The 52 Weeks Karen Amster-Young,Pam Godwin,2013-11-05 Edging into forty-something, Karen and Pam found themselves in a state of stuck. They had checked off many of their major life goals—career, husband, children, friends—but they'd lost momentum. After griping over drinks one night, they came up with a plan to face their fears, rediscover their interests, try new things, and renew their relationships. They challenged themselves to try one new thing every week for a year—from test-driving a Maserati to target practice at a shooting range to ballroom dance lessons—and to blog about their journeys. They quickly realized it was harder than they ever imagined but came through it with a sense of clarity and purpose

that has them itching to share the possibilities with the millions of middle-aged women out there who feel the same way about one or many areas of their lives. Getting unstuck doesn't have to mean running a marathon, traveling the world, or ending a relationship with your partner. Through their experiences and a good dose of no-nonsense advice, Karen and Pam show readers how achieving small goals can give you a renewed sense of accomplishment and how you can keep growing, learning, and moving forward at any age. Interspersed with personal stories is expert advice from doctors, psychiatrists, artists, and even a poker diva (who also happens to be a Fortune 500 executive).

The Broadview Anthology of Social and Political Thought - Volume 2: The Twentieth Century and Beyond Andrew Bailey, Samantha Brennan, Will Kymlicka, Jacob T. Levy, Alex Sager, Clark Wolf, 2008-09-12 The second volume of this comprehensive anthology covers the twentieth and early twenty-first centuries. The anthology is broad ranging both in its selection of material by figures traditionally acknowledged as being of central importance, and in the material it presents by a range of other figures. The material in this volume is presented in three sections. The first, "Power and the State," includes selections by such figures as Goldman, Lenin, Weber, Schmitt, and Hayek. Among those included in the "Race, Gender, and Colonialism" section are de Beauvoir, Gandhi, Fanon, and Young. The third and by far the longest section, "Rights-Based Liberalism and its Critics," focuses on the many interrelated directions that social and political philosophy has taken since the publication of John Rawls's ground-breaking *A Theory of Justice* in 1971. In order to better meet the needs of today's students, the editors have made every effort to include accurate and accessible translations of the readings. Additionally, every selection has been painstakingly annotated, and each figure is given a substantial introduction highlighting her or his major contributions within the tradition. For figures of central importance, the editors have included extended introductions that place the figure in the context of intellectual history as well as of political thought. In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the volume's development (many of whom have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits; *The Broadview Anthology of Social and Political Thought* sets the new standard for social and political philosophy instruction.

Are You Sure? Hazel Dann,2012-11-15 Various topics are enlightened through the media in many different forms; such as hard or soft-cover books, music, television, fiction, non-fiction, the internet, public workshops, educational sessions; all such topics revolve around life. There is information everywhere that can be sought out for what a person wants to learn or teach others. This information contributes to personalities, abilities, experiences, various skills and talents that make each person unique somehow. Not any one is exactly the same as another. Life consists also of avoiding or preventing certain things. It is my desire to initiate this kind of education based on my own experience and because of the wide-spread relevance of my circumstances. It`s also my desire to enable confidence and optimism with the basic belief that much in life has potential and much is possible with a certain perspective. The smallest things that seem insignificant can turn into something of satisfaction.)
