Pia Piironen

Five Centuries of English Verse W. Stebbing, 1913

A Supplementary Catalogue of Sanskrit, Pali, and Prakrit Books in the Library of the British Museum Acquired During the Years 1892-1928 British Museum. Department of Oriental Printed Books and Manuscripts, 1928

The Reference Catalogue of Current Literature , 1913

The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe, from the 6th century to the early 16th century. Drawing upon the expansive scholarship in the celebrated 'Grove Dictionary of Art' and adding hundreds of new entries, it offers students, researchers and the general public a reliable, up-to-date, and convenient resource covering this field of major importance in the development of Western history and international art and architecture.

Five Centuries of English Verse; Volume 2 - Scholar's Choice Edition W. 1832-1926 Stebbing, 2015-02-12 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Islamic Shield Elie Elhadj,2006 While politicians and media pundits debate the success of U.S. attempts to instill a democratic government in Iraq, author and social scientist Elie Elhadj, Ph.D., explains why thoughts of a democratic Arab-Muslim nation are nothing but fantasy. Arab people are characterized by obedience to a hierarchical authority, Syrian-born Elhadj states. Western-style democracy can never fill this cultural mandate. Elhadj explains how Muslim Arab political and religious leaders raise the tenets of Islam in a shield against democracy in order to protect their power. Constant preaching by Islam's religious leaders, instructing Muslims to blindly obey their leaders, has created an attitude of political quietism in regard to the tyranny of Arab rulers and ambivalence towards democracy, Elhadj says in his book. Using Syria and Saudi Arabia as the archetypal Arab governments, *The Islamic Shield* outlines the numerous reasons why genuine democratic reforms are not likely to emerge in Arab countries for a very long time. Instead, Elhadj proposes that a benevolent dictatorship may be a more hopeful and realistic expectation, especially since democratic elections are likely to result in the election of a theocratic dictator rather than a secular democratic one. A benevolent dictatorship would fulfill the goal of reducing Arab rulers' cruelty, which fans the flame of Islamic extremism and Jihadism, he states. Jihadism and its causes are examined in detail by Elhadj. He makes the case that Jihadist terrorism is fueled by the oppression and frustration of the Arab masses that results not only from tyrannical Arab rule, but also from the perception of biased American policies in the Middle East. Combined with the growing influence from extremist factions within Islam, these oppressions form a vicious cycle of violent confrontation, Elhadj says. Islamist extremism alone does not cause terrorism, Elhadj states: What Islamist extremism does is to turn political frustrations into religious crusades. The United States may even have created a set-back for themselves in the effort to democratize the Middle East, Elhadj says. As the United States deposed the Arab World's most secular regime in Iraq, a theocratic leadership aligned to Tehran emerged with potentially far-reaching regional political and religious consequences.

The Bhagavad- Pyhäkaavat Pia Piironen, 2023-06-02 The historical Bhagavad -Pyhäkaavat (Bhagavad Gita) is a collection of letters mostly written by Achaemenids' vassals dating back to the pre-Roman Iron Age of Northern Europe. Letter writing begins in Greek Anatolia in 480 B.C.E. and continues in North Europe. Ancient Veda texts are astonishing, historical first- hand information about northern kingdoms established by the Achaemenid dynasty. Previously, it was not known that the Persian sphere of influence even extended to the territory of present-day Finland. Cyrus the Great was aptly

titled 'King of the Four Corners of the Earth'. The Achaemenids were a common factor between Vedic India and Vedic North Europe. Their power also extended to Caria and Ionia in Anatolia. These people spoke and wrote in the Carian or Arian language, the language that is called the Finnish Karelian dialect nowadays. The Bhagavad Gita letters also provide valuable information about their ancient Baptist religion. Many of its features were transferred to modern religions.
