Abnormal Psychology David H. Barlow, Vincent Mark Durand, 1999 Recognized in its first edition as the only textbook to present a truly biopsychosocial approach, Barlow and Durand's groundbreaking text is rapidly becoming the standard by which other texts are judged. In this Second Edition, David Barlow and V. Mark Durand offer a consistent organizational structure that makes the material easy to learn, fascinating real-life cases integrated into the flow of each chapter, a mix of clinical and scientific approaches, a conversational writing style, and a variety of new built-in study aids designed to make the Second Edition easy to learn from and easy to use. Baldwin: A Love Story Nicholas Boggs, 2025-08-19 Drawing on new archival material, original research, and interviews, this spellbinding book is the first major biography of James Baldwin in three decades, revealing how profoundly his personal relationships shaped his life and work. *Baldwin: A Love Story*, the first major biography of James Baldwin in three decades, reveals how profoundly the writer's personal relationships shaped his life and work. Drawing on newly uncovered archival material and original research and interviews, this spellbinding book tells the overlapping stories of Baldwin's most sustaining intimate and artistic relationships: with his mentor, the Black American painter Beauford Delaney; with his lover and muse, the Swiss painter Lucien Happersberger; and with his collaborators, the famed Turkish actor Engin Cezzar and the iconoclastic French artist Yoran Cazac, whose long-overlooked significance as Baldwin's last great love is explored in these pages for the first time. Nicholas Boggs shows how Baldwin drew on all the complex forces within these

relationships—geographical, cultural, political, artistic, and erotic— and alchemized them into novels, essays, and plays that speak truth to power and had an indelible impact on the civil rights movement and on Black and queer literary history. Richly immersive, *Baldwin: A Love Story* follows the writer’s creative journey between Harlem, Paris, Switzerland, the southern United States, Istanbul, Africa, the South of France, and beyond. In so doing, it magnifies our understanding of the public and private lives of one of the major literary figures of the twentieth century, whose contributions only continue to grow in influence.

Food and Drink in Antiquity: A Sourcebook John F. Donahue,2014-11-20 Amid growing interest in food and drink as an academic discipline in recent years, this volume is the first to provide insight into eating and drinking by focusing on what the ancients themselves actually had to say about this important topic. A thorough and varied sourcebook, it is structured thematically and is a unique asset to any course on food and foodways. The chronological scope of the material extends from Greece of the 8th century BCE to the Late Roman Empire of the 4th century CE. Each chapter consists of an introduction along with a concluding bibliography of suggested readings. The excerpts themselves, rendered in clear and readable English that remains faithful to the original Latin or Greek, are set in their proper social and historical context, with the author of each passage fully identified. An unparalleled compilation of essential source material for Classics courses and with a wide range of evidence, drawing upon literary, inscriptional, legal and religious testimony, *Food and Drink in Antiquity* will also be particularly well suited to the interdisciplinary focus of modern food studies.
