At school, Kenny experiences bullying from his classmates, only saved by his brother—the biggest bully of all—who picks on Kenny at home. The two look after their younger sister as she starts to learn right from wrong in Sunday school. As Kenny’s brother’s behavior starts to get out-of-control, their mom and dad decide to send him down to Birmingham, Alabama to live with his grandmother over the summer. Hoping she’ll straighten him out, the family sets off in their “Brown Bomber” on the long drive down south. When they arrive, they experience fear, violence and racism that culminates in a tragedy that shakes them to their core. From this experience, Kenny must overcome his insecurities and deal with real world issues at a very young age.

Process Drama and Multiple Literacies Jenifer Jasinski Schneider,Thomas P. Crumpler,Theresa Rogers,2006 These

profoundly courageous teachers and researchers will be an inspiration to others . . . They work to offer opportunities for their students to grow as competent and complete individuals accepting responsibility for the society in which they live. - Cecily O'Neill Students are often asked to imagine themselves into the shoes of another person - an historical figure, a literary character, a contemporary political or social figure - then to consider life from that person's perspective. But what if they could really step into that person's life? Experience different conditions? Make decisions based on someone else's biases, knowledge, and intuition? With process drama they can, and Process Drama and Multiple Literacies will show you how. Process Drama and Multiple Literacies takes you inside nine classrooms where process drama successfully taps students' multiple literacies, integrates content from across the curricular areas, and develops students' social and critical awareness. These classrooms span a wide range of ages, and their stories will show you how this technique allows students to view the world from multiple perspectives by involving them in situations where they must make informed decisions. And far from simple classroom plays, process dramas are conceived and enacted by students in response to the issues and questions raised by content in the curriculum and by the world. Backed by research, filled with smart ideas for introducing process drama into your teaching, and illustrative of a variety of classrooms and process-drama projects, Process Drama and Multiple Literacies will help your students see the world through different eyes.
