¡Con brío! María C. Lucas Murillo, Donna Shelton, Laila M. Dawson, 2017-08-07 ¡Con brío! 4e gives students in the introductory Spanish sequence the opportunity to use their Spanish immediately with each other, friends, neighbors, co-workers, and Spanish speakers around the world. ¡Con brío! addresses the needs and life circumstances of a broad audience through a highly practical approach and focuses on useful vocabulary, functional grammar of high-frequency usage, and cultural content relevant to everyday interactions. Con brío 4e retains the strengths of the previous edition – efficient grammar approach, good culture, many instructors' resources, and robust media – designed to help students gain the confidence and skills they need to use Spanish in class, in their communities, and in their lives. The program highlights useful high-interest cultural information about Latino culture in the United States as well as the strong connections between the U.S. and Hispanic countries.

Se incluyen además un extenso glosario de palabras, así como explicaciones detalladas de aspectos gramaticales; estos recursos proporcionan un valioso material de referencia. Este es el libro ideal para cualquier curso de lengua española de niveles B2 y C1. Se puede usar dentro y fuera del aula. El mundo hispanohablante en textos / Reading the Spanish-Speaking World is a content-based textbook written in Spanish, which aims to develop command of the Spanish language and critical thinking skills through response to a series of texts originating from a number of different Spanish-speaking countries. The nineteen chapters, all including texts by contemporary authors, cover a range of themes of up-to-date interest. Users are encouraged to engage with these topical works through a selection of activities which will develop reading, writing and speaking skills together with a wider command of vocabulary and grammatical structures. Users will also learn about different styles and registers of writing and be able to respond to a variety of contemporary political, cultural and social issues, most of which are specific to the Spanish-speaking world. Additionally, the inclusion of an extensive word glossary and detailed explanations of grammatical points provides valuable reference material for users. This is the ideal textbook to accompany any course in Spanish language at B2 and C1 level, and can be used both within and outside the classroom.
