David Bowie and the Moving Image Katherine Reed, 2022-12-15 The central image of David Bowie's "Life on Mars?" could have been ripped from his own experience: a child sits "hooked to the silver screen," reliving fantastical scenes played out on film. Throughout his life, Bowie was similarly transfixed by the power of film. From his first film role in *The Image* to his final music video before his death, "Lazarus," Bowie's musical output has long been intrinsically linked to images. Analyzing Bowie's music videos, planned film projects, acting roles, and depictions in film, *David Bowie and the Moving Image* provides a comprehensive view of Bowie's work with film and informs our understanding of all areas of his work, from music to fashion to visual art. It enters the debate about Bowie's artistic legacy by addressing Bowie as musician, actor, and auteur.

The ^AOxford Handbook of Music and Advertising James Deaville, Siu-Lan Tan, Ron Rodman, 2021-02-01 This Handbook explains how music contributes to the advertising that the public encounters on a daily basis. Chapters examine how the soundtracks of promotional messages originate, how we might interpret the meanings behind the music, and how commercial messages influence us through music.

The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English-language information and the fact that Spanish-language information was difficult to find and often out of date. This comprehensive filmography helps fill the need. Arranged by year of release and then by title, the filmography contains entries that include basic information (film and translated title, production company, genre, director, cast), a plot summary, and additional information about the film. Inclusion criteria: a film must be a Mexican production or co-production, feature length (one hour or more, silent films excepted), fictional (documentaries and compilation films are not included unless the topic relates to Mexican cinema; some docudramas and films with recreated or staged scenes are included), and theatrically released or intended for theatrical release.
