Detention Castles of Stone and Steel James C. Garman, 2005 Garman's research stands out as the most interesting and insightful archaeological analysis of an institution that I have read. -Randall McGuire, Binghamton University The advent of the Enlightenment ignited many changes in the philosophical landscape of both the young American republic and its European counterparts. Among the new ideals propagated was the notion of reforming society's deviants. Contrary to the long-held view that the purpose of the prison was primarily punishment, a new and more optimistic mindset regarded prison as the principal agent of social and moral reform. Consequently, the 1830s saw a number of states and territories construct prisons dedicated to this new correctional ideology. One such state was Rhode Island. In *Detention Castles of Stone and Steel*, James C. Garman conducts an in-depth study of the history of the first Rhode Island State Prison. Based on extensive archaeological excavations and a rich trove of historical documents, Garman gives a searching account of how a well-intentioned effort by Rhode Island to reform its prison population turned into a spectacular boondoggle. Indeed, the state's supposed prison of the future was only in operation for forty years: from 1838 to 1878. Garman looks at the prison landscape, the changing labor regime, and the contested notion of discipline in the Rhode Island State Prison. Garman also seeks to answer why this project failed to accomplish its purpose of serving as a beacon of reform. *Detention Castles of Stone and Steel* uncovers a variety of reasons for the prison's failure to live up to its noble ideals. A large measure of the problem rested, according to Garman, with ambiguous intent, legislative indifference, and the drive to make the prison a source of profit, as well as a site for reform, for the state. This book will be of great interest to anyone who is interested in historical archaeology, nineteenth-century history, and social history.

Stone and Steel David Blixt, 2021-12-07 Historical fiction at its best. - S.J.A. Turney, author of *Caligula* and *Marius' Mules* Judea, AD 66. A Roman legion suffers a catastrophic defeat at the hands of a band of Hebrews. Knowing Emperor Nero's revenge will be swift, they must decide how to defend their land against the Roman invasion. Caught in the turmoil is Judah: a mason who now finds himself rubbing shoulders with priests, revolutionaries, generals and nobles, drafted to help defend the land of Galilee. Denied the chance to marry, he turns all his energy into defending the besieged city of Jotapata. But with a delusional general, friends falling each day, and the Roman army at the walls, Judah must brave a nightmare to save those he loves and preserve his honor.

A broken prince striving to risk it all in the name of true love. When Aurora broke Prince Phillip's heart, he vowed never to set foot in the Stone Keep.
