

Ejercicios Oraciones Segun La Actitud Del Hablante

Ernesto Camilli, Laura Gallego, Luis de Arrigoitia

Manual de nociones y ejercicios gramaticales University of Puerto Rico (Rio Piedras Campus). Dept. of Spanish, 1975

De la oración simple a la oración compuesta Héctor Campos, 1993 This comprehensive reference grammar of the different types of Spanish coordination and subordination includes numerous examples and exercises.

La lengua y su didáctica María Dulce Sánchez-Blanco Celarain, Carmen Bautista Martín, 1995

Miscelánea Gustavo Bombini, 2019-07-01 El diccionario define miscelánea como una mezcla de cosas diversas. También dice que es una obra o escrito en que se tratan materias inconexas y mezcladas. Acaso lo inconexo y mezclado tenga un hilo conductor: el de mis propias pasiones a lo largo de algunas décadas; mis trabajos y oficios. Dentro de la lógica de la miscelánea encontré un orden que es el que organiza el índice de este libro a partir de cinco ejes temáticos, que son Didácticas en ciernes, Oralidades, lecturas y escrituras, Historias de la enseñanza, Literatura infantil: algunos pendientes y Oficios. Existe una trama profunda que es la que liga las tareas y sus sentidos más políticos: la enseñanza, la formación docente, la investigación, la escritura, la gestión educativa, la tarea editorial. Todas estas acciones/prácticas/producciones convergen en un sentido que es lo que me gusta llamar fantasía de intervención. Saberes y prácticas, producción intelectual y cuerpo puesto en escenas, gestos, señales, testimonios y dichos, todo por el ejercicio de transformar lo que es necesario y urgente, evitando incurrir en ninguna de las formas de la ortodoxia paralizante o complaciente. De eso tratan los textos incluidos en esta Miscelánea.

La reflexión lingüística. Guía de actividades básicas 4°; 5° y 6° Mabel Nelly Starico de Accomo, 2006

Lenguas propias, lenguas ajenas/ Own languages, foreign languages Paola Iturrioz, 2006-06-30 Este libro aborda diversas problemáticas que plantea la enseñanza de la lengua desde una perspectiva social y cultural. Las escenas de clase en las que se trabajaron distintos contenidos del área, los relatos de prácticas docentes en las que se utilizaron variados libros de texto, las producciones escritas de alumnos de diferentes escuelas públicas y privadas, las transcripciones de las voces de docentes y alumnos y el recorrido por múltiples consignas sobre temas propuestos en los diseños curriculares constituyen el material de análisis de esta obra. Con estos materiales, el libro busca distanciarse de aquellas ideas que suponen que las teorías sobre el lenguaje, por sí solas, pueden dar cuenta de los complejos procesos que se juegan en el leer, el escribir o el hablar en el aula. Más aun, de aquellas ideas que imaginan que las teorías pueden “aplicarse” sin mediaciones, olvidando la diversidad de

prácticas y actores que la escuela manifiesta. Las experiencias de aula concretas que aquí se presentan ofrecen la posibilidad de reconocer y volver a pensar los conflictos y las incertidumbres que atraviesan las prácticas de enseñanza para, en función de los problemas, proponer otros modos de intervención y de trabajo en el área de Lengua.
