

Was Billy Jack A True Story

H. E. Gerry

Filmography of American History Grant Tracey, 2001-11-30 Containing over 200 films, this resource is ideal for students, teachers, and other viewers who are interested in using films to enhance their knowledge of American historical events and periods. Along with traditional historical categories, such as the two World Wars, the Civil War, and the Great Depression, the book emphasizes immigrant, multicultural, and women-centered films to portray the fullness of the American experience. It also analyzes representations of people and events across different films for a variety of viewpoints, and considers how films reconfigure a past era through the issues of the day in which they were produced. For ease of use, the book is organized into time periods. Each entry contains: •the setting •director •cast •credits •the year of production •distributor Ratings are supplied to identify audience-appropriateness. The detailed narrative supplies a brief plot summary along with a thesis supported by strong examples from the film, such as excerpts of dialogue and factual details from history. The entries encourage readers to view the film through the lens of history and to consider it within the larger nexus of films listed in that particular chapter. Frequently, the historical focus considers both the time period depicted in the film and the time period in which it was made. The running times provide readers with a quick access to key scenes for further study. Each entry also concludes with sources for further reading, and indexes identify those films with multicultural and women's themes.

100 American Independent Films Jason Wood, 2019-07-25 This revised and updated new edition provides a guide to 100 of the most interesting and influential American independent films, from Bonnie and Clyde to Junebug by way of Reservoir Dogs and The Blair With Project with an introduction to the genre and a rich selection of images from the films discussed, plus key credits.

The Seventies Vincent LoBrutto, 2021-05-12 A fascinating year-by-year history of American film in the seventies, a decade filled with innovations that reinvented the medium and showed that movies can be more than entertainment. In *The Seventies: The Decade That Changed American Film Forever*, Vincent LoBrutto tracks the changing of the guard in the 1970s from the classic Hollywood studio system to a new generation of filmmakers who made personal movies targeting a younger audience. He covers in kaleidoscopic detail the breadth of American cinema during the 1970s, with analyses of the movies, biographical sketches of the filmmakers, and an examination of the innovative production methods that together illustrate

why the seventies were unique in American film history. Featuring iconic filmmakers such as Martin Scorsese, Steven Spielberg, and Francis Ford Coppola and films such *The Godfather*, *Jaws*, *Taxi Driver*, and *The Exorcist*, this book reveals how the seventies challenged the old guard in groundbreaking and exciting ways, ushering in a new Hollywood era whose impact is still seen in American film today.

At a Theater or Drive-in Near You Randall Clark, 2013-12-17 Millions of Americans have been thrilled, scared, titillated, and shocked by exploitation movies, low budget films with many scenes of sex, violence, and other potentially lurid elements. The term derives from the fact that promoters of such films exploit the contents in advertising that plays up the sexual or violent aspects of the films. This is the first comprehensive study of the American exploitation film to be published. It discusses five distinct genres: the teen movie, the sexploitation film, the martial arts movie, the blaxploitation film and the lawbreaker picture. Contained within these genres are many popular American film types, including beach movies, biker pictures, and women's prison movies. The study provides a history and sociopolitical analysis of each genre, focusing on significant films in those genres. It also discusses the economics of exploitation films and their place in the motion picture industry, the development of drive-in theaters, the significance of the teenage audience, and the effect of the videocassette. Finally, the book applies major film and cultural theories to establish an aesthetic for evaluating the exploitation film and to

explore the relationship between film and audience.
