The Complete Jack The Ripper A-Z - The Ultimate Guide to The Ripper Mystery Paul Begg & Martin

Fido, 2015-03-05 Hugely respected, extensively quoted and widely regarded as the 'bible' of Ripper studies, *The Complete Jack the Ripper A to Z* is the ultimate reference for anyone fascinated by the Jack the Ripper mystery. This new, rewritten, up-to-date edition includes sources and well over 100 photographs. *The Complete Jack the Ripper A-Z* has an entry for almost every person involved in the case, from suspects and witnesses to policemen and journalists, plus the ordinary people who became caught up in the unfolding drama. Written by three of the world's leading authorities on the case, it takes a completely objective look at theories old and new, describes all the key Ripper books and gives potted biographies of many of the authors. Whether you are new to the mystery of Jack the Ripper or an experienced 'Ripperologist' *The Complete Jack the Ripper A-Z* will keep you turning the pages. Fascinating and entertaining reading in its own right, it is the essential reference to have beside you when you venture into the dark alleys of Victorian Whitechapel.

"Appropriated Photographs in French Surrealist Periodicals, 1924-1939" Linda Steer, 2017-07-05 The first monograph to analyze the Surrealist gesture of photographic appropriation, this study examines found photographs in three French Surrealist reviews published in the 1920s and 1930s: *La Révolution surréaliste*, edited by André Breton; *Documents*, edited by Georges Bataille; and *Minotaure*, edited by Breton and others. The book asks general questions about the production and deployment of meaning through photographs, but addresses more specifically the construction of a Surrealist practice of photography through the gesture of borrowing and re-contextualization and reveals something crucial both about Surrealist strategies and about the way photographs operate. The book is structured around four case studies, including scientific photographs of an hysteric in Charcot's clinic at the Salpêtrière hospital, positioned as poetry rather than pathology; and one of the first crime-scene photographs, depicting Jack the Ripper's last victim, radically transformed into a work of art. Linda Steer traces the trajectory of the found photographs, from their first location to their location in a Surrealist periodical. Her study shows that the act of removal and re-framing highlights the instability and mutability of photographic meaning an instability and mutability that has consequences for our understanding both of photography and of Surrealism in the 1920s and 1930s.

Ripper Notes Dan Norder, Wolf Vanderlinden, Rob Clack, 2005-10 *Ripper Notes: Death in London's East End* is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics. Jennifer Pegg starts things off by documenting some of the major errors and discrepancies in the book *Uncle Jack* by Tony Williams and Humphrey Price, including a Victorian era document which appears to have been altered to try to implicate their suspect. Wolf Vanderlinden explores whether Inspector Walter Andrews of Scotland Yard really did go to America to chase Dr. Francis Tumblety in connection with the Whitechapel murders or if he was actually there to try to collect evidence for the Parnell Commission, which was trying link Irish leader Charles Parnell with terrorists. Robert Clack follows with a comprehensive look into the 1901 murder of prostitute Mary Ann Austin in the same lodging house that Ripper victim Annie Chapman was kicked out of 13 years earlier; this essay includes copious police reports, inquest testimony, a number of period illustrations and a suspect who may be linked to the earlier killings. Don Souden then debunks a number of tall tales that grew up around the case, including the ideas that victim Mary Kelly had a son living with her and that Catherine Eddowes knew who the Ripper was. Bernard Brown comes next with a short piece on a man called Inspector Death who worked in the East End. Andrew J. Spallek closes the main section by providing readers with directions on finding the burial sites of Jack the Ripper's victims. In addition, there is a look at some other possible victims of the killer, coverage of the 2006 Ripper conference, book reviews, news briefs and more. *Ripper Notes* is a nonfiction anthology series covering all aspects of the Jack the Ripper case.

The Mammoth Book of Jack the Ripper Maxim Jakubowski, 2008-04-24 Updated and expanded edition of the fullest ever collective investigation into Jack the Ripper and the Whitechapel Murders. This volume collects not just all the key factual evidence but also 20 different arguments as to the identity of Jack the Ripper, such as that advanced by Patricia Cornwell. Contributions are from the world's leading Ripperologists, including William Beadle, Melvyn Fairclough, Martin Fido, Shirley Harrison, James Tully and Colin Wilson. The identity of Jack the Ripper has plagued professional historians, criminologists, writers and amateur enthusiasts. The many suspects include Montague John Druitt, Walter Sickert, Aaron Kosminski, Michael Ostrog, William Henry Bury, Dr Tumblety and James Maybrick. The only certainty is that Ripperologist have not found an individual on whom they can all agree. The essays are supported by a detailed chronology, extensive bibliography and filmography.

Jack the Ripper Terence Sharkey, 1992-10 Recreates the atmosphere of Victorian London and invites the reader to formulate his own theory about who the Butcher of Whitechapel was.

The Many Faces of Jack the Ripper M. J. Trow, 1997 Presents the people, places, and theories connected to the mystery of Jack the Ripper with a psychological profile of the killer

Dear Boss Eric Woolfe, 2008 *Dear Boss: A Fortean Investigation of Jack the Ripper* explores the culture of madness and paranoia that seized Whitechapel in the autumn of 1888. It is a murder mystery and a romantic horror story for three actors

and thirty puppets, which tells of an imagined investigation of the Ripper Murders by the American chronicler of the Unexplained, Charles Fort'a famous researcher of such phenomena as spontaneous combustion, raining fish and frogs, ghosts and flying saucers'and his assistant, The Elephant Man.

On the Trail of Jack the Ripper Richard Charles Cobb,Mark Davis,2022-10-21 For 132 years the ghastly and horrific murders committed in London's East End by the infamous 'Jack the Ripper' have gripped and baffled the world. The Ripper commenced his series of atrocities at the end of August and continued freely until the beginning of November 1888 when inexplicably the murders stopped... In all, five women were brutally murdered and savagely mutilated in the most unimaginable way. The killing spree centered in and around the impoverished rabbit warren of alleys and rookeries of Whitechapel. The invisible killer was never caught despite the very best intentions of the police and thousands of would be detectives following the grim proceedings. Since those dark days of murders committed by gaslight, the mystery of Jack the Ripper has become the ultimate cold case among crime historians and arm chair researchers worldwide, with a multitude of books, plays and dramas all hoping to solve what London's finest Victorian detectives failed to do... Given the space of time much has changed and the crime scene locations and landscape in which the Ripper and his victims would known would be in many parts unrecognizable to them. Equally to the modern day Londoner or visitor the locations would be very much largely unknown... until now. True Crime and Social historians, Richard C Cobb and Mark Davis, return to the Whitechapel of 1888 to see what remains from this dark time in London's history and to take the reader on a step-by-step tour of the modern world of Jack the Ripper, giving a detailed history of the victims, the crimes and the police investigation. We also look at other victims (outside the accepted five) which may have been killed by the same man. Using the original police reports, state of the art photographs, unseen images and diagrams, they present the truth about what actually happened in the autumn of 1888 and what remains of Jack the Ripper's London today. They also focus on the ever changing face of London's End End, giving the reader a real sense of how the past meets the present in arguably London's most vibrant and cultural quarter... where the shadow of the Ripper is never too far away.

Yours Truly, Jack the Ripper Pamela West,1989 West vividly recreates the story of Jack the Ripper and his reign of

Jack the Ripper Terry Lynch, 2008 Horrific, horrendous, unspeakable, The Whitechapel Murderer, Jack the Ripper, stalked the streets of East London in 1888, slaughtering prostitutes and bewildering the police who were hunting him. They never succeeded in apprehending him, and to this day the mystery of his identity remains an enigma. But he did leave clues to his identity, and numerous theories have been entertained throughout the one hundred and twenty years since he held London's East End in his grip of terror. This book looks at the evidence left by the murderer and the reports and investigative papers which recorded the atrocities that the Ripper performed. It takes time to analyse the existing information and evaluate the letters sent to the police. It is the strongest and most powerful book ever written on the murders. It dispels a lot of myths attached to the Ripper, and eliminates a lot of the previously conjectured perpetrators, leaving only those who realistically could have been...Jack the Ripper.

River Thorp Roderick, Roderick Thorp, 1996-06 Suspected of killing at least 50 young women in the Seattle-Portland area in the 1980s, the Green River Killer has never been caught--until now. Here, bestselling author Thorp takes the reader into the minds of both a detective fighting personal demons and a human demon whose wanton disregard for human life is so despicable his actions and motivations make the reader cringe. Thorp has imagined a surprise ending to his roller-coaster thriller that is genuinely surprising.

A History of British Serial Killing Martin Fido, 2001 Book explores the motivation and madness behind the actions of a serial killer, and the author explains how a pattern is established, how police procedures are followed or amended, and how the killer is identified, caught and convicted with the help of psychological profiling and forensic evidence--Jacket
