La Sociedad de las Cuatro Pantallas Varios autores, 2012-07-18 Este libro intenta presentar evidencias sobre la “Sociedad de las Cuatro Pantallas”, tales como el entramado social latinoamericano de la segunda década del siglo XXI. Una forma más sucia, menos fluida, más terrenal. Está cerca de la tierra, de la calle, es nómada, se mueve, es concreta. La Sociedad del Conocimiento en el mundo periférico maneja el insumo cognitivo alejado de las academias y cercano a donde está la acción. Carece de la reflexividad que reclama la modernidad, y por lo tanto, es incapaz de imaginarse en una era posindustrial. El conocimiento plano tiene en el panóptico móvil una maquina perpetua de registro empírico. Registra imágenes, quietas y en movimiento, lugares y sonidos georreferenciados, declaraciones sin intermediarios, y permite además el acceso al conocimiento disponible en línea, disolviendo la hegemonía del enciclopedismo iluminista. Punto de quiebre en el segundo centenario de las independencias latinoamericanas.

Comunicación móvil y desarrollo económico y social en América Latina Manuel Castells, Hernán Galperín, Mireia Fernández-ardèvol, 2011-09-28 Este libro pretende analizar el impacto de la telefonía móvil en el desarrollo social y económico de América Latina en la última década. Enséñame a ser héroe Mauricio Silva Guzmán, 2014-03-01 Las entrevistas de Mauricio Silva Guzmán a doce admirados y, en muchos casos, venerados personajes del mundo del deporte, además de ofrecernos un acabado perfil humano y psicológico de cada uno de ellos, recrean momentos decisivos de la vida colombiana en las dos últimas décadas, durante las cuales el deporte, para bien y para mal, se mantuvo muy cerca del acontecer histórico nacional. La manera ágil y sin embargo profunda, minuciosa y al mismo tiempo amena con que este apasionado tejedor de historias encara y conduce las entrevistas, ha dado como resultado una antológica galería humana. Mientras los entrevistados nos revelan de qué manera unos hombres y mujeres hechos de la más común materia humana -sangre, huesos, nervios, músculos, sudor, lágrimas- pero dotados de una indomable fuerza interior y una voluntad de hierro se transforman en héroes, Silva Guzmán deja constancia de su pericia para hurgar en la mente y el corazón de sus personajes. El mayor mérito de este aún joven veterano del oficio,

está en que logra, sin manosear ni lisonjear al entrevistado, que este se sienta cómodo y libre en su presencia y le cuente, no solo sus momentos de apoteosis y sus gloriosos ascensos al podio, sino también las experiencias más dolorosas y amargas que acompañaron su camino, no siempre fácil y expedito, hacia la consagración. Silva Guzmán no se contentó con conocer cada detalle de las inolvidables hazañas de los personajes, también quiso sumergirse en su más profunda humanidad. Y nos cuenta estas historias, a veces duras y descarnadas, sin la menor concesión al sentimentalismo. El resultado es un libro único, un valioso documento histórico y un relato que sacude nuestras fibras más sensibles. En él están consignadas, no solo las lecciones de vida de las cuales se nutren las victorias de los doce héroes perfilados, sino también las valiosas lecciones de un reportero que ama el mundo del cual escribe. Una especie de decálogo del más moderno periodismo deportivo.

Jorge Gonzalez. Una Historia Original Manuel Maira,2016-10-01 Más de 40 entrevistas -testimonios de la familia,

parejas, compañeros de trabajo, amistades, profesores y artistas- fueron necesarias para contar esta historia, una biografía musical alejada de toda estridencia, de todos los ruidos. Jorge González, el líder de Los Prisioneros, el artista que trazó su propio camino tomando de las más variadas influencias melódicas, aparece aquí como un caleidoscopio en sus facetas de hijo, hermano, padre, pareja y compañero de banda.
