*Wealth Watchers* Alice Wood,2009-12-29 Through her journey from having it all to dealing with financial setbacks, Wood provides tools to help you organize your finances and understand which spending patterns are knocking you off-track. Ten years ago, Alice Wood was living a normal life, balancing her career, family, and finances with confidence. She knew instinctively how to handle money, until a brain injury sustained on a commercial airplane changed her life. After the injury, Alice encountered many new challenges; for the first time in her life she was overweight and in serious debt. Weight Watchers® allowed Alice to lose the weight and keep it off. Inspired by Weight Watchers'® daily discipline of journaling and the principle of group accountability, she decided to create a new and radically simple program to reclaim her financial stability. She called it Wealth Watchers. This simple program enabled her to meet her own financial goals and soon was helping thousands of others to do the same. Today, the Wealth Watchers program is an important part of the rapidly growing movement for financial literacy and empowerment sponsored by school, state, and federal government programs; corporations such as McDonald's and Visa; and several large financial institutions.

Jones, Jr.,2016-09-30 Memoir, 1965-2015, with no names, but with abundant thoughtful reflections on navigating the changing cultures of the Sixties. A young man's journey through landscapes of his yearnings, mistakes, self-assessments, triumphs and failures, and points of satisfaction. Jones moves our thinking to new perceptions of realities that have been right in front of us--clear authenticity without fictions. His artistic and scholarly visions combine for a unique sociocultural history of the Austin scene in the Sixties & Seventies. It is a good adventure with good analysis, a good biographical presentation. Poignant and hilarious.
