

# Think Again Adam Grant Review

## BestPrint

*Think Again* Adam Grant, 2021-02-02 #1 New York Times Bestseller “THIS. This is the right book for right now. Yes, learning requires focus. But, unlearning and relearning requires much more—it requires choosing courage over comfort. In *Think Again*, Adam Grant weaves together research and storytelling to help us build the intellectual and emotional muscle we need to stay curious enough about the world to actually change it. I’ve never felt so hopeful about what I don’t know.”

—Brené Brown, Ph.D., #1 New York Times bestselling author of *Dare to Lead* The #1 New York Times bestselling author of *Hidden Potential*, *Originals*, and *Give and Take* examines the critical art of rethinking: learning to question your opinions and open other people's minds, which can position you for excellence at work and wisdom in life Intelligence is usually seen as the ability to think and learn, but in a rapidly changing world, there's another set of cognitive skills that might matter more: the ability to rethink and unlearn. In our daily lives, too many of us favor the comfort of conviction over the discomfort of doubt. We listen to opinions that make us feel good, instead of ideas that make us think hard. We see disagreement as a threat to our egos, rather than an opportunity to learn. We surround ourselves with people who agree with our conclusions, when we should be gravitating toward those who challenge our thought process. The result is that our beliefs get brittle long before our bones. We think too much like preachers defending our sacred beliefs, prosecutors proving the other side wrong, and politicians campaigning for approval--and too little like scientists searching for truth. Intelligence is no cure, and it can even be a curse: being good at thinking can make us worse at rethinking. The brighter we are, the blinder to our own limitations we can become. Organizational psychologist Adam Grant is an expert on opening other people's minds--and our own. As Wharton's top-rated professor and the bestselling author of *Originals* and *Give and Take*, he makes it one of his guiding principles to argue like he's right but listen like he's wrong. With bold ideas and rigorous evidence, he investigates how we can embrace the joy of being wrong, bring nuance to charged conversations, and build schools, workplaces, and communities of lifelong learners. You'll learn how an international debate champion wins arguments, a Black musician persuades white supremacists to abandon hate, a vaccine whisperer convinces concerned parents to immunize their children, and Adam has coaxed Yankees fans to root for the Red Sox. *Think Again* reveals that we don't have to believe everything we think or internalize everything we feel. It's an invitation to let go of views that are no longer serving us well and prize mental flexibility over foolish consistency. If knowledge is power, knowing what we don't know is wisdom.

*Summary of Think Again* Alexander Cooper, 2021-03-08 Summary of Think Again We often see intelligence as an ability to think and learn, but we forget the most important part of intelligence: the ability to rethink and unlearn. We must learn how to examine information we've been given and accepted as fact, and to re-think our former convictions in order to have the most accurate information and convictions we can. We have to unlearn false information and use our ability to do so to have a more solid foundation. When we surround ourselves with people who agree with us and think the same as us, we do ourselves a disservice and prevent ourselves from growing and learning. We become too much like preachers who have to defend their beliefs, prosecutors who have to prove we are correct, or politicians who campaign for what they want. What we need to do is learn to think like scientists. Thinking like a scientist involves us doing individual rethinking, interpersonal rethinking, and collective rethinking. When we can learn to challenge our own beliefs, challenge our identity, and bring that kind of environment into our workplaces, we can create a situation where learning is paramount, and excellence is achieved. Think Again will show you how to engage in re-thinking, not just the importance of it. It will give evidence that re-thinking works, and anecdotes of people and organizations who have used re-thinking to change their lives and businesses. **Summary of Think Again** Alexander Cooper, 2023-01-03 Think Again - The Power of Knowing What You Don't Know - A Comprehensive Summary There are highs and lows in the book's emotional spectrum. Grant does a great job of attempting to illustrate why the ability to think critically is an essential life skill. Before being released, the book underwent thorough inspections, reviews, and a ton of research. Each chapter flows naturally as Grant increases the intensity to a crescendo. The book is split into four distinct sections. Grant focuses on the individual ego in the first section. How do you, as a person, discover absolute happiness in reconsidering your beliefs, even when you're mistaken? He explains why that's challenging and why people are so devoted to their traditions and beliefs. To be continued... Here is a Preview of What You Will Get: □ A Detailed Introduction □ A Comprehensive Chapter by Chapter Summary □ Etc Get a copy of this summary and learn about the book.

*Staying the Distance* Catherine Baker, 2023-03-30 Staying the Distance showcases the much-needed leadership lessons that sport can teach us: how to improve, perform and achieve, in ways that are effective and sustainable. Leadership can be hard. It can certainly be relentless. The pandemic has wreaked havoc on the well-being, health and sustained performance of many senior leaders, and yet strong leadership remains central to the performance of every single organization. Business leaders are very familiar with drawing lessons from elite sport, particularly around teams, leadership and high performance. But we have all been missing a trick. Day in, day out, sport has been showing us not only how to improve, perform and achieve, but how to do so on a sustained basis, consistently delivering results when it matters. This book shines a light on these unseen lessons, and provides a clear and practical roadmap for how to deploy them in the reader's own leadership practices. With Catherine Baker's unique view into world-class sport and top-level business, and with insights from top performers in both worlds, this book provides a fresh and dynamic take on how - consistently and over the long term - to bring out the best in yourself, and in those you lead.

*Summary of Think Again by Adam Grant* Prime Reads, 2022-02-23 360 Degree Accurate, Distinctive and Efficient Summary of Think Again by Adam Grant Think Again by Adam Grant addresses cognitive errors, prejudices, biases, and mental unseeing spots. It examines our failure to change our thoughts once we have determined them. Whatever knowledge and experience of individuals, they cannot avoid logical errors in their thought process. This includes baseless opinions, shallow influences, assumptions, and other subjective perceptions. Additionally, our natural tendency to rely on these distracting cognitive resources leads to poor decision-making, inflexibility, inability to hear and be heard by others, and fastened-minded beliefs as well. Although Grant has a great deal of knowledge in psychology and has unwrapped many

examples, he suggests a new approach to improve an individual's thinking. What does this PRIME READS Summary & Analysis Include?: A complete bio of the author An in-depth analysis and key insights of the book A powerful written work that communicates the authors' message in a user-friendly manner And more So, if you want a brief yet very enlightening summary and analysis on Think Again by Adam Grant that can aid you to learn the insights and significant points within minutes, scroll up and click the BUY NOW button; for instant access! Disclaimer: This is a summary analysis of the book Think Again by Prime Reads and not the original book.

**What Leaders Need Now** Andrea Chilcote,2023-07-24 Andrea Chilcote, Founder and CEO of Morningstar Ventures, has thirty years of experience as a leadership development expert and executive coach, as well as three years of immersion-work into the effects of a global pandemic on organizational culture and employee well-being. She lives in Cambria, California with her husband and Siberian Huskies.

*Likeable Badass* Alison Fragale, PhD,2025-09-16 NATIONAL BESTSELLER • Behavioral scientist Alison Fragale offers powerful new insights and a practical playbook for women to advance in any workplace, full of tips, tricks, and strategies to help secure that elusive corner office. Over decades of research, speaking engagements, and mentorship, psychologist and professor Alison Fragale encountered recurring questions from high powered and early career women alike: How do women thread the needle of kindness and competence in the workplace? How can women earn credit for their accomplishments, negotiate better, and navigate complex office politics without losing the goodwill of their peers? Fragale investigated and determined that many women's workplace issues boil down to what psychologists call status: the perception of them by others. No amount of power-- no degree, title, or paycheck-- will raise a woman's workplace stature unless it also affects how others see her. Acknowledging this roadblock, Fragale pulls back the curtain on how we can change how others see us by developing our standing as a likeable badass. By cultivating perceptions of warmth and assertiveness, women can achieve the kind of reputation that leads to a seat at the table and a fulfilling career path. *Likeable Badass* is equal parts behavioral science and life hacks, weaving together rigorous research with actionable advice and impactful stories from a diverse array of women. This is a warm, heartening book written for women, their allies, and anyone who struggles to rise, and wants evidence-based, practical strategies for success, served with a side of inspiration and humor.

**Ask** Jeff Wetzler,2024-05-07 Globally recognized expert on learning and leadership, Jeff Wetzler offers a hands-on, surprisingly effective way to find out what others really think, know, and feel. Ask leads to smarter decisions, more creative solutions, and deeper relationships. Too often, we don't find out what's truly on others' hearts and minds because we don't know how to ask the right questions in the right ways. Co-founder of Transcend and former international business consultant and Teach for America executive Jeff Wetzler wants to show you how to fix that. In *Ask*, he brings you a powerful method called The Ask Approach™, based on a simple premise: that tapping into what other people truly think, know, and feel is a

game-changing superpower. In Section I, Wetzler reveals the most common things that people think and feel but often keep to themselves, as well as the key reasons why they choose to withhold information that could be valuable to you and your organization. Section II delves into the five steps of the Ask Approach, each answering an essential question. Choose Curiosity: How can you awaken your curiosity to make new discoveries and unexpected connections? Make it Safe: How do you make it easier for people to tell you hard things? Pose Quality Questions: What questions will best tap into the wisdom of anyone you ask? Listen to Learn: How can you hear what someone is really trying to tell you? Reflect & Reconnect: How do you turn talk into action? Section III helps you make asking an everyday superpower – not only for yourself but also for your team and organization, as well as for the next generation and society at large. The skills and messages of Ask could not be more timely. In a fast-changing world where AI is supplanting an increasing range of skills, the ability to learn from and connect with other people is one of the most important, fulfilling and uniquely human capabilities to master.

**Strategists First** Ryan Hays, 2023-11-28 Ever wonder why you've had more strategy conversations than you can count, but not a single strategist discussion you can remember? That's because strategy has made a career out of ignoring the strategist—until now. Strategists First will help you learn what every strategist needs to know, including: who strategists are, what strategists believe, how strategists behave, where strategists thrive, when strategists strike, and why strategists matter. If you're an accomplished strategist, this book gives voice and visibility to your fight against the status quo. If you're an aspiring strategist, this book delivers the beliefs and practices needed to live this identity into action.

**Atlas of the Heart** Brené Brown, 2021-11-30 #1 NEW YORK TIMES BESTSELLER • In Atlas of the Heart, Brené Brown writes, “If we want to find the way back to ourselves and one another, we need language and the grounded confidence to both tell our stories and be stewards of the stories that we hear. This is the framework for meaningful connection.” Don't miss the five-part Max docuseries Brené Brown: Atlas of the Heart! In Atlas of the Heart, Brown takes us on a journey through eighty-seven of the emotions and experiences that define what it means to be human. As she maps the necessary skills and an actionable framework for meaningful connection, she gives us the language and tools to access a universe of new choices and second chances—a universe where we can share and steward the stories of our bravest and most heartbreaking moments with one another in a way that builds connection. Over the past two decades, Brown's extensive research into the experiences that make us who we are has shaped the cultural conversation and helped define what it means to be courageous with our lives. Atlas of the Heart draws on this research, as well as on Brown's singular skills as a storyteller, to show us how accurately naming an experience doesn't give the experience more power—it gives us the power of understanding, meaning, and choice. Brown shares, “I want this book to be an atlas for all of us, because I believe that, with an adventurous heart and the right maps, we can travel anywhere and never fear losing ourselves.”

**Summary of Adam Grant's Think Again** FastReader Publishing, 2021-02-17 If you: \*loved Give and Take or \*read

Originals: How Non-Conformists Move the World by Adam Grant cover-to-cover or \*you're concerned about creating a culture of learning and exploration you'll find this summary of Adam Grant's Think Again as an essential guide right for you. What is more, if you're in a rush this book brings you the essentials in chronological order without missing the point. To help you make a decision, let me shed some light on what you will find in the summary. This is a summary of Think Again: The Power of Knowing What You Don't Know by the a #1 New York Times bestselling author and one of TED's most popular speakers, released in February 2021. This book is a story-referenced book. From the introduction to the end, Adam Grant gives real-life stories with the aim of driving his points home in a better way. For the prologue, he starts with a story about Wagner Dodge, who, together with his 14 member team of smokejumpers, aimed to extinguish a huge forest fire threatening to burn everything up one August afternoon in the year 1949. In the end, he and the other two firefighters survived - what's unique is, he survival was due to his mental fitness. The importance of this story is aimed at finding out the essence behind mental fitness - Adam Grant explains that mental fitness is not about intelligence alone. It is more about your cognitive skills. Reflecting back to the Wagner Dodge story, he tries to explain why some of the firefighters perished - hesitation. He says that human beings don't hesitate to get solutions, but they hesitate to avoid the very idea of rethinking. Amazing, right? Focusing on rethinking, the author says that self-questioning tends to change your viewpoint of the world- facts. However, the author says that a person does not always rethink everything - some things are automatic. When it comes to possessions, knowledge, and opinions, rethinking never becomes a struggle. Adam calls it 'Seizing and freezing.' In the event a person finds him or herself under stress, he or she automatically reverts to factory settings, which labors thinking, and by the time it is realized, it is always too late. This book seeks to summarize the original book to give you an idea of what the book is about, chapter by chapter, so you can decide whether to get yourself a copy of the original book for further reading. I hope you'll enjoy it. Have a great time when reading this book.

*Summary of Think Again: the Power of Knowing What You Don't Know by Adam Grant* BestPrint,2021-04-08 Think Again (2021) examines the science behind changing your mind - and persuading others to change theirs. It explores the biases and assumptions that we bring to our decision-making, and outlines how individuals and organizations can build a mindset of lifelong curiosity.

Summary of THINK AGAIN by Adam Grant John Oswald,2021-07-09 An Easy to Understand Summary of Think Again: The Power of Knowing What You Don't Know" Adam Grant invites readers to reevaluate how they approach work, problem-solving, and critical thinking, building on his prior work in Give & Take and then Originals. Unlike many other authors in this genre who repackage universal truths, Grant introduces new and surprising ideas that...well... make you think again. Think Again demonstrates that we don't have to believe or internalize everything we think or feel. It's an encouragement to let go

of beliefs that aren't helping us anymore, and to value mental flexibility above rigidity. Knowing what we don't know is wisdom, if knowledge is power. The author, an organizational psychologist and the bestselling author of *Give and Take* and *Originals*, tackles the crucial art of rethinking: learning to challenge your own ideas and open other people's minds, which may position you for success at work and wisdom in life. Now, why is this summary important? This summary brings you the key points and takeaways from the book! The writer has read the original book again and again. **Healthcare's Path Forward: How Ongoing Crises Are Creating New Standards for Excellence** Thomas H. Lee, 2023-01-03 From the author of *The Epidemic of Empathy in Healthcare* and *The Good Doctor* comes a book that explores how the pandemic and other crises revealed what excellence in healthcare truly means and presents an action plan to achieve it. The goal of healthcare has always been to reduce suffering, but three perfect storms of recent years—the health storm produced by the Covid-19 pandemic; the economic storm that resulted from its disruptions; and the social storm that followed the murder of George Floyd, which sparked fresh outrage at longstanding inequities—have sharpened and added important nuances to our understanding of what that means. In *Healthcare's Path Forward*, Thomas Lee explores how the work of healthcare is being transformed by a deeper knowledge of what suffering means for patients, their families, and healthcare providers themselves. To respond, healthcare organizations must: deserve, earn, and build the trust of patients deserve, earn, and build the trust of the healthcare workforce build a resilient, high reliability culture with a broadened concept of safety build an inclusive culture that treats every patient and every employee with respect extend patient-centeredness to embrace consumerism, and work relentlessly to remove friction from the patient experience respond to the imperatives of the new marketplace for high-value care focused on long-term outcomes Lee uses data to demonstrate trends and insights into how health systems can thrive, offers examples of organizations making major advancements, and provides specific, practical recommendations for healthcare leaders, clinicians, and other caregivers. This book is a thoughtful, impassioned call to work toward excellence and forge healthcare's path forward—together.
