Australian Children's Books, 1980-2000 Marcie Muir, Kerry White, 2004 All Australian children's books published from 1989 to 2000 are listed in this essential reference for those who appreciate the richness of Australian writing for children. Following the same format as volumes 1 and 2 in this series chronicling books published as early as 1774, entries include publishing details, the number of illustrations, and the awards received for each book. This third volume follows the continuing careers of authors such as Mem Fox, Bob Graham, Robin Klein, and Paul Jennings, and traces changes in the popularity of Australian themes and settings to identify publishing trends. Varied cultural aspects of modern-day life are shown, from globalization, commercialism, and the rise of the middle class in Asia to desktop publishing, outcome-based school curricula, and the modern obsession with celebrities all of which are reflected in the type and quantity of books produced by Australian writers and publishers. The wealth of included material will extend researchers' understanding of the range of Australian children's books.

Spiritual Abuse William Bentonetti, 2013-02-06 Spiritual Abuse is a three part novel about two teenagers from two different families who are the victims of abuse. Teaming up to investigate their parents' pasts in order to learn the reasons for their parents' behavior, they discover shocking secrets that force them into a world of worse physical and mental dangers that they never imagined possible. Violence, sex, lies, drugs, kidnapping, murder and deception are but a few of the many obstacles that these two teens must deal with before reaching the goal of finding out what is going on. What they find is so

shocking that nearly every second in this period of their lives ticks by with mystery. Each character in this novel is unique with a role to play in the intricate web of child abuse and relationships. Hopefully, this novel will arouse some to take action to finally eradicate all forms of abuse from the face of this planet forever.

The Complete Book of 1970s Broadway Musicals Dan Dietz,2015-09-03 The 1970s was an exciting decade for musical theatre. Besides shows from legends Stephen Sondheim (Company, Follies, A Little Night Music, and Sweeney Todd) and Andrew Lloyd Webber (Jesus Christ Superstar and Evita), old-fashioned musicals (Annie) and major revivals (No, No, Nanette) became hits. In addition to underappreciated shows like Over Here! and cult musicals such as The Grass Harp and Mack and Mabel, Broadway audiences were entertained by black musicals on the order of The Wiz and Raisin. In The Complete Book of 1970s Broadway Musicals, Dan Dietz examines in detail every musical that opened on Broadway during the 1970s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Tony Bennett, Lena Horne, Bette Midler, and Gilda Radner. Each entry includes the following information: Opening and closing datesPlot summariesCast membersNumber of performancesNames of all important personnel including writers, composers, directors, choreographers, producers, and musical directorsMusical numbers and the names of performers who introduced the songsProduction data, including information about tryoutsSource materialCritical commentary Tony awards and nominations Details about London and other foreign productions Besides separate entries for each production, the book offers numerous appendixes, including a discography, filmography, and published scripts, as well as lists of Gilbert and Sullivan operettas, black-themed shows, and Jewish-themed productions. A treasure trove of information, The Complete Book of 1970s Broadway Musicals provides readers with a comprehensive view of each show. This significant resource will be of use to scholars, historians, and casual fans of one of the greatest decades in musical theatre history.

Teaching Literacy in Labour Market Programs ,1995 Written in competency-based format, this professional development package is targeted at Australian teachers of adult English language, literacy, and numeracy working in labor market programs. The approximately 26-hour-long course aims to increase knowledge of and skills in liaising and negotiating with the Commonwealth Employment Service, labor market program characteristics, working with labor market clients, development and delivery of literacy within literacy market programs, and marketing labor market programs. An introduction lists learning outcomes and provides general information on use of the program. Section 1, Participant's Notes, includes three units: the partners, development and delivery, and marketing. Each contains learning outcome, hours, topics, assessment, information (readings), and learning activities. Assessment tasks and procedures are found at the end of the section. Section 2 is a collection of models of good practice in labor market literacy teaching. Section 3 lists print-based resources for teachers working in labor market programs and details how to access them. Section 4 consists of a guide for presenters and facilitators and the curriculum. The guide notes required facilitator or presenter skills, experience, and roles. The curriculum contains course outcomes, structure, assessment strategy, course delivery, articulation and credit transfer, ongoing monitoring and evaluation, module information, competency list, and a 16-item bibliography. Two publications are attached: Accessing Jobs: A Guide to the Labour Market Programs of the Department of Employment, Education and Training and The Information Privacy Principles. (YLB)
