Origins of The Wheel of Time Michael Livingston, 2022-11-08 “Jordan has come to dominate the world Tolkien began to reveal.” —The New York Times on The Wheel of Time® series Explore never-before-seen insights into the Wheel of Time, including: - A brand-new, redrawn world map by Ellisa Mitchell using change requests discovered in Robert Jordan's unpublished notes - An alternate scene from an early draft of The Eye of the World - The long-awaited backstory of Nakomi - 8 page, full color photo insert Take a deep dive into the real-world history and mythology that inspired the world of Robert Jordan's The Wheel of Time®. Origins of The Wheel of Time is written by Michael Livingston, Secretary-General of the United States Commission on Military History and professor of medieval literature at The Citadel, with a Foreword by Harriet McDougal, Robert Jordan's editor, widow, and executor of his estate. This companion to the internationally bestselling series delves into the creation of Robert Jordan's masterpiece, drawing from interviews and an unprecedented examination of his unpublished notes. Michael Livingston tells the behind-the-scenes story of who Jordan was, how he worked, and why he holds such an important place in modern literature. The second part of the book is a glossary to the “real world” in The Wheel of Time. King Arthur is in The Wheel of Time. Merlin, too. But so are Alexander the Great and the Apollo Space Program, the Norse gods and Napoleon's greatest defeat—and so much more. Origins of The Wheel of Time provides exciting knowledge and insights to both new and longtime fans looking to either expand their understanding of the series or unearth the real-life influences that Jordan utilized in his world building—all in one, accessible text. The Symbolism of the Stupa Adrian Snodgrass, 1992-01-01 In his preface to The Symbolism of the Stupa Prof. Craig Reynolds writes The stupa is a symbolic form that pullulates throughout South Southeast and East Asia. In its Indian manifestations it is an extreme case in terms of architectural function: it has no usable as a basic simplicity. In this state of the art` studt Adrian Snodgrass reads the stupa as a cultural artifact. The mounment concretizes metaphyswical principles

and generates multivalent meanings in ways that can be articulated with literary texts and other architectural forms. This study analyses a pattern of interrelated meanings generated by the form of the stupa. It does so by reference to myth, to ritual and to doctrine, viewing the architectural form from within the conceptual framework of the tradition to which it belongs. This approach involves questions of aim and methodology. A deeper understanding of a symbol is gained by studying the grid or net formed by its symbolic homologues. The pattern of meaning that emerges from the juxtaposition of cognate symbols does not exhaust the significance of the symbol, which is ultimately beyond worlds, but it reinforces its intimations, indicating a logical cohesion and integrity which in itself is an intimation of the all-pervasiveness of Principle. It is precisely this pattern of inter-reflection or symbols that this study attempts to delineate. By bringing together cognate symbols in apposition, it attempts to mark out the field of symbolic interactions which the stupa generates.

Finishing the Mysteries of Gods and Symbols Seven Star Hand, 2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts, canons, and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools. Consequently, here is proof, beyond disproof, that all three so-called "Faiths of Abraham" are purposeful deceptions. Accordingly, related esoterica, mystery schools, and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders. Throughout this book, I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders. As

comprehensive validation of this, they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts. The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia. When these decoded details are compared to the history, words, and deeds of these religions and their leaders, they finally prove the truth about many long-hidden things. These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives; that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth. Arrogant religious leaders, while hypocritically lecturing others about morality, have long overlooked that the ancient sages and prophets were painfully aware of their then-current and future misdeeds and deceptions, and patiently and expertly prepared for them !!!
