This Is a Call Paul Brannigan, 2024-09-24 The biography of the extraordinary career of Dave Grohl, drummer of Nirvana, front man of the Foo Fighters, based on original and exclusive interviews (A rich history-- New York Times Book Review) This Is a Call, the first in-depth, definitive biography of Dave Grohl, tells the epic story of a singular career that includes Nirvana, Foo Fighters, Queens of the Stone Age, and Them Crooked Vultures. Based on ten years of original, exclusive interviews with the man himself and conversations with a legion of musical associates like Queens of the Stone Age frontman Josh Homme, DC punk legend Ian MacKaye, and Nevermind producer Butch Vig, this is Grohl's story. He speaks candidly and honestly about Kurt Cobain, the arguments that almost tore Nirvana apart, the feuds that threatened to derail the Foo Fighters's global success, and the dark days that almost caused him to quit music for good. Dave Grohl has emerged as one of the most recognizable and respected musicians in the world. He is the last true hero to emerge from the American underground. This Is a Call vividly recounts this incredible rock 'n' roll journey.

Music Scenes Andy Bennett,Richard A. Peterson,2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local,

translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.
