Great Quotes from Napoleon Hill Napoleon Hill, Michael Lewis, 2006 This is the first-ever collection of the most impactful quotes culled from all the books written by Napoleon Hill (1883-1970). Considered by many to be the Founder of the Science of Success, or The Father of Positive Thinking, Hill has been perhaps the most influential man in the area of personal success development, primarily through his book *Think and Grow Rich*. Born in a one-room cabin in 1883, Hill began his writing career at age 13. His big break came in 1908 when he was asked to interview steel-magnate Andrew Carnegie. Carnegie was so impressed with the young reporter that he commissioned Hill to interview millionaires to find a success formula that could be used by the average person. The result of his 20-year effort was the book *Think and Grow Rich*, the world's first philosophy of individual achievement and clearly delineated success principles. To date, Hill's book has sold more than 10 million copies.
