**World Guide to Special Libraries** Marlies Janson, Helmut Opitz, 2011-12-22 The World Guide to Special Libraries lists about 35,000 libraries world wide categorized by more than 800 key words - including libraries of departments, institutes, hospitals, schools, companies, administrative bodies, foundations, associations and religious communities. It provides complete details of the libraries and their holdings, and alphabetical indexes of subjects and institutions.

Combined Membership List, 2002-2003 , 2003 This is a comprehensive directory of the membership of the American Mathematical Society, the American Mathematical Association of Two-Year Colleges, the Association for Women in Mathematics, the Mathematical Association of America, and the Society for Industrial and Applied Mathematics. It includes a complete alphabetical list of all individual members in all five organizations. For each member, the CML provides an address, title, department, institution, telephone number (if available), and electronic address (if indicated), and also indicates membership in the five participating societies. In addition, the CML lists academic, institutional, and corporate members of the five participating societies providing addresses and telephone numbers of mathematical sciences departments. The CML is distributed on request to AMS members in even-numbered years. MAA members can request the CML in odd-numbered years from the MAA. The CML should prove a useful reference for keeping in touch with colleagues and for making connections in the mathematical sciences community in the US and abroad.
