'Rough Sex' and the Criminal Law Hannah Bows, Jonathan Herring, 2022-11-07 Bows and Herring expertly collate an extensive mix of perspectives on the topic of 'rough sex' to contribute to a powerful feminist investigation of this critical and timely debate.

Sex and Sexuality in Modern Screen Remakes Lauren Rosewarne, 2019-06-19 Sex and Sexuality in Modern Screen Remakes examines how sexiness, sexuality and revisited sexual politics are used to modernize film and TV remakes. This exploration provides insight into the ever-evolving—and ever-contested—role of sex in society, and scrutinizes the politics and economics underpinning modern media reproduction. More nudity, kinky sex, and queer content are increasingly deployed in remakes to attract, and to titillate, a new generation of viewers. While sex in this book refers to increased erotic content, this discussion also incorporates an investigation of other uses of sex and gender to help a remake appear woke and abreast of the zeitgeist including feminist reimaginations and 'girl power' make-overs, updated gender roles, female cast-swaps, queer retellings, and repositioned gazes. Though increased sex is often considered a sign of modernity, gratuitous displays of female nudity can sometimes be interpreted as sexist and anachronistic, in turn highlighting that progressiveness around sexuality in contemporary media is not a linear story. Also examined therefore, are remakes that reduce the sexual content to appear cutting-edge and cognizant of the demands of today's audiences.

Campus Sexual Assault Evan Gerstmann, 2019 Demonstrates how colleges routinely deny students fair hearings in sexual assault cases and define sexual assault in an unconstitutionally broad manner.

Modern Ego Psychology and Human Sexual Experience Eric R. Marcus, 2022-10-21 This text examines human sexuality through psychoanalytic theory and modern ego psychology, which looks at emotional meaning and its organization

in symbolic representations of affect as organized by the ego. It starts with an exploration of how symbolic representations are applied to the sensory experience of the body in human sexuality, both in reality and in fantasy. Next, the author delves into the phenomenon of romance as an important self-state in human growth and development. The book concludes with an examination of fetishes and fetish enactments, followed by a discussion of relevant treatments. With its original and fulsome insights into the workings of human sexuality, this book will prove vital for psychoanalysts and psychotherapists in training and in practice, as well as all those seeking to understand human sexual experiences in greater depth. Unable to resist Ana's quiet beauty, wit, and independent spirit, Grey admits he wants her, too—but on his own terms. Shocked yet thrilled by Grey's singular erotic tastes, Ana hesitates. For all the trappings of success—his multinational businesses, his vast wealth, his loving family—Grey is a man tormented by demons and consumed by the need to control. When the couple embarks on a daring, passionately physical affair, Ana discovers Christian Grey's secrets and explores her own dark desires. This book is intended for mature audiences.

Child and Youth Agency in Science Fiction Ingrid E. Castro, Jessica Clark, 2019-10-15 Child and Youth Agency in Science Fiction: Travel, Technology, Time intersects considerations about children's and youth's agency with the popular culture genre of science fiction. As scholars in childhood studies and beyond seek to expand understandings of agency in children's lives, this collection places science fiction at the heart of this endeavor. Retellings of the past, narratives of the present, and new landscapes of the future, each explored in science fiction, allow for creative reimaginings of the capabilities, movements, and agency of youth. Core themes of generation, embodiment, family, identity, belonging, gender, and friendship traverse across the chapters and inform the contributors' readings of various film, literature, television, and virtual media sources. Here, children and youth are heterogeneous, and agency as a central analytical concept is interrogated through interdisciplinary, intersectional, intergenerational, and posthuman analyses. The contributors argue that there is vast power in science fiction representations of children's agency to challenge accepted notions of neoliberal agency, enhance understandings of agency in childhood studies, and further contextualize agency in the lives, voices, and cultures of youth.
