International Human Right to Conscientious Objection to Military Service and Individual Duties to Disobey Manifestly Illegal Orders Hitomi Takemura, 2008-12-14 International human rights law grants individuals both rights and responsibilities. In this respect international criminal and international humanitarian law are no different. As members of the public international law family they are charged with the regulation, maintenance and protection of human dignity. The right and duty to disobey manifestly illegal orders traverses these three schools of public international law. This book is the first systematic study of the right to conscientious objection under international human rights law. Understanding that rights and duties are not mutually exclusive but complementary, this study analyses the right to conscientious objection and the duties of individuals under international law from various perspectives of public international law.

The UN Human Rights Council Eric Tistounet, 2020-02-28 Since its establishment the work of the Human Rights Council (UNHRC) has been subject to many interpretations, theories, comments or conclusions. This comprehensive book dissects every aspect of the UNHRC's work and analyses the efficiency of, and interactions between, its mechanisms. Authored by the first Secretary of the UNHRC, this book provides unique practitioner insights into the complex decision making processes of the Council alongside the core variations from its predecessor.

Gender Matters Anca-Ruxandra Pandea,Dariusz Grzemny,Ellie Keen,Council of Europe,2019 Gender-based violence undermines the core values of human rights on which the Council of Europe is based and to which its member states have subscribedGender-based violence refers to any type of harm that is perpetrated against a person or group of people because of their actual or perceived sex, gender, sexual orientation and/or gender identity. Gender-based violence can be sexual, physical, verbal, psychological (emotional), or socio-economic and it can take many forms - from verbal violence and hate speech on the internet, to rape or murder. Statistics show that gender-based violence affects women disproportionately.Gender-based violence undermines the core values of human rights on which the Council of Europe is based and to which its member states have subscribed. It is a problem in all member states and affects millions of women and men, young people and children, regardless of their social status, cultural or religious background, sexual orientation or gender identity.Preventing, addressing and combating gender-based violence are intrinsic to human rights education, youth work and non-formal learning activities which support young people on their path to autonomy as active citizens, mindful of everyone's human rights. The issues that are addressed through this work are all relevant to young people's lives, and they relate directly to the world in which young people live.Gender Matters is a manual to address gender-based violence with young people. It provides insights into gender and gender-based violence, background information to key social, political and legal issues and, especially, educational activities and methods for education and training activities with young people.Gender Matters should be used as a practical resource in guiding young people to become more aware of their own actions and the actions of others. It contributes to a better understanding of how to stay safe and secure and how to support those who have experienced violence in their lives. It will not suffice to eradicate gender-based violence. However it is a necessary and urgent step towards dignity for all.
