Unhae Park Langis, Julia Reinhard Lupton

Ahmad al-Ghazali, Remembrance, and the Metaphysics of Love Joseph E. B. Lombard, 2016-10-20 Discusses the work of a central, but poorly understood, figure in the development of Persian Sufism, Aḥmad al-Ghazālī. The teachings of Aḥmad al-Ghazālī changed the course of Persian Sufism forever, paving the way for luminaries such as Rūmī, Aḥḥār, and Ḥafīz. Yet he remains a poorly understood thinker, with many treatises incorrectly attributed to him and conflicting accounts in the historiographical literature. This work provides the first examination of Aḥmad al-Ghazālī and his work in Western scholarly literature. Joseph E. B. Lombard seeks to ascertain the authenticity of works attributed to this author, trace the development of the dominant trends in the biographical literature, and reconstruct the life and times of Aḥmad al-Ghazālī with particular attention to his relationship with his more famous brother, Abū Hamid al-Ghazālī. Lombard's findings revolutionize our understanding of Aḥmad al-Ghazālī's writings, allowing for focus on his central teachings regarding Divine Love and the remembrance of God.

Islam, Fundamentalism, and the Betrayal of Tradition Joseph E. B. Lombard, 2004-05-14 This book offers an analysis

by Western Muslim scholars of the key reasons behind the dangerous breakdown in understanding between Islam and the West.

Living Traditions and Universal Conviviality Roland Faber, Santiago Slabodsky, 2016-03-03 The World Parliament of Religions adopted the view that there will not be peace in this world without including peace among religions. Yet, even with the unified force of the world's religions and wisdom traditions, this cannot be accomplished without justice among people. In one way or another, "unity" among religions, as based on justice and the will to accept the other's religions and even irreligiosity as means of justice, will not prevail without an internal and external, spiritual, theological, philosophical and practical investigation into the very reasons for religious strife and fanaticism as well as the resources that people, cultures, religions and wisdom traditions might provide to disentangle them from the injustices of their host regimes, and to seek the "balance" that leads to a measure of universal fairness among the multiplicity of religious and non-religious expressions of humanity. "Conviviality" expresses the depth and breadth of "living together," which itself can be understood as a translation of a central term of Whitehead's philosophy and the process tradition—"concrecence" (growing together, becoming concrete)—as it is recently and increasingly used in different discourses to name the concrete community of difference of individuals, cultures, and religions in appreciation of the mutual inclusiveness of their lives. This book seeks to bring together experts from different religious (and non-religious) traditions and spiritual persuasions to suggest ways in which the living wisdom traditions might contribute to, and transform themselves into, a universal conviviality among the people, cultures and religions of this world for a common future. It wishes to test the resources that we can contribute to this concurrent and urgent matter, aware of Whitehead's call for a radical transformation of power and violence in thought and action as, perhaps, the ultimate theory of conflict resolution.

Traditional Islamic Environmentalism Tarik M. Quadir, 2013-09-16 This work examines the relevance of traditional Islamic thought and practices for a lasting solution to the current environmental crisis. Quadir describes how Seyyed Hossein Nasr challenges Muslims to reclaim their traditional intellectual and Sufi heritage as powerful means toward a most thoughtful approach to the crisis. In so doing, Nasr urges us to take a critical look at the consequences of the worldviews generated by modern science and technology and offers bold solutions for a more caring relationship between man and nature. The book argues that only a revival of the traditional worldview which perceives all entities of nature as signs of God can effectively respond to the crisis our planet faces.

Islam, Fundamentalism, and the Betrayal of Tradition, Revised and Expanded Joseph E.B. Lombard, 2009-08-16 This fully revised edition of the critically acclaimed book contains a series of essays that explain the misconceptions that lie at the heart of Western attitudes towards Islam. Including a new essay on the role of women in Islam, an updated chapter containing insights into the concept of Jihad, and three fully revised chapters that bring the discussion up-to-date with the

current global situation, this book is a must read for anyone interested in Islam and its relation to the West.

Shakespeare and Wisdom Unhae Park Langis, Julia Reinhard Lupton, 2024-07-19 Explores how Shakespeare uses global wisdom literatures to encourage spiritual and moral growth and the arts of living in a connected world Invites readers to consider Shakespeare as a wisdom writer Welcomes readers into a wisdom ecology reflecting the ongoing interactions of agents from ecumenical, ecological, ethico-political, emotional and experiential angles Explores Shakespeare's plays transhistorically in conversation with the pre-modern Indo-European lifeworld as well as Indigenous ways of being Shows how eco-logic replaces ego-logic in this sapient lens, poised to confront the challenges of homo sapiens in the Ecocene Highlights Shakespeare's women as curators of knowing and agents of communal care This volume interweaves Shakespeare's wisdom with ancient spiritual practices and the insights of a post-secular age in order to explore a transhistorical space of sapient knowing and living. Pursuing the delight of heart, soul and understanding in the synaesthetic experience of theatre and the meditative space of poetry, sapiential Shakespeare explores knowledge, love, beauty, nature, will and power in conversation with multiple wisdom traditions, tapping into a global *sensus communis* rooted in energetic knowing-with. This collection of essays begins in the Mediterranean with classical, biblical and Egyptian wisdom, moves to the East to consider Sufi and Buddhist wisdom and then turns to the West to reflect on Indigenous science and ways of knowing. Sharing a common root in *oikos*, meaning home, the ecumenical and the ecological converge in an embodied ethics and politics of care premised in an ecological rather than ego-logical way of being.

The Study Quran Seyyed Hossein Nasr, Caner K. Dagli, Maria Massi Dakake, Joseph E.B. Searching Below the Surface Nakhati Jon, 2022-03-11 We all want to know how the God of the Bible differs from the

Islamic Allah. How does a covenant-keeping God interact in the divine-human relationship? In what ways does a contract-demanding Allah vary from biblical truth? This comparative religious exploration will equip Christians to clarify the difference. *Searching Below the Surface: A Deeper look at Covenant and Contract* prepares the reader to present biblical truths by exposing Muslim ideas. The book unearths the often-unseen perspectives of a covenant God called Yahweh and a deity prone to contract, Allah. The book seeks to answer these questions: How does Yahweh's Oneness promote covenant understanding? How do Muslims define the Absolute Oneness of Allah? How do the Creation accounts in the Bible and Quran reflect theology? In what ways does Islam ignore a covenant ethos? What are the implications of covenant and contract when applied to marriage? Since covenant marriage patterns divine oneness in how spouses relate and share sacrificially, this mode of marriage mirrors the character of the biblical God. Marriage in the Bible reflects a relationship found in the divine Godhead and how he interacts with believers. "Nakhati Jon skillfully searches below the surface to understand the roots of the thinking of our Muslim friends and neighbors, and Christians" Patrick Cate, Ph.D. In a covenant marriage, the husband and wife become one, which means more than physical oneness but a mystical, spiritual unity that reflects the Trinity of Oneness! Nakhati Jon Oneness describes the Islamic idea concerning deity but undermines the ideas of Islamic marriage. Nakhati Jon Excerpt: On another scorching, sweltering day in Central Asia, we traveled to the capital in our rented taxi. As per custom, my wife sat in the back with our kids while I sat in the front, chatting with the driver. Dust and welcome air flew in through the open windows, and we talked loudly to drown out the wind. Then, the inevitable conversation began: Driver: Central Asian women are beautiful, aren't they? (My back prickled in response to my wife's almost-palpable eye-roll.) Me: My wife is beautiful. Driver: You should get a second wife. (I felt my wife rethinking pacifism.) Me: (Emphatically) God is one! Therefore, I will have only one wife! Driver: Oh—this is true! (Pause) Does your wife speak the language? Me: Fluently. And she doesn't like what you're saying. Years later, my wife confessed she had ignored the illogic of the "One God/one wife" statement in return for its success as a conversation-stopper. But in researching, I happily discovered my shot at philosophy had been logical after all. In fact, my bit of accidental wisdom carried foundational truths about Yahweh's nature, his relationship with man, and his plan for marriage.

The State We are in Aftab Ahmad Malik, 2006 Collection of essays focusing on Islamic law regarding Jihad.

The Sayyid Qutb Reader Sayyid Qutb, 2008 Anyone who wants to understand what militant Muslims think has to understand what they read--and they read Sayyid Qutb, the intellectual father of Islamic fundamentalism. Qutb, an Egyptian literary critic and philosopher who was appalled by American decadence, gained prominence in the Muslim Brotherhood, was imprisoned by Nasser, and hanged in 1966. Through his death and prolific writings he became a martyr for the cause of political Islam. His work is virtually unknown outside the Muslim world, but Qutb is at the heart of the intellectual rationale for jihad and violence in the name of Islam. The Sayyid Qutb Reader is the first collection of his selected works available to

the general public. As such, this valuable introduction to Qutb's core intellectual ideas should be read by anyone who wants to understand one of the most important conflicts of our age.

Muslims in the United States Philippa Strum, 2005

The Theory and Practice of Islamic Terrorism Marvin Perry, Howard E. Negrin, 2008-10-15 Drawing from a variety of sources, this anthology encourages readers to explore the multiple dimensions of Islamic terrorism and seeks to promote a better understanding of one of the most complicated and urgent problems facing the world today. Divided into six parts, the book deals with the theological and ideological background of the concept of jihad, the policies and organization of Al Qaeda, various policy recommendations for combating terrorism, the motivations of suicide bombers, the dilemma jihadists pose in Western countries, and the adoption of classical European and anti-Semitic myths for political and religious gain in segments of the Muslim world. With excerpts ranging from works by Sayyid Qutb to Osama bin Laden to Nonie Darwish, this book is a must-have for anyone interested in or studying Islamic terrorism.

The First Muslims Asma Afsaruddin, 2008 The First Muslims reconstructs the first century of Islam to offer a fascinating exploration of the origins and development of the religion. Using a wealth of classical Arabic sources, it chronicles the lives of the Prophet Muhammad, his Companions, and the subsequent two generations of Muslims, together known as the Pious Forbearers. Focusing on both the people and their beliefs, Afsaruddin presents a critical examination of the continuing influence of these first Muslims in contemporary times as figureheads for a variety of causes, from liberal Islam to hard-line fundamentalism. Essential reading for anyone interested in the earliest history of Islam and its impact on Muslims today, this important book will captivate the general reader and student alike.--BOOK JACKET.

Aesthetic Principles of Islamic Mysticism Cyrus Ali Zargar, 2008

Islamic Fundamentalism David M. Haugen, 2008 Contains twelve essays that offer varying perspectives on issues related to Islamic fundamentalism, including jihad, institutionalized Christianity inciting the growth of Islamism, the United States' relation to Islamism, and other topics; and provides contact information for organizations and a bibliography.

Debating the War of Ideas Eric Patterson, Eric D. Patterson, John Gallagher, 2009-12-15 The War of Ideas is being fought both within Islamic societies and between some Muslim voices and the West. The War of Ideas is a struggle between moral claims, political philosophies, and historical interpretations that compete for assent within a society and across borders. Like the ideological component of the Cold War, the War of Ideas is about the fundamental principles of human society, from the basis for law and structures of governance to gender relations and the nexus of religion and politics. It is a global War: the foes have resorted to arms to protect and promote their worldview. This book brings together some of the most important voices from different partisan, theoretical and religious perspectives to argue and forecast the next phase in the War of Ideas.
