Quotes by Toni Morrison Lilith Regan, 2020-04-19 If there is a book that you want to read, but it hasn't been written yet, you must be the one to write it. We die. That may be the meaning of life. But we do language. That may be the measure of our lives. Bit by bit, at 124 and in the Clearing, along with others, she had claimed herself. Freeing yourself was one thing; claiming ownership of that freed self was another. If you surrendered to the air, you could ride it. You wanna fly, you got to give up the shit that weighs you down. Love is or it ain't. Thin love ain't love at all. If you're going to hold someone down you're going to have to hold on by the other end of the chain. You are confined by your own repression. All water has a perfect memory and is forever trying to get back to where it was. In this country American means white. Everybody else has to hyphenate. If you surrender to the wind, you can ride it.

Natality Jennifer Banks, 2023-05-02 “A gripping exploration of some of society’s biggest contradictions.... [Natality] is a fascinating read.” —Dana Suskind, MD, author of *Parent Nation* An exhilarating exploration of natality, a much-needed counterpoint to mortality, drawing on the insights of brilliant writers and thinkers. Birth is one of the most fraught and polarized issues of our time, at the center of debates on abortion, gender, work, and medicine. But birth is not solely an issue; it is a fundamental part of the human condition, and, alongside death, the most consequential event in human life. Yet it remains dramatically unexplored. Although we have long intellectual traditions of wrestling with mortality, few have ever heard of natality, the term political theorist Hannah Arendt used to describe birth’s active role in our lives. In this ambitious, revelatory book, Jennifer Banks begins with Arendt’s definition of natality as the “miracle that saves the world” to develop an expansive framework for birth’s philosophical, political, spiritual, and aesthetic significance. Banks focuses on seven renowned western thinkers—Arendt, Friedrich Nietzsche, Mary Wollstonecraft, Mary Shelley, Sojourner Truth, Adrienne Rich, and Toni Morrison—to reveal a provocative countertradition of birth. She narrates these writers’ own experiences alongside the generative ways they contended with natality in their work. Passionately intelligent and wide-ranging, *Natality* invites readers to attend to birth as a challenging and life-affirming reminder of our shared humanity and our capacity for creative renewal.

The New Yale Book of Quotations Fred R. Shapiro, 2021-08-31 A revised, enlarged, and updated edition of this authoritative and entertaining reference book—named the #2 essential home library reference book by the Wall Street Journal “Shapiro does original research, earning [this] volume a place on the quotation shelf next to Bartlett's and Oxford's.”—William Safire, New York Times Magazine (on the original edition) “The most accurate, thorough, and up-to-date quotation book ever compiled.”—Bryan A. Garner, Los Angeles Review of Books Updated to include more than a thousand

new quotations, this reader-friendly volume contains over twelve thousand famous quotations, arranged alphabetically by author and sourced from literature, history, popular culture, sports, digital culture, science, politics, law, the social sciences, and all other aspects of human activity. Contemporaries added to this edition include Beyoncé, Sandra Cisneros, James Comey, Drake, Louise Glück, LeBron James, Brett Kavanaugh, Lady Gaga, Lin-Manuel Miranda, Barack Obama, John Oliver, Nancy Pelosi, Vladimir Putin, Bernie Sanders, Donald Trump, and David Foster Wallace. The volume also reflects path-breaking recent research resulting in the updating of quotations from the first edition with more accurate wording or attribution. It has also incorporated noncontemporary quotations that have become relevant to the present day. In addition, The New Yale Book of Quotations reveals the striking fact that women originated many familiar quotations, yet their roles have been forgotten and their verbal inventions have often been credited to prominent men instead. This book's quotations, annotations, extensive cross-references, and large keyword index will satisfy both the reader who seeks specific information and the curious browser who appreciates an amble through entertaining pages.

Womanism, Literature, and the Transformation of the Black Community, 1965-1980 Kalenda C. Eaton, 2010-06-21 This book examines how cultural and ideological reactions to activism in the post-Civil Rights Black community were depicted in fiction written by Black women writers, 1965–1980. By recognizing and often challenging prevailing cultural paradigms within the post-Civil Rights era, writers such as Toni Morrison, Alice Walker, Toni Cade Bambara, and Paule Marshall fictionalized the black community in critical ways that called for further examination of progressive activism after the much publicized 'end' of the Civil Rights Movement. Through their writings, the authors' confronted marked shifts within African American literature, politics and culture that proved detrimental to the collective 'wellness' of the community at large.

Miss Chloe A. J. Verdelle, 2022-05-10 "Passionate, personal, insightful, testy, and unique." —Kirkus (starred review) Verdelle offers us testimony in praise and consideration of life as a literary citizen and Black woman alongside the guiding light of Toni Morrison. This is a holy testimony, indeed, one that deserves to be amen'd forever." —Jason Reynolds, #1 New York Times Bestselling Author Verdelle gives us the greatest gift—our beloved ancestor returned to us—generous and alive, remembered and revered. So grateful for this book in the world." —Jacqueline Woodson, author of *Another Brooklyn* If you let a black girl loose in a library, you may not recognize the woman who emerges. —from *Miss Chloe* Toni Morrison, born Chloe A Wofford, was a towering figure in the world of literature when she entered A.J. Verdelle's life. Their literary friendship was a young writer's dream—simultaneously exhilarating, intimidating, fulfilling, and challenging. The relationship crossed generations, spanned several cycles in life, exhibited high and low notes, reached and dipped and found its way. Like many women friends, these two writers imagined and built a relationship that was responsive, inventive, and engaged. Miss Chloe powerfully situates the risks writers face and the freedom they find when they put Black women's lives into words. Verdelle chronicles her grief at Morrison's passing, and finds comfort in Morrison's astute advice—wisdom Verdelle didn't

always recognize at the time. In this pensive and intricately lyrical book, Verdelle honors Morrison among the cultural greats, while illuminating and celebrating the power of language, legacy, and genius. A. J. Verdelle is the award-winning author of the novel, *The Good Negress*. She teaches Creative Writing at Morgan State University and at the MFA program at Lesley University.

If You Surrendered to the Air, You Could Ride it Toni Morrison 1970 Revolution, 2019-08-13 Toni Morrison was a brilliant writer noted for her examination of black experience (particularly black female experience) within the black community. This journal has one of her most famous quotes on the cover. 6x9 120 pages white paper glossy cover

Contemporary American Women Writers Lois Parkinson Zamora, 2017-09-29 This collection brings together critical essays that examine questions of identity and community in the fiction of contemporary American women writers among them Alice Walker, Toni Morrison and Sandra Cisneros. The essays consider how identities and societies are dramatized in particular works of fiction, and how these works reflect cultural communities outside the fictional frame - often the communities in which their authors live and work. The essays included here concern fictional representations of African American, Latino, Asian American, Native American, Anglo and Euro-American communities and their working interactions in the multicultural United States. Each critic asks, in his or her own way, how a particular writer transforms her social grounding into language and literature. The introduction includes an overview of the range of literary criticism devoted to contemporary American women writers, and an extensive bibliography of complementary critical readings is provided to encourage further study. Undergraduate and postgraduate students of contemporary literature will find the text an invaluable guide to contemporary women's writing in America, and the range of criticism that this has given rise to.

Around 1981 Jane Gallop, 2012 A clear-eyed and comprehensive history of feminist literary criticism. In a novel approach, the inquiry is structured around anthologies of feminist criticism: twelve important texts that have had a wide impact on more than a decade of scholarship. In reading an anthology as a whole, the author identifies a central, hegemonic voice which would organise all the voices into a unity, and then explores the resistance within that volume to such a unity. Weight is placed behind these internal differences as a wedge against the centrist drive. This book brilliantly illuminates the dilemma of the feminist critic, divided by her allegiance to both feminism and literary studies.

Handbook for Critical Reading Don Meagher, 1997 The Handbook for Critical reading is designed to teach students how to understand a piece of writing and to think about it analytically. Although it gives examples and models of each reading skill, it allows students to use their own reading materials -- textbooks, newspapers, anthologies, and novels -- to practice their reading skills. The student or teacher can determine the reading practice that is most relevant to each student and use that to practice reading skills. This unique book has some of the best available coverage of inference, figurative language, fact/opinion, author bias, and argument analysis.

The Measure of Our Lives Toni Morrison, 2019-12-03 At once the ideal introduction to the legendary Nobel Prize winner and a lovely and moving keepsake for her devoted readers: a treasury of quotations from her work. • With a foreword by New York Times bestselling author Zadie Smith. She was our conscience. Our seer. Our truth-teller. —Oprah Winfrey This inspirational book juxtaposes quotations, one to a page, drawn from Toni Morrison's entire body of work, both fiction and nonfiction—from *The Bluest Eye* to *God Help the Child*, from *Playing in the Dark* to *The Source of Self-Regard*—to tell a story of self-actualization. It aims to evoke the totality of Toni Morrison's literary vision. Its compelling sequence of flashes of revelation—stunning for their linguistic originality, keenness of psychological observation, and philosophical profundity—addresses issues of abiding interest in Morrison's work: the reach of language for the ineffable; transcendence through imagination; the self and its discontents; the vicissitudes of love; the whirligig of memory; the singular power of women; the original American sin of slavery; the bankruptcy of racial oppression; the complex humanity and art of black people. *The Measure of Our Lives* brims with elegance of style and mind and moral authority.
