epistles I. Howard Marshall, Philip H. Towner, 2004-06-15 For over one hundred years, the International Critical Commentary series has held a special place among works on the Bible. It has sought to bring together all the relevant aids to exegesis — linguistic and textual no less than archaeological, historical, literary and theological—with a level of comprehension and quality of scholarship unmatched by any other series. No attempt has been made to secure a uniform theological or critical approach to the biblical text: contributors have been invited for their scholarly distinction, not for their adherence to any one school of thought. The first paperback editions to be published cover the heart of the New Testament, providing a wealth of information and research in accessible and attractive format.

Evangelical Feminism? Wayne Grudem, 2006-09-13 By critically examining the writings of egalitarians, Grudem shows that, while egalitarian leaders claim to be subject to Scripture in their thinking, what is increasingly evident in their actual scholarship and practice is an effective rejection of the authority of Scripture. Egalitarianism is heading toward an Adam who is neither male nor female, a Jesus whose manhood is not important, and a God who is both Father and Mother, and then maybe only Mother. The common denominator in all of this is a persistent undermining of the authority of Scripture in our lives. Grudem's conclusion is that we must choose either evangelical feminism or biblical truth. We can't have it both ways!
